XI. Adjournment

On September 13, 2022, California Governor Gavin Newsom signed California Assembly Bill 2449 (AB 2449) into law. This bill changes remote attendance rules under Ralph M. Brown Act's opening meeting laws. With an effective date of January 1, 2023, AB 2449 imposes four periods of differing rules on remote access to, and member attendance of, local agency public meetings under the Ralph M. Brown Act (Brown Act). Further, a state of emergency is no longer in effect and so governing bodies will now meet in person with the possibility of approved remote attendance. The public may observe the meeting remotely or in person and offer public comment. A link for remote viewing or calling in is noted on the agenda. Therefore, Academic Senate (AS) meetings will be held in person with a Zoom link available. If you wish to attend the meeting and you have another disability requiring special accommodation, please notify the Academic Senate Administrative Assistant at 760-795-6873. The California Relay Service (CRS) is available by dialing 711, or 800-855-7100 for English or 800-855-7200 for Spanish.

In compliance with Government Code section §54957.5, nonexempt writings that are distributed to a majority or all of the MiraCosta Community College District Academic Senate in advance of their meetings may be viewed at the Office of the Academic Senate President, One Barnard Drive, Oceanside, California, or by clicking on the Academic Senate's website at <https://www.miracosta.edu/governance/academic-senate/index.html>. Such writings will also be available at the Senate meeting. In addition, if you would like a copy of any record related to an item on the agenda, please contact Debby Adler, Administrative Assistant to the Academic Senate President, at 760.795.6873 or by email at dadler@miracosta.edu

Audio recordings of AS meetings may be available and requested for up to 30 days. Please contact the MiraCosta College AS President's Office 760-757-2121 x6213 or email Debby Adler, Administrative Assistant to the Academic Senate at dadler@miracosta.edu.

VII. Reports

A. Academic Senate President

Academic Senate President, Leila Safaralian, wished everyone a happy new year and welcomed all to the spring 2024 semester. Aaron Roberts and Debby Adler were thanked for a successful spring Flex week and to all who offered and attended flex activities. Further thanks to the planning team of Carl Banks, Aaron Roberts, Lori Schneider, and Debby Adler for a successful Cultivating Human Connections event focusing on Seasons of Change. New associate faculty who are starting this spring were also welcomed and advised to connect with Jim Sullivan and Nadia Kahn for assistance as classes begin. Welcome to new and returning tutors to the STEM and Writing Centers. Amazing news was shared that

MCC's Ethnic Studies Program won the state's 2023-24 Exemplary Program Award. Thanks to Dr. Olivia Quintanilla for leading the program and the department towards statewide acknowledgement for the best Ethnic Studies program. Quintanilla will attend the ASCCC event to receive this award. The Scheduling Summit will occur on Thursday, 2/29 in the late morning/early afternoon on the Oceanside campus and a full day on the fifth Friday, 3/29 off campus. More information will come.

B. College Superintendent/President

Superintendent/President, Sunny Cooke, gave a one-hour webinar this morning for All College Day. The college received an official action letter from the Accrediting Agency giving MiraCosta college a full affirmation of seven years with no recommendations for improvement. The college further received a commendation for the collaborative work around our commitment to diversity, equity, and inclusion as it relates to our mission and improving student success and equity. An accommodation is a mark that the college is head and shoulders above any others in the accrediting region. She wants everyone to take pride in that work which is our commitment to our students and our community.

It was noted that there had been a lot of work being done on the Oceanside campus over the holidays. We commend our facilities folks who worked through the holiday season to take care of the work. Starting this month, PIO will put out a summary of what happened at the Board of Trustees meetings. There will be an appointment in Trustee Area 7 to replace Bill Fisher as he stepped down. February 8th is the deadline. The college has 60 days to fill his seat.

C. Classified Senate

CS Interim President, Carl Banks, thanked Theresa Bolaños and Scott Fallstrom for giving him the opportunity to help start the STEM Center. He offered his story of how he started working at MCC. He noted that the 2nd Annual Cultivating Human Connections event was amazing. He is looking for feedback to use for improving it again for next year.

He explained the upcoming changes to Classified Senate. Omar Jimenez will complete his probation in his new position and return to the role of Classified Senate President on March 1st. Banks will take over as CS Vice President since Ingrid Philips has stepped down from that role. He will continue to come to AS meetings as the CS representative.

At their CS scheduled summit meeting, they will look at all their bylaws and make sure everything makes sense and make changes as needed. CS meetings will be on Zoom from now on but and will have two in-person meetings throughout the year.

D. Associate Student Government – No report.

VIII. Information / Discussion

A. CPC Updates – Theresa Bolaños, Scott Fallstrom

Description: CPC chairs will present updates related to two action items: 1. Guests in Zoom and, 2. Timeline changes to CPC deadlines.

Fallstrom began by announcing that CPC meetings will be conducted in person and will not be using Zoom. The CPC Timeline and Modifications were shared and can be found in the attached documents. They highlighted that May 1st will be when the planning form is due to CPC and will receive the finished proposal by July 1st.

By February 1st or before, department chairs will receive a mandatory sunset list with critical information via email. Avoid deactivation by offering a class prior to two years of not offering it. The first draft of the Fall 2025 schedule is due to the department Dean on February 10th. The February 1st deadline will give a chance to integrate things into the fall. CPC has been working with IPRC and program review will be more related to curriculum.

It was noted that the student representatives at this meeting today discussed how when they are trying to take a class that is cancelled because of low enrollment what will happen to that required course? Pescarmona indicated that some of these classes that are requirements are offered at the same time and same day. The scheduling summit will help to figure that out. There are scheduling issues that contribute to the low enrollment. Scheduling and curriculum are intertwined and so is program review. New courses, programs, and modified degrees are due in CurriQunet on July 1st. It was advised that during program review, to actually look at your program and that curriculum creates your program. It was asked how faculty can be required to turn in the work on July 1st when they are not on contract? It was noted that department chairs are on contract in the summer and that further, faculty are already being asked to evaluate curriculum/courses and are asked to decide that by March 1st. Many faculty do write curriculum

during non-contract time. Department chairs are not the only ones to write the curriculum. From Pescarmona's perspective, faculty are writing curriculum all year long. This is about a brand-new course and so it wouldn't be written in a shortened timeline. There can be missed opportunities if you have to do this early. As the deadline is emphasized it is hoped that program review is also emphasized. We are about a week and a half away from department chairs receiving their first packet this spring.

B. Student Groups – *Mikahla Hutchinson, Jared Rodrigues, Bianca Rosales, Terrence Shaw*

Description: *The Academic Senate will continue to have thematic months this semester. For the month of January, we invite student leaders to speak to their academic goals, campus life, committee/club/community experiences, and needs.*

Jared Rodrigues introduced Bianca Rosales, ASG's President and Mikalah Hutchinson, ASG's VP at the CLC. Their full audio/video presentation can be viewed at this [LINK](#).

For a look at a summary of their discussion please see the document attached to these minutes.

After their presentation, AS senators offered thanks to the students for sharing. A further discussion about ZTC and book vouchers ensued. It was noted that EOPS gives \$350 to eligible students for books only and a \$50 gift card to the bookstore for things like pens, paper, etc. Money not used is given back to the program and used for grants for the students. It was also noted that students do not have to pay for scantrons and blue books. The college has funding to cover that cost for students. Further discussion proceeded concerning class scheduling issues and the lack of counseling appointments. It was further noted that there is no student club presence at the CLC and it would be great to have two or three clubs available for CLC students to create a sense of belonging.

mittell gave a homework assignment to ASG and asked if first, could ASG have a conversation and participate in the scheduling summit that MCC will be conducting? Second, is it possible to build into the college hour or have a student hour or a block of time where no classes are assigned but a co-curricular program was scheduled in order to open up opportunities for students?

IX. Senator Reports

Candy Owens reported that EOPS is still taking new applications and doing orientations. Send students to Surf to apply. If orientation does not fit their schedules, they will do one-on-one appointments. They do not need to be full-time students. There is no longer a deadline to apply.

Alexis Tucker-Sade asked if there were as many issues about scheduling rooms before covid as there are now. It was noted that there is still a rentership list, but we have run out of rooms. There is a proliferation of modality choices which has made it really challenging in terms of rooms and scheduling whether it is hybrid, or Hyflex, or on ground. When asked how to obtain a Hyflex classroom, it was noted that eventually, all classrooms will be Hyflex but the requests should go through your Dean who will go to the department chair. It was recommended that faculty look at district-wide surveys on the data dashboards and look at the student scheduling preferences survey which can be filtered by demographics, special populations, how many hours a week students work, by major, and more. Over 3,000 students responded and over 800 non-credit students.

Pescarmona spoke about the zero-based scheduling. She met with Tony Burman and Eric Robertson who were both frustrated about a GE area only offered on Tuesday/Thursday. What about the student taking classes Monday/Wednesday? How do they get that GE area at SAN? The idea of a zero-based schedule is how do we strategically say how would we build a schedule so that students who are STEM could take a full-time load with the budget that we have? What would that look like? They are pulling a lot of historical data and will give recommendations to chairs for their departments and will see the whole context of what is being offered at SAN. Scheduling at SAN is mostly Tuesday/Thursday and this is a conflict for students and it needs to be addressed. This will only be for SAN in the fall 2024.

Hossein Ravanbaksh announced that the data science alliance of San Diego has accepted to collaborate with the Data Science Club at the next panel on April 18th from 5-7pm.

X. Adjournment – The meeting adjourned at 3:01pm.

CPC Timeline Modifications Proposal

Courses and Programs Committee (CPC)

December 7, 2023

Goals: Balance workload across fall term for CPC, ensure new courses have met all 5 components from PCAH, increase planning from departments by requiring curriculum reflection in Annual or Comprehensive Program Review (APR and CPR), and provide a more complete view of program and course updates by combining all items (new, modified, deactivations) in a departmental “packet” for CPC. Timeline exceptions are allowed **only** in the case of external reasons for missing a deadline (CCCCO, Legislative, etc.).

New courses and programs will:

- require a new curriculum planning form (**due May 1**) showing that it meets the 5 requirements from the Chancellor’s Office.
- require conversations with deans and affected departments on campus prior to creation and submission in CurriQunet (or the appropriate Curriculum Management System - CMS).
- be submitted to the CMS **by July 1**.
- be reviewed by the Tech Review team over the summer.

Modified courses and programs will:

- be submitted by the second Monday of fall term if new courses/programs are initiated in the **discipline**, or by Sept 30 if no new courses/programs are being created.

Modified MCUL list will:

- be included in a package to department chairs on or before Feb 1.
- include courses that are at the 5-year mark (warning - recommend modification/update).
- include courses that are at the 6-year mark (must be updated or deactivated).
- not have exceptions - warning to chairs is the 5-year list.

Deactivated courses and programs will:

- be submitted by the second Monday of fall term if new courses/programs are initiated in the department, or by Sept 30 if no new courses/programs are being created.
- programs impacted by a course deactivation should be submitted at the same time as the deactivation. **NOTE:** *courses showing up on the sunset (deactivation warning) list may not be known to be deactivated by fall term and would be set to deactivate in spring term.*

Modifications To Sunset Process

As a two-year college, courses offered in our catalog should be offered at least once every 2 years. The new process will:

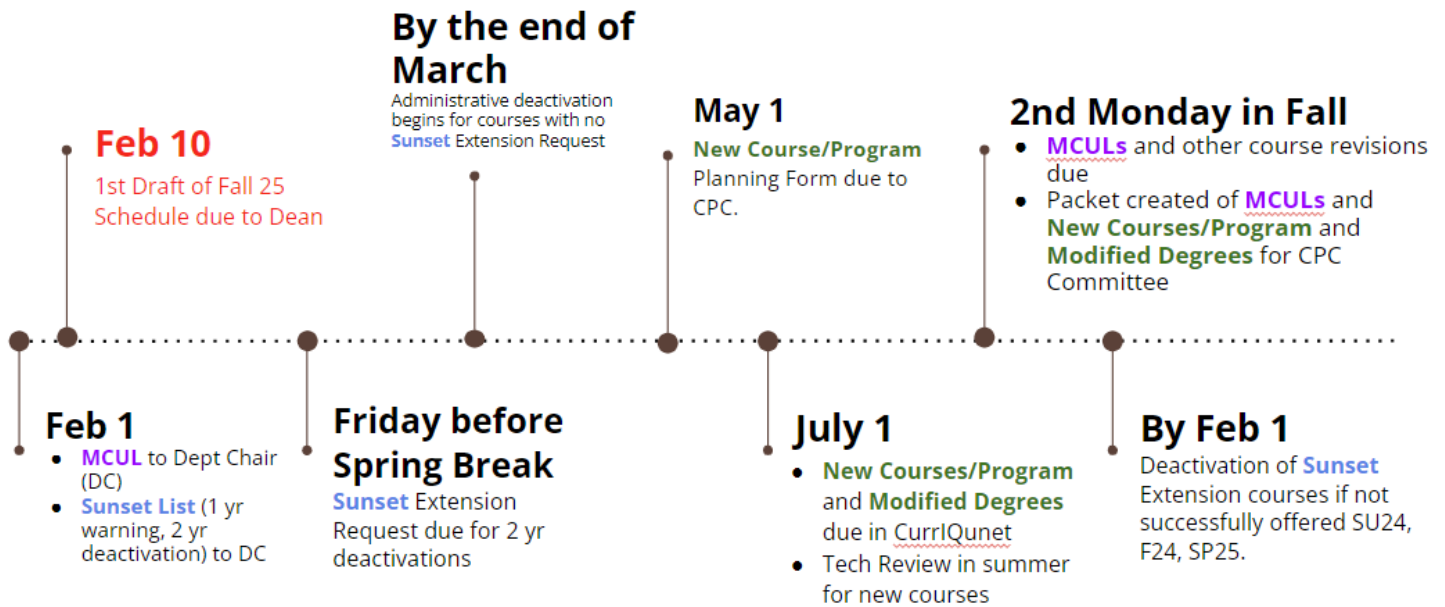

- provide faculty chairs with a full list of courses at 1 year = warning and 2 year = sunset
 - List provided on or before Feb 1 to allow chairs time to plan curriculum for the upcoming year.
- allow for a one-time 1-year extension; must be submitted by Friday of week 8, Spring term

Courses without a deadline extension are deactivated after spring break so they can be removed from the upcoming catalog (published online May 1). Deactivated courses come to CPC at the first April meeting.

Courses with a one-time exception must be successfully offered by Feb 1, allowing for any option over summer, fall, or a full-term course in spring.

- Those not successfully offered by Feb 1 in spring will be **administratively deactivated** and the deactivation will come to CPC by the end of February.
 - programs impacted by deactivated courses require modifications in the immediate year and...
 - should be added to the program review in spring.

Proposed Timeline - Spring 2024

If timeline changes are approved:

Work would begin for implementation in Spring 2024. Chairs would be informed of the changes and individual 1:1 meetings with the co-chairs and departments can be requested. A Flex meeting for CPC updates and curriculum packets for Feb 1 will be prepared.

ASG Academic Senate Presentation (1/19/24)

Executive Summary

Process

ASG undertook a two-step process to gather student viewpoints and concerns

- First, a focus-group discussion was held at the ASG Senate Meeting on December 8th.
 - All ASG Executives, Senators, and Students-at-large, as a major part of their duties, talk with constituents regularly to understand their fellow students' experiences and concerns. They do this in formal ways (during ASG activities or tabling for ASG at other events, responding to students who reach out to ASG with specific questions or concerns), and informal ways (talking with other students in their classes, observation, etc.).
 - ASG officers also bring their own lived experiences as students into their roles, which inform the goals and priorities of the ASG as well.
 - On December 8th, ASG officers engaged in a 40-minute focus-group discussion, to compile the experiences and concerns that had been brought to ASG members or discussed within ASG, throughout the academic year.
- The second part of the data collection was a brief survey sent out to students in various groups and communities. ASG worked with Academic Senate leadership and ASG advisors to prepare the questions. Unfortunately, this collection took place during the fall finals period and start of winter break, so response was low, with only 13 respondents. However ASG found it helpful to combine this qualitative feedback from students with the December 8th ASG focus-group discussion.

Results and Insights

Survey. What do students want their faculty, and this body, to know?

1. Students want their instructors to show knowledge of and support for extra-curricular involvement:
 - a. Students shared how their involvements help them persist and succeed in their academics, both in providing a sense of support and building interpersonal and leadership skills
 - b. Students want their faculty to help point them to valuable cocurricular opportunities, and be a vital part of how these organizations and opportunities are regularly communicated to students
2. Students want their instructors to take initiative to continuously educate themselves on issues of inclusion, equity, oppression, and social justice
3. Students value faculty who build community in the classroom
 - a. Create a comfort level with relationship-building activities (like icebreakers), as well as having students complete course work and problem solve together in the classroom.

4. Students value faculty who explicitly build skills beyond course content (e.g. leadership, public speaking, problem-solving)

Focus group discussion: What concerns have come to ASG in this year, that are related to Academic Senate's 10+1 responsibilities?

1. Instructional Materials- textbook costs and acquisition continue to be a significant burden on students, along with smaller obstacles like printing costs for instructors that require hard copy work to be submitted, as well as costs of acquiring things like scantrons and blue books for instructors who require them
 - a. Short term:
 - i. not all faculty list their books with the bookstore, which prevents students who receive book vouchers from EOPS from using being able to acquire those books with their voucher
 - ii. Are faculty provided any guidance regarding requiring hard copies or other materials that impose costs on students, like scantrons or blue books?
 - b. Long term: feedback to ASG shows support for the college continuing to move towards zero textbook cost college-wide
2. Scheduling Decisions: How is the student voice taken into account for scheduling decisions?
 - a. Students want to be able to take classes at the campus that is closest to them. How are students' needs and preferences incorporated into decisions about where courses are scheduled?
 - b. Some students work full time and can only attend class after 5pm, while others can only attend class while their children are in school or daycare (before 3pm). How are chairs attempting to schedule courses at times that work for the students who need them, especially in smaller departments where there are a small number of students majoring who will need specific courses to graduate on time?
 - c. Students have the same questions and concerns around online vs. in-person, with some students who need/prefer online, while others need/prefer in-person
3. Access to counseling appointments: this was identified as a significant hurdle for students during registration period in the fall. How can ASG, or students more broadly, help contribute to solutions?

Overall, the ASG is grateful to Academic Senate for their invitation and partnership in bringing the student voice to this important governance body. We hope this is not the end of these important conversations, but the beginning.
