ART 223

Woodworking and Furniture Design I

Add to favorite courses

Course Information

This course teaches woodworking skills and covers the nature of hardwoods and softwoods, the mechanics of shaping/joining, and the proper and safe use of hand and power tools. It examines both traditional and contemporary work and emphasizes the creation of individual, unique designs. Students are required to pay a materials fee. NOTE: In times of unusual/extreme circumstances, instructional format, processes (construction and finishing techniques such as use of tools), assignments, and materials may be altered to accommodate a home studio or alternative modalities. (Materials Fee: $25)

NURS 180

Fundamentals of Nursing

Add to favorite courses

Course Information

This entry-level nursing course introduces students to the core concepts, principles, and clinical skills common to all areas and levels of the nursing practice. It provides the platform upon which all subsequent nursing courses build. Its integration of clinical experiences may include acute, long-term, and perioperative/ambulatory care settings as well as college laboratory simulations. (Materials Fee: $697.00)

Enrollment Limitation: Admission to RN
