Consistent with federal regulations applicable to federal financial-aid eligibility, the district shall assess and designate each of its programs as either a “credit hour” program or a “clock hour” program. At MiraCosta College, 54 total student learning hours is equivalent to 1 unit of credit, and the minimum unit increment is 0.5.

Title 5 provides specific hour-to-unit ratios for Cooperative Work Experience. The ratios are 75 hours of paid work experience for 1 unit of credit and 60 hours of non-paid work experience for 1 unit of credit.

The Code of Federal Regulations defines clock hour programs (34 CFR 668). Clock hour programs are required to use the formula for calculating units of credit that is contained within the code.

The superintendent/president will establish procedures that prescribe the definition of “credit hour” consistent with applicable Title 5 and federal regulations as they apply to community college districts.

The superintendent/president shall establish procedures to assure that curriculum at the district complies with the definition of “credit hour” or “clock hour,” where applicable.

The superintendent/president shall also establish a procedure for using a clock-to-credit hour conversion formula to determine whether a credit hour program is eligible for federal financial aid. The conversion formula is used to determine whether such a credit-hour program has an appropriate minimum number of clock hours of instruction for each credit hour it claims.
