Getting Started with Your dSLR

Set up your camera to optimize the quality of your photographs in the one-day workshop. We will cover important topics of white balance and ISO allowing you to shoot under difficult conditions. Additionally, you will learn about the little icons on your shooting dial. After you have completed this class, you'll be able to take pictures right away!

Fee: \$45

Supplies: A \$3 materials fee will be collected in class. Please bring your camera and manual to class.

Instructor: Terry Matsuoka

Location: Oceanside Campus, Room 3511

Time: 1 Wednesday, 9/12, 6:30–8:30 PM

Location: San Elijo Campus, Room 307

Time: 1 Tuesday, 10/2, 6:30–8:30 PM

From Good to Great Photos: Understanding Aperture and Shutter Speed

Even if you didn't realize it, this is probably why you bought your dSLR in the first place. Aperture and shutter speed can be daunting concepts to understand on your own. Once you master these aspects of photography, it's what is going to separate your pictures from the rest. We will also take a look at some of the pictures you took after your first session for constructive evaluation. After this class, you'll be able to practice depth-of-field and capture motion and time.

Fee: \$45

Supplies: A \$3 materials fee will be collected in class. Please bring your camera and manual to class.

Instructor: Terry Matsuoka

Location: Oceanside Campus, Room 3511

Time: 1 Wednesday, 9/19, 6:30–8:30 PM

Location: San Elijo Campus, Room 307

Time: 1 Tuesday, 10/9, 6:30–8:30 PM

Digital SLR Photography Series

Introductory digital SLR photography series can be taken as individual courses for \$45, or together for only \$99!

The photography topics are interrelated and affect one another, so we recommend you take all three (Getting Started with Your dSLR, Aperture and Shutter Speed and Making Shooting Perfect Pictures Easy) to get a complete understanding of the camera and picture taking.

Making Shooting Perfect Pictures Easy

The primary strategy for achieving great pictures is proper lighting, no matter what kind of camera you have. To make getting that perfect shot easy, we will cover lens focal length, exposure compensation, bracketing, auto-focus points and flash. You will be surprised at how advanced you become after this class.

Fee: \$45

Supplies: A \$3 materials fee will be collected in class. Please bring your camera and manual to class.

Instructor: Terry Matsuoka

Location: Oceanside Campus, Room 3511

Time: 1 Wednesday, 9/26, 6:30–8:30 PM

Location: San Elijo Campus, Room 307

MiraCosta College's Technology Career Institute is an equal opportunity employer (EOE). Auxiliary aids and services are available upon request to individuals with disabilities. This project received \$2,749,419.44 (45% of its total cost) from a grant awarded under the TAACCCT grant as implemented by the U.S. Department of Labor Employment and Training Administration.

HOW TO APPLY FOR WORK SKILLS CLASSES

The majority of our Work Skills classes (identified by a \diamond) require that students complete an online application in our Work Skills database, "Apricot." In order to start the enrollment process, please go to tinyurl.com/TCIinterest to fill out a Student Interest Form. Then, follow the steps below to complete an Application and Medical Form (Real Estate does not require Medical Form).

1. Sign on using your email and password at ctk.apricot.info
2. Click on Student Interest Form in the upper left
3. Click on your name (if it does not appear, click on "Browse All" to refresh the page)
4. Go to the right of Application and click on "Create New"
5. Choose (PROGRAM)
6. Don't forget to SAVE IT!
7. Go to "View Folder" and do the same for the Medical Form

Lastly, submit two forms of ID in person or via email to tci@miracosta.edu.

Note: For our longer Work Skills programs and/or outside funding sources, there may be additional forms and documents that are required.

Our programs under 50 hours will typically accept students ages 15 years or older. Please contact our office at 760.757.2121, x6346 prior to applying.

CERTIFICATE INFORMATION

For any program over 50 hours, students will have the opportunity to earn a certificate of accomplishment. If you are enrolled and successfully complete a program under 50 hours, we can issue a certificate for \$15.

REFUND POLICY

Refunds will be made up to five working days prior to your class start date. A \$25 cancellation fee will be retained for each refund. There are no refunds given once the class has begun, unless special permission has been granted by the program coordinator.

Advanced Manufacturing & Engineering

◊ AutoCAD for Manufacturing

Using Autodesk Inventor

This 15-hour introductory course introduces students to Autodesk Inventor, a 3D mechanical design software. This program allows students to move from 2D to 3D images. In this course, students will also learn how to transform their CAD drawing to a usable CAM image.

Fee: \$100 Admin Fee: \$50*

Location: Technology Career Institute

Time: 5 Tuesdays, 10/2–10/30, 6–9 PM

◊ Basic Electronics

An introductory, 54-hour course that teaches students the basics of electronic technology. Students experiment with direct current, series-parallel circuits and transistors/semiconductors. Additional topics include: study of Ohm’s law, Watt’s law, use of electronic components, basic soldering, oscilloscopes, digital volt meters, bread-boarding electronic circuits, basic computer troubleshooting and basic AC circuitry.

Reduced Fee: \$450

Location: Technology Career Institute

Time: 10 Mondays & Wednesdays, 10/8–12/17
6– 8:30 PM. *No class on 11/12.*

◊ Blueprint Reading with GD&T

In this hands-on class students learn to read and correctly interpret blueprints used in the manufacturing trades. They will get an opportunity to draw and edit simple blueprints through step-by-step development of multi-view drawings. In addition, students will learn the basics of geometric dimensioning and tolerancing (GD&T). This course is the perfect introduction to GD&T, symbols, applications and methods of inspection.

Fee: \$200 Admin Fee: \$75*

Location: Technology Career Institute

Time: 6 Mondays & Wednesdays, 10/1–11/7
6–8:30 PM. *No class on 11/12.*

“The instructor gave us an in-depth understanding of the material and explained it in a way that it was comprehensible.”

– Christopher Lugo, Student –

NEW ◊ Biomedical Equipment Technician Program (BMET)

Biomedical Equipment Technology plays a vital role in patient care through the inspection, maintenance and repair of medical devices. MiraCosta’s 486-hour BMET Program will train students to troubleshoot, repair monitor and maintain electronics-based biomedical instruments and equipment. The program was developed as a result of increasing demand for biomedical equipment technicians (BMETs) in the San Diego County region. Courses build on lecture topics through extensive hands-on application in the areas of:

- Fundamental electronics
- Human anatomy
- Advanced troubleshooting
- BMET career readiness

Fee: \$6,000 Admin fee \$350*

▶ **Attend our FREE information session (details on page 14).**

Location: Technology Career Institute

Time: Monday–Thursday, 2/4–6/27, 8 AM–2:30 PM. *No class on 2/18 & 5/27. 6 hours each day.*

◊ Computer Numerical Control (CNC) Operation

In this class, the first day will include safety, an introduction to terminology, and basic blueprint reading. The rest of the course consists of demonstrations and hands-on instruction. Learn how to interpret G&M codes and operate both a HAAS CNC mill and lathe. Students will also get exposure to CAD/CAM software.

Fee: \$2,100 Admin Fee: \$175*

Location: Technology Career Institute

Time: 14 Mondays & Wednesdays, 9/10–12/17
5–9 PM. *No class on 11/12.*

◊ CNC Programming —Introduction

Using MasterCam Mill

In this 30-hour introductory course, students learn how to design basic CNC programs for a three-axis CNC milling machine. Students will be instructed on G&M codes, Boolean logic and machine and control definitions. In addition, the class will cover basic aspects of post configuration, variable definitions, formatting, post lines, post text, modality and control definitions.

Fee: \$200 Admin Fee: \$75*

Location: Technology Career Institute

Time: 5 Tuesdays & Thursdays, 9/4–10/9, 6–9 PM
No class on 9/13.

◊ CNC Programming —Intermediate

Using MasterCam Mill

MasterCam is the most widely used CAM software in the industry and this intermediate, 30-hour course will provide students with trade-specific tips and tricks, whether they are in the production or the programming. This course also teaches additional topics for more intricate programs and designs. HAAS simulators will be used to test run the programs.

Fee: \$200 Admin Fee: \$75*

Location: Technology Career Institute

Time: 5 Tuesdays & Thursdays, 10/16–11/20
6–9 PM. *No class on 11/8.*

NEW PROGRAM COMING JANUARY 8 2019!

NEW ◊ Craft Brewing Technician Program | TUITION FREE

Gi Bill® funding approved

San Diego is arguably the best city on the planet for beer brewing with new micro-breweries popping up every month. MiraCosta's Craft Brewing Technician program is the fastest way into a lucrative career in this growing field. Students will learn about the history and nature of contemporary craft brewing, the techniques and technologies for maintaining small brewery operations and hands-on practice in equipment maintenance and repair.

Fee: \$4,000 Admin fee \$350*

▶ **Attend our FREE information session (details on page 14).**

Location: Landes Recreation Center, 2855 Cedar Road, Oceanside

Time: Tuesday–Thursday, 1/8–4/16, 3–9:30 PM & 7 Saturdays,
1/12, 1/26, 2/9, 2/23, 3/9, 3/23 & 4/6, 9 AM–3:30 PM
325 hours, 15 weeks

*Tuition is FREE through the DOL funded America's Promise Grant.

Note: The listed administrative fees will be collected upon registration.

◊ **Digital Precision Measuring**

Using a Portable CMM

An introduction to metrology using a portable CMM and Verisurf CAD software. Students will learn the basics of inspection, measurement, analysis and reverse engineering. This course is for individuals working within the advanced manufacturing environment.

Fee: \$200 Admin Fee: \$75*

Location: Technology Career Institute

Time: 5 Mondays & Wednesdays, 11/19-12/19 6-9 PM

◊ **Electronic Assembly**

Learn the necessary training to become an electronic assembler at an advanced manufacturing company:

- Soldering through-hole and surface mount single-lead/multi-lead components
- Soldering multi-pin IC chips
- Measuring and cutting wire
- Trimming insulation, crimping, connectorizing, molding and insulating connector ends
- Wrapping, bundling, shielding, insulating and security cable harnesses
- Mounting modules, components, connectors, cables and harnesses into chassis

Students will work toward IPC certification. In addition, students will learn the role of production in the manufacturing system and how certain skill sets such as reading and analyzing acceptance criteria, testing, documentation and soldering are integral to the job.

Fee: \$1,800 Admin Fee: \$220*

Location: Technology Career Institute

Time: 10 Sundays, 9/23-12/2, 8:30 AM-5 PM
No class on 11/11.

◊ **Introduction to Electromechanics**

Electromechanical technicians combine knowledge of mechanical technology with knowledge of electrical and electronic circuits. They install, troubleshoot, repair and upgrade electronic and computer-controlled mechanical systems. In this 60-hour course, students will learn about mechanical systems: solder small electrical boards build, program and operate a 3D printer, troubleshoot a copier and more.

Reduced Fee: \$500

Location: Technology Career Institute

Time: 10 Tuesdays & Thursdays, 10/2-12/11, 6-9 PM
No class on 11/22.

◊ **Engineering Technician Program**

Whether you want to work in electronics, aerospace, biotechnology or breweries, this program can provide you with the necessary training.

Engineering technology integrates theory and application in mechanical, electrical and electronic systems, fluid power, automation, robotics, and computer software. Our 600-hour program is 75% hands-on, gets students in front of industry leaders and trains students in the areas that companies have requested. Students will receive:

- OSHA certification
- National Career Readiness certification
- 2 days of job shadow experience
- Industry tours and guest speakers
- Career Readiness Bootcamp

Students will experience an accelerated program designed to prepare them with the skill sets to qualify for immediate entry into positions with local industry. Or, if a student has a college degree in this subject area or is interested in pursuing one in the future, this is the perfect supplement to enhance their current or future education.

Fee: \$6,750: GI Bill® and WIOA funding approved. Tuition is FREE through the DOL funded America's Promise Grant. **Note: A \$350* charge to cover administrative fees will be collected upon registration.**

► **Attend our FREE information session (details on page 14).**

Location: Technology Career Institute

Time: Monday-Friday, 1/7-4/25, 8 AM-4:30 PM
No class on 1/21, 2/15 & 2/18.

◊ Introduction to the Internet of Things (IoT)

IoT refers to the connection of devices to the Internet. Cars, kitchen appliances and heart monitors are all examples of current consumer products connected through the IoT. According to *Business Insider*, there will be more than 24 billion IoT devices by 2020. That’s approximately four devices for every person on the planet. About \$6 billion is anticipated to flow into IoT solutions. In this 15-hour introductory course, students will be exposed to four elements of industrial Internet of Things:

- Physical monitoring hardware
- Device programming
- Internet communication via ISP
- Creating data displays

Fee: \$100 Admin Fee: \$30*

Location: Technology Career Institute

Time: 5 Thursdays, 9/13–10/11, 6–9 PM

◊ Lean Manufacturing Essentials

Lean manufacturing is a systematic method for eliminating waste and this course provides hands-on, practical application of A3 problem solving, value stream mapping, kaizen group improvement, 5S organization, and standard work instructions that anyone can use in any business. Additional LEAN concepts you will learn: 8 wastes, 5 whys, error proofing, Takt time, balancing work and visual management.

Fee: \$150

Location: Technology Career Institute

Time: Saturday & Sunday, 10/20 & 10/21
9 AM–4 PM

◊ Machinist Technology Program

Want to work in the aerospace industry, make medical device parts and accessories or design a new golf club?

Gone are the days of the grease-covered, conventional machinist. Today’s machinist must be highly trained with specific skills, working in high-tech manufacturing plants that are clean and innovative. Our nation has a huge shortage of skilled workers. As 77% of skilled Baby Boomers leave the workforce, San Diego County will need to fill thousands of positions over the next 15 years.

To meet this need, we offer a fast-paced, high-level training program. Students will be able to complete this program in 21-weeks (487 hours), with training in shop math, metal properties, reading blueprints, precision measuring, tooling, G&M codes, and manual and CNC machining. In addition, students will receive:

- OSHA certification
- National Career Readiness certification
- Opportunities to attend local industry meetings
- 2 days of job shadow experience
- Industry tours and guest speakers
- Career Readiness Bootcamp
- Apprenticeship pipeline available

Fee: \$6,000. GI Bill® and WIOA funding approved. Tuition is FREE through the DOL funded America’s Promise Grant. **Note: A \$350* charge to cover administrative fees will be collected upon registration.**

► **Attend our FREE information session (details on page 14).**

Location: Technology Career Institute

Time: Monday–Thursday, 2/4–6/27, 8 AM–2:30 PM
No class on 2/18 & 5/27.

◆ **MATLAB I**

MATLAB is a scientific computing language and program platform widely used throughout industry. It is designed to simplify rapid development and prototyping of highly intensive applications. MATLAB is used in robotics, PLC design, electrical engineering, economics, financing, neural networks, video processing, image processing, data acquisition and more. You will learn to build your own functions based on processing audio signals and images. Finally, you will learn to use the various toolboxes available in the student version of the software.

Fee: \$250

Location: Technology Career Institute

Time: 5 Saturdays, 9/8–10/6, 12–5 PM.

◆ **OSHA-10**

Standard OSHA-10 safety course.

Fee: \$95

Location: Technology Career Institute

Time: Thursday, 9/6 & Friday, 9/7, 9 AM–4 PM

◆ **OSHA-30**

The 30-hour general industry outreach training course is a comprehensive safety training program designed for anyone involved in general industry. The course provides extensive information on OSHA compliance, safety and health hazards in the workplace, employer responsibilities, workers' rights, hazard recognition, avoidance, abatement and prevention. Successful completion of this course results in a Department of Labor 30-hour OSHA General Industry safety card that is federally recognized in all 50 states and never expires.

Fee: \$250

Location: Technology Career Institute

Time: Resumes in spring 2019

◆ **PLC Programming I**

Programmable Logic Controller (PLC) systems have evolved to become the central component to most automation systems today. Learn the basic skills to program, troubleshoot and configure PLC-based automation installations. Allen Bradley and Siemens are two commonly used systems within the manufacturing and engineering industries. Take one or both courses to gain a foundation in PLCs.

Note: A basic understanding of electrical circuitry is strongly recommended.

Fee: \$200 each

Location: Technology Career Institute

Class Options:

Siemens Software

Time: 4 Saturdays, 10/13–11/3, 12–5 PM

Allen Bradley Software

Time: 4 Saturdays, 11/17–12/15, 12–5 PM

No class on 11/24.

“The instructor for the class was outstanding on presenting the information clearly and concisely.”

◊ Introduction to Python-xy

Python is a powerful programming language used in many areas of industry such as:

- Computer vision
- Machine learning
- Robotics
- Web development
- Gaming

This course focuses on the basics of Python-xy programming with examples in computer networking and web applications. These basics are the starting point for other future classes, including embedded computing courses using Raspberry Pi and robotic programming using RoboSDK.

Fee: \$150

Location: Technology Career Institute

Time: 5 Fridays, 10/5–11/2, 5–9 PM

NEW ◊ ROV/Drone Operator Technician Program with FAA Licensing Test Prep

San Diego is a center for innovation and Remote Operated Vehicles are becoming the technology of choice for overwater, underwater, aerospace, retail delivery and agriculture industries. Our new 486-hour program will employ hands-on training using state-of-the-art technology. Upon course completion, students will be ready to take the FAA Unmanned Aircraft Systems (UAS) Drone Knowledge Test—the required exam needed to pass to get a Remote Pilot Certificate.

Course includes:

- Industrial safety
- Electrical and specialty wiring
- Programmable controllers
- Machine design
- PC base data acquisition and control
- Geographic Information Systems (GIS)
- Electrical and mechanical repair
- Introduction to submersible robotics
- Introduction to ROV/drone careers
- ROV piloting
- Introduction to drones (UAVs)
- Drone piloting
- FAA licensing requirements and regulations
- FAA exam prep

Fee: \$6,000 Admin fee \$350*

► Attend our **FREE** information session (details on page 14).

Location: Technology Career Institute

Time: Monday–Thursday, 2/4–6/27, 3–9:30 PM

No class on 2/18 & 5/27.

6 hours each day.

◊ Quality Assurance Basics for Manufacturing

Manufacturing companies are thriving in San Diego County. That means thousands of products must be inspected to ensure that quality meets or exceeds customer expectations. Whether it's a screw that goes into your body or a solar array on a satellite, it's critical that the part is made or assembled correctly. This 15-hour workshop provides students with an overview of quality assurance concepts within the manufacturing industry. Course topics include:

- Day-to-day job functions
- Inspection and testing topics
- Material certificates, MIL standards and verification
- AS9100 overview
- Auditing overview
- Manufacturing processes
- Documentation

Fee: \$100 Admin Fee: \$30*

Location: Technology Career Institute

Time: Resumes in spring 2019

*Tuition is FREE through the DOL funded America's Promise Grant.

Note: The listed administrative fees will be collected upon registration.

♦Welding I Program

Designed to train students to qualify for an American Welding Society (AWS) code, the course will explore basic welding processes and procedures, safety, interpretations of blueprints/shop drawings, metallurgy, fabrication tools, welding qualifications and procedure qualification. In addition, students will receive a significant amount of hands-on training in:

- Shielded Metal Arc Welding (SMAW)
- Gas Metal Arc Welding (GMAW)
- Flux Core Arc Welding (FCAW)

Fee: \$2,750. GI Bill® funding approved. Tuition is FREE through the DOL funded America’s Promise Grant. **Note: A \$200* charge to cover administrative fees will be collected upon registration.**

Supplies: A \$200 materials fee will be collected.

Location: Landes Recreation Center, 2855 Cedar Road, Oceanside

Time Options:

11 Tuesdays, Wednesdays & Thursdays, 10/2–12/18, 5–9 PM
 No class on 11/22.

19 Saturdays, Resumes in spring 2019

*Tuition is FREE through the DOL funded America’s Promise Grant.

Note: The listed administrative fees will be collected upon registration.

♦Welding and Metal Fabrication

Interested in welding and other authentic manufacturing processes? If so, this class is a great introduction or opportunity to practice existing skills. Topics include:

- Oxy-acetylene welding, cutting, brazing and soldering
- SMAW: electrodes and positions
- GMAW: hardwire, short and spray arc, gas coverage
- FCAW: inner and dual shield
- GTAW: aluminum, magnesium, stainless steel, carbon steel, brass and gas coverage
- Plasma arc cutting

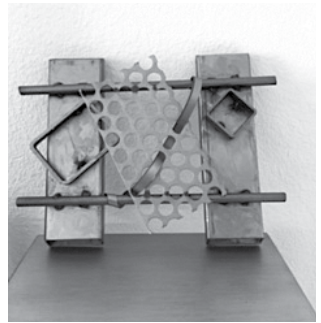

Students will also learn fabrication math, specialty certifications, fabrication skills, job steps from start to finish, tacking, squaring and order of welding and basic critical thinking.

Fee: \$375

Supplies: A \$200 materials fee will be collected.

Location: Landes Recreation Center, 2855 Cedar Road, Oceanside

Time: 15 Mondays, 9/10–12/17, 5–9 PM

“I came into the course wanting to learn how to weld and I feel like I got the hang of it and now can consider myself a competent welder.”

– Nelson K. Student–

NEW ♦ Child Visitation Monitor

Are you looking for a career opportunity in which you can work within the community, gain valuable experience and make a difference in the lives of children and families? Consider becoming a Professional Child Visitation Monitor; a position that is always in demand. Average pay for monitors is \$30–\$60 per hour depending on the case.

Sometimes, based on issues of protection and safety, a judge will order that a child only have contact with a parent when a neutral third person is present during the visit. The monitor's responsibility is to ensure the safety and well-being of the children involved. This comprehensive course satisfies the state's 24-hour training requirement. You will learn California policies and procedures, as well as your role as a monitor. Upon completion, you will also receive a certificate of accomplishment and forms necessary to register with San Diego County Court.

Note: Must be at least 21 years old and have a clean record. Participants will eventually get fingerprinted upon registering name with the superior court. This comprehensive course satisfies the state's 24-hour training requirement.

Fee: \$295

► Attend our **FREE information session: 9/12 at 5:30 PM**
Oceanside Campus Room 3510

Supplies: A \$55 materials fee will be collected in class for training manual. Bring sack lunch or snacks.

Instructor: Jazmin Mundo

Location: Oceanside Campus, Room 3103

Time: 4 Saturdays, 10/27–12/1, 8:30 AM–3:30 PM

No class on 11/10 & 11/24.

♦ Phlebotomy Technician Program

MiraCosta College Community Education & Workforce Development, in partnership with PhlebotomyU, is proud to offer this excellent opportunity for those seeking to enter the medical field as a CPT1 phlebotomy technician.

Students are required to complete:

- A minimum of 20-hours in basic phlebotomy
- A minimum of 20-hours in advanced phlebotomy
- A minimum of 40-hours in a laboratory course in applied phlebotomy
- 40-120 hours of clinical externship in a healthcare setting
- Career readiness class on 11/7

Students who pass the course will also be eligible to take the certification examination offered by the National Center for Competency Testing (NCCT) in class at the conclusion of the course. Upon successful completion of the course, participants will be issued a state-approved training certificate.

Note: A \$100 California CPT 1 License Application fee, BLS Certification and all immunization are not included in the tuition fee and must be paid by the student. High school diploma or GED required.

Fee: \$2,750. GI Bill® and WIOA funding approved.

Additional Fees: A \$90 National Examination Fee and a \$100 Background Check and Drug Screen Fee will be collected at the time of registration with the tuition fee.

► Attend our **FREE information session: 8/9 at 5:30 PM (details on page 15).**

Location: Technology Career Institute, 2075 Las Palmas Drive, Carlsbad

Time: Mondays, Wednesdays and Fridays, 9/10–11/14, 5:30–8:30 PM. *No class on 11/12.*

Externship: Clinical externships will be provided and supervised by our phlebotomy program staff.

NEW Real Estate License Program

An accelerated 4-month program that includes licensing exam preparation. The Real Estate License Program provides the perfect training for those students planning to enter the real estate profession, as well as opportunities for those currently working in real estate and related areas to increase knowledge in this field. MiraCosta’s Real Estate Program has moved to Community Education & Workforce Development and will no longer offer college credit. However, the duration of the course has been shortened to 4 months/150-hours and includes testing preparation and the opportunity to take the real estate exam at the end of class.

Course Includes: Real Estate Principles, Real Estate Practice, Legal Aspects of Real Estate, Mastering Real Estate Math and Exam Preparation.

CERTIFICATIONS: If students attend all classes, complete the necessary coursework and pass the required tests, students will receive: a MiraCosta College Certificate of Accomplishment.

Licensing to become a real estate salesperson is conducted by the California Department of Consumer Affairs Bureau of Real Estate (BRE). To obtain a California Real Estate Salesperson license, candidates must first qualify for and pass a written examination. For information about state licensing, go to: bre.ca.gov.

Fee: \$350 per course, or save and sign up for all three courses for \$900

◆ Scuba Diving Instructor Program

Gi Bill® funding approved

MiraCosta College Community Education & Workforce Development now offers a rigorous GI Bill® funded Professional Scuba Diving Instructor Program. We have created a 489-hour course that prepares students for Professional Association of Diving Instructor (PADI) membership and certification.

The program includes the following courses:

- Open water
- Advanced open water
- Emergency first response
- Rescue diver
- Dive master
- Assistant instructor
- Emergency first response instructor
- Cylinder inspector and technician
- HAS instructor
- Open water SCUBA instructor and MSDT prep

Fee: \$14,515 (includes all coursework, boat dives, materials and scuba gear)

Additional fees for PADI application, membership and certification will be required. These fees are the responsibility of the student and are to be paid directly to PADI or the certifying agency.

Start Dates: Ongoing

Location: Various diving locations

This program is self-paced. To receive certificates, students must complete all classes and dives.

For VA funding, payments and enrollment questions, call MiraCosta College Community Education & Workforce Development at TCI: 760.795.6820.

◇ Veterinary Assistant Program

Become a veterinary assistant in just a few months! This 60-hour program will provide students with an overview and entry-level training. Learn basic animal care principles and techniques, safety procedures and state/federal guidelines.

Topics include:

Beginning Upholstery

Learn the craft of upholstery! This class will teach you the basic fundamentals and techniques. Bring your own projects to class to work on. This class will take you through fabrics, planning, terminology, as well as using hand tools for upholstery. This is an interesting and informative hands-on class, suitable for those who are entering the field, as well as the DIYer.

Wing, side and dining chairs, stools, benches, ottomans, cushions and upholstered accessories are recommended as first-time projects in this class. Those of you entering the field will begin to prepare your professional portfolio. Together, we will plan your procedure and materials list needed to learn the art of upholstery. Topics include:

- Tools, terms and supplies
- Overview of sewing machines
- Measuring and estimating
- Pattern layout (charting)
- Selecting fabrics

Demonstrations may have handouts. Please bring binder and paper for notes.

Note: Upholstery of sofas and large items are reserved for advanced students (no recliners). Resources for your supplies will be given.

Fee: \$165. Early Bird Special \$150 (Register BEFORE 8/29 for this rate)

Become a Notary Public the Smart Way—In One Day!

Making more money is always a great idea and shows your amazing initiative! Establish yourself as a notary public, earn additional income and provide a service to your community. Notary skills are valuable in almost any industry: real estate, legal, medical and banking to name just a few. This six-hour state-approved seminar gives you the knowledge to pass the notary exam and practice as an effective notary. The class will focus on new legislation, passing the test (must be taken every four years), how to identify document signers, keeping a journal, complete certificates properly and how to avoid lawsuits. After becoming a notary, train to become a loan signing agent and make \$200 to \$400 per signing. You will be a part of a rewarding and lasting career. Must be at least 18 years old and have a clean criminal record.

Note: You are automatically registered for the official state exam directly following the seminar. See box to the right regarding the notary test. Due to state regulations, no one will be admitted to the classroom after 8:30 AM. In addition, you must be on time when returning to the classroom from all breaks. Refunds will not be issued.

Fee: \$99

Supplies: A \$35 materials fee will be collected in class.

Instructor: Notary Public Seminars, Inc.

Location: Oceanside Campus, Room 3102

Time: 1 Saturday, 11/3, 8 AM–6 PM

Renewing Notaries

Need to renew your notary commission?

We'll feature the new state laws and give you a brush-up on general law to make sure you haven't fallen into any bad habits. Your commission must be current to be eligible for the three-hour seminar. Renewing notaries must take the exam and submit Live Scan fingerprints again. A six-hour approved course must be taken first.

Note: You are automatically registered for the official state exam directly following the seminar. See box to the right regarding the notary test.

Fee: \$50

Supplies: A \$35 materials fee will be collected in class.

Location: Oceanside Campus, Room 3102

Time: 1 Saturday, 11/3, 12:45–6 PM

Notary Testing

Need only the notary exam? Preregister with MiraCosta College Community Education or pay at the door. A six-hour approved course must be completed before you are eligible to take the notary exam (see information below regarding the notary test).

Fee: \$25

Location: Oceanside Campus, Room 3102

Time: 1 Saturday, 11/3, 3:45–6 PM

For regular notaries, renewing notaries, and those taking just the test, Cooperative Personnel Service will register you for the exam from 3:45–4:45 PM. The exam will be from 4:45–5:45 PM. If you are taking the exam, you will need to bring the following with you:

\$40 check made payable to "Secretary of State," current CA driver's license with photo or state-issued ID card, a 2"x2" color photo of yourself, and two #2 pencils. **If you took your notary class online, you MUST have your certificate of completion with you.** Live Scan fingerprints are required after you pass the exam. Serious convictions may disqualify applicants.

Become a Certified Loan-Signing Agent

Use your new skills as a notary public to earn more money. We'll teach you how to notarize loan documents and give you a simple strategy to launch your new business. Loan signing agencies are hiring and some do require a certificate to land the job. Our expert instructors are in the business, and will teach you how to negotiate your fee, get called back and brand yourself as a professional in the market. Topics include:

- Notarize a loan package from any bank successfully every time
- What not to discuss with your clients
- How to develop your own business in five easy steps
- How to connect with busy signing agencies

Prerequisite: Must be a notary public or have taken a notary class.

Fee: \$99

Supplies: A \$40 materials fee and a \$20 certificate fee will be collected in class.

Instructor: Notary Public Seminars, Inc.

Location: Oceanside Campus, Room 3102

Time: 1 Saturday, 11/17, 10 AM–4 PM

NEW Beautiful Autumn Colors: Huntington Library and Gardens

Saturday, September 29, 2018

The fall season is a beautiful time to visit Huntington Gardens as the autumn leaf colors start to take effect. We will enjoy remarkable art and the magnificence of nature. The Huntington grounds encompass 207 acres in the San Gabriel Valley amid a diverse botanical collection of rare plants, shrubs and mature trees in an ever-changing riot of color. The Library contains rare books and manuscripts. Included in the collection is the Ellesmere manuscript of Chaucer's *The Canterbury Tales* (c.1410) and a Gutenberg Bible (c.1455). The Huntington art collections focus on European art from the 15th to the early 20th century and American art from the late 17th to the mid-20th century. We will have plenty of time to explore the gallery, experience the

serenity of the Chinese garden, iconic Japanese garden and the largest outdoor magnificent desert garden.

Fee: Book Early for \$79. For booking made after 9/6, fee will increase to \$90.

Guide: Staff

Activity Level: Easy

Note:

- Includes transportation and admission fee
- Wear very comfortable walking shoes and dress casually in layers of clothing or bring a jacket for cool weather
- Sunscreen and/or hat is recommended
- Audio tours for the galleries are available on the Huntington's free audio guide app
- Reservations with the Huntington is recommended if you would like to dine at the Rose Garden Tea Room

Depart: 8 AM. **Return:** approx 6:30 PM.

NEW Big Bear Oktoberfest for Adults

Sunday, October 28, 2018

Join us for a festive day of the best German celebrations this side of Munich. Explore the charming mountain community nestled high in the San Bernardino mountains. Oktoberfest began in southern Germany in 1810, and eventually came to Big Bear in 1969. It has become a tradition here and the Big Bear Lake Oktoberfest has grown to be one of the largest and most authentic on the West Coast. From log sawing to game booths and petting zoos, there's a wide variety of activities for people of all ages. Listen to live German music, partake in authentic German cuisine and savor the beer. We will delight in the beautiful fall colors and brisk temperatures. There will be lots of food and drink options available for purchase.

Fee: Book Early for \$89. For booking made after 10/4, fee will increase to \$110. Limited space.

Guide: Staff

Activity Level: Easy

Note:

- Includes transportation, a full German meal including dessert, a beer, wine or beverage of choice and entrance fee to the event
- Wear very comfortable walking shoes and dress casually in layers of clothing for cool to warm weather
- Sunscreen and/or hat is recommended

Depart: 8:45 AM. Return: approx 7:30 PM.

NEW Explore the Presidency and Holiday Lights at the Ronald Reagan Museum

Saturday, December 1, 2018

Our day begins at the Simi Valley town center where guests can enjoy a no-host lunch at one of the many restaurants available. After lunch, we will visit the Ronald Reagan Library where guests can admire the magnificent structure which overlooks the Pacific Ocean. Once inside, guests can view exhibits, such as the Oval Office replica and the six-ton piece of the Berlin Wall. At this time, the museum will be elaborately decorated with Christmas trees! We will spend 2-3 hours at the museum to give guests plenty of time to view all of the exciting exhibits and artifacts from our nation's 40th president while enjoying the special Christmas exhibits. Rediscover the values and legacy that thrives at the Ronald Reagan Library.

Fee: Book Early for \$89. For booking made after 11/16, fee will increase to \$105.

Guide: Staff

Activity Level: Easy

Note:

- Includes entrance fee to the Ronald Reagan Library
- Wear very comfortable walking shoes and dress casually in layers of clothing for cool to warm weather
- Cameras are great to bring along

Depart: 8 AM. Return: approx 7:30 PM.
