MIRACOSTA COMMUNITY COLLEGE DISTRICT
RESOLUTION NO. 4-18/19

WHEREAS, the Board of Trustees of the MiraCosta Community College District ("district") have been requested to make a finding and approve as an exception pursuant to Public Contract Code Section 3400 (c) (2) 25 certain materials, products, services, and/or systems as further identified hereinbelow for Measure MM projects;

WHEREAS, Public Contract Code section 3400 provides, in pertinent part, that:
"(a) The Legislature finds and declares that it is the intent of this section to encourage contractors and manufacturers to develop and implement new and ingenious materials, products, and services that function as well, in all essential respects, as materials, products, and services that are required by a contract, but at a lower cost to taxpayers.

(b) No agency of the state, nor any political subdivision, municipal corporation, or district, nor any public officer or person charged with the letting of contracts for the construction, alteration, or repair of public works, shall draft or cause to be drafted specifications for bids, in connection with the construction, alteration, or repair of public works, (1) in a manner that limits the bidding, directly or indirectly, to any one specific concern, or (2) calling for a designated material, product, thing, or service by specific brand or trade name unless the specification is followed by the words "or equal" so that bidders may furnish any equal material, product, thing, or service. In applying this section, the specifying agency shall, if aware of an equal product manufactured in this state, name that product in the specification. Specifications shall provide a period of time prior to or after, or prior to and after, the award of the contract for submission of data substantiating a request for a substitution of "an equal" item. If no time period is specified, data may be submitted any time within 35 days after the award of the contract.

(c) Subdivision (b) is not applicable if the awarding authority, or its designee, makes a finding that is described in the invitation for bids or request for proposals that a particular material, product, thing, or service is designated by specific brand or trade name for any of the following purposes:

.....

(2) In order to match other products in use on a particular public improvement either completed or in the course of completion." (emphasis added);

WHEREAS, District staff and the Program Management Office have evaluated 25 potential exceptions as permitted by the above referenced statute as described in Exhibits A-1 through A-25 thereto ("Staff and PMO Reports and Recommendations") submitted to the board with this Resolution;

WHEREAS, Steinberg Hart (architects) have reviewed Exhibits A-1 through A-25 thereto and have submitted to the board with this Resolution their 25 Letters/Memorandums (Exhibits B-1 through B-25) concurring in the findings and recommendations made by District Staff and the Program Management Office;

WHEREAS, outside legal counsel for the District, John P. Dacey, Esq., Bergman Dacey Goldsmith, PLC, has reviewed and evaluated the 25 proposed items, Exhibits A-1 through A-25, and Exhibits B-1 through B-25, and measured the contents thereof against the requirements of the applicable statute for the suggested exceptions and has determined that all 25 proposed exceptions meet the requirements on the aforesaid statute as set forth in the legal memorandum submitted with this Resolution.

WHEREAS, the 25 proposed items, and corresponding exceptions, are identified as:

WHEREAS, applicable law requires the board to make certain findings under Public Contract Code section 3400 to use the exceptions found therein;

NOW THEREFORE BE IT RESOLVED THAT:

1. The board has considered: (i) each of the 25 proposed items separately; (ii) the factual findings and recommendations of district staff and the Program Management Office regarding the 25 proposed items identified above as set forth in Exhibits A-1 through A-25; (iii) the statements and recommendations of Steinberg Hart (architects) as set forth in Exhibits B-1 through B-25; and (iv) the legal memorandum of outside legal counsel, and hereby adopts the findings and conclusions in all of the foregoing as the board's own findings and conclusions;

2. The board accepts and approves the recommendations submitted by district staff, the Program Management Office; Steinberg Hart (Architects); and outside legal counsel;

3. The board finds and approves, as an exception pursuant to Public Contract Code Section 3400 (c)(2) as stated above, each of the 25 items identified herein above and its/their subsequent and/or replacement: model, part number, or system from the specified manufacturer, for use in the district's Measure MM projects; and

4. The board directs district staff and the Program Management Office to include this resolution in all future procurement notices inviting bids and/or requests for proposals that will involve said materials, products, services, and/or systems for district Measure MM projects.

5. DATED, SIGNED AND APPROVED this 18th day of October 2018.
