50 INDEX

Note from the Executive Director:

As you can see from the robust selection of Livestream, interactive and even in-person programs offered in this spring catalog, TCI are committed to your growth, enrichment and personal development. It is our sincere hope that you can take advantage of our many spring classes to uplift your spirit and/or upskill your resume. We will keep your safety and comfort foremost as we provide web-based, livestream, in-person and hybrid courses for your pleasure.

Sincerely,
Linda Kurokawa

MiraCosta College is accredited by the Accrediting Commission for Community and Junior Colleges, Western Association of Schools and Colleges, 10 Commercial Blvd., Suite 204, Novato, CA 94949, 415.506.0234, an institutional accrediting body recognized by the Council for Higher Education Accreditation and the U.S. Department of Education. Additional information about accreditation, including the filing of complaints against member institutions, can be found at: accjc.org. The college is also approved by the California Department of Education for the training of veterans under the provisions of the GI Bill® of Regulations.

Your learning options

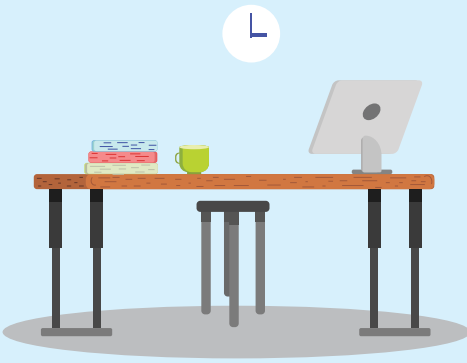

Live online

- Sessions meet online at specific days and times
- Interact live with instructor and classmates in a virtual environment
- Online assignments with due dates to be completed outside of class session
- Continue class experiences like lectures and small group work

Online

- All coursework done online
- No scheduled class meetings, allowing you to learn at your convenience
- Interact with instructor and classmates on our own time
- Learning activities and assignments must be submitted by due dates

Hybrid

- Part online without a set time to attend, part scheduled class time
- Scheduled class time will be face-to-face on campus
- Primarily for Lab Science, Physical Education and Occupational classes

Face-to-face

- Scheduled class time on campus
- Limited; primarily for performance classes
- Smaller class sizes to uphold social distancing

HOW TO REGISTER

- 1 Internet Registration**—Go to miracosta.augusoft.net to register online.
- 2 By Phone: 760.795.6820**—Please have your Visa, MasterCard or Discover card in hand and your registration information ready when you call.
- 3 In Person**—Community Education & Workforce Development Office, MiraCosta College Technology Career Institute, 2075 Las Palmas Drive, Carlsbad, CA 92011.
Hours: 9 AM–5 PM, Monday–Friday.
- 4 By Mail**—Complete the registration form on the next page using a separate form for each person (forms may be duplicated). Visa, MasterCard, Discover card or check (payable to MiraCosta College) can be used to pay registration fees. Mail checks and completed registration form(s) to: **Community Education & Workforce Development, MiraCosta College Technology Career Institute, 2075 Las Palmas Drive, Carlsbad, CA 92011.**

Remember to mark your calendar with class date, time and location. Please include your email address on your registration form to receive an email confirmation of your enrollment.

PARKING INFORMATION

Parking permits are required at the Oceanside, San Elijo and Community Learning Center (CLC) campuses of MiraCosta College Monday–Saturday. Students may park in any lot marked Student or spaces marked Student on all campuses. Please avoid any spaces or lots marked Staff. Parking permits may be purchased from the parking permit vending machines as follows:

- **Oceanside Campus:** Parking permits are not needed during Spring 2021 semester as long as students park in marked student parking lots only.
- **Community Learning Center:** Parking permits are not needed during Spring 2021 semester as long as students park in marked student parking lots only.
- **Technology Career Institute:** A parking permit is not required. Parking is free.

REFUND AND TRANSFER POLICY

Check refunds may take 4–6 weeks to process.

Class/Workshop Refund Policy: Refunds will be made up to three business days prior to the class start date. No refunds will be given once a class has started. A \$15 cancellation fee will be retained for each refund. A full refund will be given if a class is cancelled due to low enrollment. Unused attendance is not transferable to another class session.

Excursion Refund Policy: Refunds will be made up to five business days before the excursion only if the excursion is full and someone on the waiting list is available to take your place. There will be a \$25 cancellation fee if a replacement can be found.

Workforce Training Refund Policy: Refunds will be made up to five business days, depending on course, prior to the class start date. A \$25 cancellation fee for work skills programs will be retained for each refund. A full refund will be given if a class is cancelled due to low enrollment. Unused attendance is not transferable to another class session.

Class/Workshop Transfer Policy: Transfers will be approved up to three business days prior to the class start date. Students must receive a verbal approval from Community Education before a transfer can be made.

For more information, email us at: commservices@miracosta.edu

Drawing Animals Livestream

**Premier instruction now offered online
All experience levels are welcome,
especially the enthusiastic beginner!**

Let's draw animals—from decoratively filled silhouettes to realistic head studies and expressive gesture drawings. Learn to render eyes, fur and feathers using pencil media, watercolor pencils, pen and ink. Working from photos, lessons will include freehand methods and the realistic artist's use of tools, such as grids and proportional dividers.

Supplies: A supplies list will be sent prior to the start of class. Students are expected to supply any and all physical materials related to their art education. Instructor will send an email with Zoom link before class begins.

Watercolor-An Elemental Approach Livestream

**Premier instruction now offered online
All experience levels are welcome,
especially the enthusiastic beginner!**

Do you find inspiration in representational subjects (trees, rocks, water, sky, people, animals, buildings, flowers, shadows and colors) but are confused about how to paint them? Learn a logical, elemental approach to artfully depict representational subjects in watercolor, while developing control of shape, color, value and texture in a watercolor medium.

Supplies: A supplies list will be sent prior to the start of class. Students are expected to supply any and all physical materials related to their art education. Instructor will send an email with Zoom link before class begins.

Drew Bandish / \$165 Early Bird Special \$149

Oil Painting for Pleasure at Fletcher Cove

This is a class for new or experienced students with established drawing skills.

The goal is to better understand value, shape and color, and how to use them to create a harmonious painting. The class emphasis changes each semester, so there is continual learning of new skills. There will be a mix of painting with

the class on a project and working independently. By the end of this course, you will have some finished paintings to proudly display in your home! Build the foundation you need to create great works of art.

Supplies: A \$5 materials fee will be collected in class. A supplies list will be sent by the instructor prior to the start of class. Bring a mask. Safety protocol will be emailed to students.

CRAFTS

Stained Glass for Beginners

Create your own beautiful stained glass art pieces and windows! Learn the art of stained glass from a master cutter, right in a stained glass studio. In this comprehensive workshop, you will learn the basics of design and assembly, as well as the use of the tools needed to develop beautiful stained glass artwork. By the end of the workshop, you will have created as many as three projects suitable for display or sale (depending on your speed and ability).

Supplies: A \$45 per-project materials fee for glass, solder, lead and copper will be collected in class. On-site sales of tools available. Please bring mask.

Note: Studio has been rearranged so that students can safely learn while physical distancing. There will be hand sanitizer provided on each table and in the bathroom. Due to physical distancing, the class enrollment is very limited. Enroll soon before the class gets filled.

Don Myers / \$129

Don Myers Stained Glass

1025 S. Coast Highway, Oceanside

3 Sat, 3/6–3/20, 11 AM–2 PM

Pattern Making and Grading Livestream

Make perfect-fitting patterns for bodice, sleeves, skirt and pants! Learn the art of taking measurements, pattern drafting (using templates in your size provided by the instructor), fitting, grading, and sewing of the test garment. Grade the pattern to fit your shape and also to increase or decrease the size correctly.

Supplies: A supplies list will be included with your student confirmation upon registration. Instructor will send an email with Zoom link before class begins.

Angela Fesi-Pouliot / \$99 Early Bird Special \$89 (Register BEFORE 1/30 for this rate) / Online

4 Wed, 2/3–2/24, 10 AM–1 PM

Draping, Drafting and Fitting for Garment Design Livestream

All experience levels are welcome.

The art of fashion draping is the manipulation of fabric on a three dimensional form to obtain perfect fit and harmony between the fabric, design of the garment and the silhouette of the model. It allows for more inspiration as you learn the draping method and watch the proportion, balance and style lines of a design emerge.

Supplies: A supplies list will be included with your student confirmation upon registration. Instructor will send an email with Zoom link before class begins.

Angela Fesi-Pouliot / \$99 Early Bird Special \$89 (Register BEFORE 2/24 for this rate) / Online

4 Wed, 3/3–3/24, 10 AM–1 PM

Dressmaking Livestream

All experience levels are welcome.

Learn the art of dressmaking from an Italian dressmaker with over 40 years of experience. Use your talents for the construction of garments that are easy to make and fun to wear. The instructor will teach you how to take measurements, use commercial patterns, choose the right size, adjust the pattern, cut, mark, sew, press and finish the garments. Join the instructor online and build skills that you can use for years to come and pass on to the next generation.

Supplies: A supplies list will be included with your student confirmation upon registration. Instructor will send an email with Zoom link before class begins.

Angela Fesi-Pouliot / \$99 Early Bird Special \$89 (Register BEFORE 3/24 for this rate) / Online

4 Wed, 3/31–4/21, 10 AM–1 PM

Beginning Upholstery

Learn the craft of upholstery in this interesting and informative hands-on class. This class will focus on the basic fundamentals, techniques and terminology of upholstery and how to properly plan and execute a project. This class is suitable for students new to the field as well as the DIYer. Bring your own projects to class to work on. First-time project suggestions are: wing, side and dining chairs, stools, benches, ottomans, cushions and upholstered accessories are recommended. Those students entering the field will begin to prepare a professional portfolio. Upholstery of sofas and large items (no recliners) are reserved for advanced students. Topics include:

- Tools, terms and supplies
- Overview of sewing machines
- Measuring and estimating
- Pattern layout (charting)
- Selecting fabrics

Note: Please bring binder and paper for notes. Shopping resources for supplies will be given. A face mask is required. Other safety and social distancing guidelines will be announced.

Supplies: A \$20 materials fee will be collected in class. Limited supplies included.

Landes Recreation Center, 2855 Cedar Road Oceanside

Mary Cortmyer / \$199 Early Bird Special \$189 (Register BEFORE 1/27 for this rate)

8 Tues, 2/2–3/23, 12–4 PM

Upholstery–All Levels

This class is suitable for beginner students, the DIYer, advanced students and those already in the field. Classes will focus on styling, identifying different types of fabrics and furniture styles and furniture building techniques and construction. Beginner students will learn basic fundamentals, techniques, terminology and how to plan and execute a project. Advanced students will build on their intermediate knowledge, while learning additional, more difficult techniques. Both beginner and advanced students will gain a working knowledge of wood finishes and minor wood restoration. Those students already in the field will be adding to their current portfolio, as well as editing its content as skills improve. Upholstery of sofas and large items are scheduled one-item-at-a-time on a proven skills basis (no recliners).

Note: Please bring binder and paper for notes. Shopping resources for supplies will be given. A face mask is required. Other safety and social distancing guidelines will be announced.

Supplies: A \$20 materials fee will be collected in class. Limited supplies included.

Mary Cortmyer / \$199 Early Bird Special \$189 (Register BEFORE 1/29 for this rate)

Landes Recreation Center, 2855 Cedar Road Oceanside

8 Thurs, 2/4–3/25, 5–9 PM

Upholstery and Wood Restoration—Furniture Re-Imagined

All experience levels are welcome.

Inspired by a popular DIY show, Furniture Re-Imagined is a class that explores different finishes, upholstery fabrics and the repurposing of traditional furniture.

Bring your chairs, small dressers, side tables and headboards. Topics include:

- How to prep wood
- Re-styling
- Painting furniture
- Fabrics
- Antiquing and distressing

Note: Please bring binder and paper for notes. Resources for your supplies will be given (no sofas or large items please). A face mask is required. Other safety and social distancing guidelines will be announced.

Supplies: A \$20 materials fee will be collected in class.

Mary Cortmyer / \$249 Early Bird Special \$239 (Register BEFORE 1/30 for this rate)

Landes Recreation Center, 2855 Cedar Road Oceanside

COLLEGE FOR KIDS
AT MIRACOSTA COLLEGE

The Best Program in North County

There are two requirements in order to get a driver's license in the state of California before the age of 18. 1) **Driver Education** and 2) **Behind-the-Wheel Driver Training**. MiraCosta College offers both! Students must be at least 15 to take driver education classes and 15 ½ to take behind-the-wheel training.

CALIFORNIA DMV-APPROVED ONLINE DRIVER EDUCATION

\$30 You must register online:
miracosta.edu/driversed

Behind-The-Wheel Training

\$330

Six hours of one-on-one training

Students receive six hours of one-on-one instruction in our Behind-the-Wheel Driver Training Program. Convenient times after school, evenings, and weekends are available. Behind-the-Wheel Driver Training pickup locations: Carlsbad High, El Camino High, Rancho Buena Vista High, La Costa Canyon High, Sage Creek High, MiraCosta College Oceanside Campus and MiraCosta College in Cardiff. All licensed instructors are professional and reliable. Our courses satisfy all DMV requirements.

To register for Behind-the-Wheel Training, please call 760.231.1221.

Adult Driver Training

\$353 / 18 years of age and older

Lessons consist of three days of training, two hours per day. The instructor will pick you up at your home. You must have a valid California learner's permit to sign up.

Call 760.231.1221 to register.

**For general questions about our Driving programs,
please call 760.795.6825.**

Fitness for Active Older Adults

Combine fun with fitness as you workout with energetic, active adults. The exercises presented in this class are specifically designed to prevent injuries and improve and maintain quality of life. All participants are encouraged to challenge their individual fitness level to maintain and improve overall health. This class is geared to the senior exerciser seeking improved strength, vitality and an active lifestyle.

Note: This class is a mixture of pre-recorded and livestream. If indoor or outdoor restrictions are lifted and the community center reopens, MW classes will be held at La Colonia Community Center. Location will be emailed to students. Instructor will send an email with Zoom link and/or pre-recorded videos.

Supplies: Students are encouraged to wear comfortable clothing and supportive exercise shoes. You will need hand-held weights, towel, thick exercise mat and drinking water to use during class. Most yoga mats are too thin for the floor work.

Colleen Soto / Online, Location TBA if allowed

.....
 \$135 / 27 sessions. Mon, Wed & Fri, 1/11–3/19, 7:45–8:45 AM **OR** 9–10 AM. *No class on 1/18, 2/12 & 2/15.*

.....
 \$140 / 28 sessions. Mon, Wed & Fri, 3/22–5/28, 7:45–8:45 AM **OR** 9–10. *No class on 3/26 & 4/23.*

FOOD & WINE

NEW Beginning Sushi for the Whole Family Livestream

"Maki" Rolls and Hand Rolls

Join us in a lively and fun-for-the-whole-family, livestream class that will teach you the basics of sushi making including: how to cook and season perfect sushi rice; rolling and cutting methods; preparation and presentation of sushi "maki" rolls and hand rolls. We will explore how to create a sushi party with tips on making it fun, easy and beautiful! Students will also be given an explanation of basic ingredients and equipment for sushi making. This is a great class to do as a parent/child or spouse experience.

Supplies: Instructor will provide a list of ingredients to purchase prior to the start of the class so that you can participate in creating sushi right along with the instructor!

We will send a FREE sushi mat and chopsticks to the first 20 people registered!

Linda Kurokawa / \$49 / Online

1 Sat, 3/6, 10 AM–1 PM

NEW The Chemistry of Cooking Livestream

Are you finding yourself at home more often and looking for a fun and engaging activity? Get the family together and join this fun and interactive livestream class. This class will introduce you to the underlying principles of chemistry as it relates to cooking food. We will investigate the chemical and physical properties of foods and how different preparation methods affect the outcome of how food appears and tastes. At the end of the course, you will be a scientist and a chef!

Supplies: Instructor will provide PDF materials and send suggested supply list. Required materials in the kitchen are measuring cups, spoons, basic utensils, a timer, a pot, a pan, and access to a stove and an oven. Suggested items include a kitchen scale, thermometer, and a grill/skillet. Instructor will email Zoom link.

Sarah Dunn / \$79 / Online

Family members in same household are welcome to join in at no additional cost.

4 Sessions. Tues & Thurs, 3/16–3/25, 4–6 PM

NEW **Calling All Pasta Lovers—
Advanced Pasta Making
Livestream**

For students who have conquered basic pasta dough making, this is the class for you! Learn the fundamental skills of making and filling ravioli pasta from scratch. In this interactive online cooking class with Professional Chef and Food Network Champ Patsy Bentivegna, students will learn the secrets of creating classic egg pasta by hand, as well as the knife skills to prepare a delicious sauce, all in the comfort of their own home without needing a pasta machine.

Note: Instructor will email Zoom link. Students must already have knowledge of basic pasta dough making.

Supplies: Prior to class, instructor will provide a list of ingredients and equipment/utensils needed for the class.

Patsy Bentivegna / \$69 Early Bird Special \$59 (Register BEFORE 4/2 for this rate) / Online
1 Thur, 4/8, 5–7:30 PM

INSTRUCTOR BIO:

Chef Patsy Bentivegna, a winner on Bakers vs. Faker Food Network show has worked at some of San Diego and LA's top restaurants, hotels, catering companies and cooking schools, such as Sur La Table. Her 30 years of experience has created an expertise that is exhibited in her classes along with a passion for cooking. Teaching cooking classes and sharing her toolbox of cooking techniques is her way of "giving back!" Chef Patsy's mission is to inspire people to cook for career advancement or for enjoyment in their own home! Nothing gives her more gratification than to boost her student's confidence while further instilling a passion for food.

NEW **Pie-Making 101 Livestream**

Get rid of your pie-making phobia for good! This class will walk you through the step-by-step process of making pie dough and how to assemble and bake a pie with ease! NEW Organic Edible Gardening Livestream

Grow your own organic produce! Whether you want to provide your family with nutritious food, save money, get some exercise or just be more self-sufficient, this course will give you the skills and knowledge you need to be on your way to a successful harvest. If you have a few hours a week, you can grow the best organic vegetables for your table. You do not need a large yard. Growing in raised beds and containers makes gardening so much easier. We will discuss building raised beds and where to buy pre-made ones. All aspects of gardening will be covered: design and care, preparation, planting, harvesting and more. You will learn everything you need to know about our favorite vegetables, fruits, herbs and edible flowers. Join us in the dirt to make great, healthy food!

Supplies: Gardening tools and a supplies list will be suggested and emailed to students before the start of class. Instructor will send a Zoom link before class begins.

From Good to Great Photos: Understanding Aperture and Shutter Speed Livestream

Even if you didn't realize it, this is probably why you bought your dSLR in the first place. Aperture and shutter speed can be daunting concepts to understand on your own. Once you master these aspects of photography, it's what is going to separate your pictures from the rest. We will also take a look at some of the pictures you took after your first session for constructive evaluation. After this class, you'll be able to practice depth-of-field and capture motion and time.

Supplies: Instructor will send an email with Zoom link before class begins. Please have your camera and manual ready for class.

Terry Matsuoka / \$49 / Online
1 Wed, 3/3, 6:30–8:30 PM

Making Shooting Perfect Pictures Easy Livestream

After this class you will be well equipped with ideas on how to approach your picture taking. The most important aspects of making great photos are how you arrange things in your frame and how it is lit. Learn compositional and lighting techniques to try the next time you go out to take pictures. We will also learn what kind of effects different lenses have on your photos. Level up your creativity!

Supplies: Instructor will send an email with Zoom link before class begins. Please have your camera and manual ready for class.

Terry Matsuoka / \$49 / Online
1 Wed, 3/10, 6:30–8:30 PM

Digital SLR Photography Series

Introductory digital SLR photography series can be taken as individual courses for \$49, or together for only \$139!

The photography topics are interrelated and affect one another, so we recommend you take all three (Getting Started with Your dSLR, Aperture and Shutter Speed and Making Shooting Perfect Pictures Easy) to get a complete understanding of the camera and picture-taking.

NEW Introduction to Chess Livestream

It is widely known that playing chess improves mental acuity, cognitive ability and enhances creativity. Chess is one of the oldest games in human history and since its inception, has changed drastically into the game we know today. Join us in this interactive virtual class where you will learn the history and development of the game of chess, modern chess theory, the rules of the game and chess strategies that will enable you to play at a beginner or intermediate level by the end of class. This class is ideal for people who have little or no experience with chess.

Supplies: Practice problems, lectures, and worksheets will be emailed to students but owning an actual chess board with pieces will be extremely helpful. Students can purchase a chess board at any game store or retail chain for under \$20. Instructor will send an email with Zoom link before class begins.

5 Fri, 2/19–3/19, 5–6 PM

NEW Natural History Hikes in San Diego County

This course combines hiking and observation of northern San Diego County's geology, natural history, climate and ecological/wildlife resources. Students will learn about the formation of local landscapes, coastal and stream erosion, water resources and habitats. In order to fully enjoy this class, students must be physically capable of hiking long distances on potentially rugged trails with several hundred feet of elevation gains.

Note: Please wear a mask upon arrival to class and the instructor will provide further instructions.

Supplies: Students will need good footwear for hiking 3–4 miles on beaches and mountain trails. Students will need a backpack and a notebook (for taking notes), water, sunscreen, snacks, etc. Everyone should have a cell phone. Students will need to provide their own transportation and pay parking fees if necessary. The link to print field trip packets will be emailed to students.

Adult Horsemanship

English or Western style.

This is a wonderful opportunity for you to learn about horses, grooming, horsemanship and to begin riding in a safe and beautiful environment. Horseback riding helps build confidence and responsibility, soothes and releases stress, provides exercise, and develops a strong bond between you and horses. All levels welcome, including the experienced rider who wants to get back in the saddle.

Note: Students must weigh under 200 lbs, be healthy and in good physical condition and able to mount and dismount a horse by themselves. Students will need to sign a waiver supplied by the instructor at the first class. Students between the ages of 15–17 must be accompanied by an adult and will need to have a parent or guardian sign a waiver. Please wear a face mask upon your arrival at the farm and your instructor will give you further instructions.

Supplies: Bring water and sunscreen. Wear closed-toe shoes and comfortable clothes that can get dirty.

Golf FUNDamentals-Beginner

Golf is a game that can be enjoyed for a lifetime and learned at any age.

It's great for your social, business and personal life. This class will introduce you to all aspects of the game in a relaxed group atmosphere. We will cover the full swing, putting, chipping, pitching and the sand bunker shot, as well as basic rules and etiquette.

Note: Please wear a mask upon arrival to class and the instructor will provide further instructions.

Supplies: A \$55 materials fee will be collected in class for weekly range balls and golf course fee.

Scott Newman / \$165 / Encinitas Ranch Golf Course

8 Fri, 1/29-3/19, 9-10 AM

{ More Golf classes will be added. Please contact us at 760.795.6820 or visit miracosta.augusoft.net }

Golf-Short Game FUNDamentals

Have you heard the golf adage, "drive for show, putt for dough?" It's the truth. Although it's fun to step up to a golf ball and hit it as hard and as far as you can, to shoot good scores, you have to have a good short game. This class will focus on all aspects of the short game, such as putting, chipping, pitching and the sand shot. Each week we will work on new shots to hit to help you lower your scores.

Note: Please wear a mask upon arrival to class and the instructor will provide further instructions.

Supplies: A \$55 materials fee will be collected in class for weekly range balls and golf course fee.

Scott Newman / \$165

Encinitas Ranch Golf Course

8 Sun, 2/14-4/11, 10:15-11:15 AM. *No class on 4/4.*

Become a Notary Public Livestream

Establish yourself as a Notary Public, earn additional income and provide a service to your community. Successful notaries provide a valuable service to their company, friends and private clients. Notary skills are valuable in almost any industry: real estate, legal, medical and banking to name just a few. Livestream with a notary expert for three sessions and you will be ready to take the official notary exam and practice as a safe and effective notary. Next, consider becoming a Loan Signing Agent and make \$200 to \$300 per signing. Students are eligible to access our private Facebook page to ask questions, watch webinars and receive updates. All you need is a smartphone to join. Must be at least 18 years of age. A serious conviction may disqualify an applicant. You'll receive a Completion Certificate and a Secretary of State-Notary Public Application from your notary training class that you must bring with you to your chosen testing center. The notary test must be taken at a physical location. Register for the official notary exam 15 days in advance or be a walk-in candidate. Use this link to view testing schedule and register: https://www.cpsnr.us/notary/exam_registration.php

Supplies: A \$20 materials fee will be collected upon registration for workbook. The book and materials will be emailed to students from Notary Public Seminars. Notary Public Seminars, Inc. / \$99 / Livestream Tues, Wed & Thurs, 4/6, 4/7, & 4/8, 6–8:15 PM

Renewing Notaries Livestream

Need to renew your notary commission?

We'll feature the new state laws and give you a brush-up on general law to make sure you haven't fallen into any bad habits. Your commission must be current to be eligible for the three-hour seminar. Renewing notaries must take the exam and submit Live Scan fingerprints again. Option: the six-hour notary public education course satisfies the requirement for a three-hour refresher course.

Note: You are automatically registered for the official state exam directly following the seminar. See box to the right regarding the notary test.

Supplies: A \$20 materials fee will be collected upon registration for workbook. The book and materials will be emailed to students from Notary Public Seminars. Notary Public Seminars, Inc / \$50 / Livestream Tues, 4/6, 6–8:15 PM & Wed, 4/7, 6–7 PM

Become a Loan-Signing Agent Livestream

Make the most out of your notary commission by becoming a certified Loan Signing Agent. Our livestream seminar will teach you how to notarize loan documents and give you a simple strategy to launch your new business. Learn the information and tools you need to succeed as a Signing Agent from the comfort of your home. Our expert teachers are seasoned in the business; they'll teach you the process of completing a signing, best practices in the industry, and how to get loan signing assignments. Students are eligible to access our private Facebook page to ask questions, watch webinars and receive updates. All you need is your smartphone to join. A certificate is awarded upon completion of the course.

Topics include:

- Notarize a loan package from any bank successfully every time
- The dos and don'ts of the profession
- What to discuss with your clients
- How to develop your own business
- Getting signed up with busy signing agencies

Prerequisite: Must be a notary public or have taken a notary class.

Supplies: A \$30 materials fee will be collected upon registration for workbook. The book and materials will be emailed to students from Notary Public Seminars. Notary Public Seminars, Inc. / \$99 / Livestream Tues, Wed & Thurs, 5/11, 5/12 & 5/13, 6–8 PM

When you are ready to take the walk-in exam, please bring the following:

- 1) Completed Secretary of State-Notary Public Application
- 2) Proper ID
 - State-issued driver's license or ID card
 - U.S. passport or a passport issued by a foreign government
 - U.S. military ID card
- 3) 2 x 2 color passport photo of yourself (can be obtained at Costco, Walgreens, CVS)
- 4) Two #2 pencils
- 5) Completion Certificate from notary public training
- 6) Payment for the exam, check or money order \$40
- 7) \$40 check made payable to "Secretary of State"

NEW Teaching Unique Learners in the General Education Setting Livestream

Those wishing to enter the field of education need to be adept at educating a variety of learners, including students with special needs. This course will aid future educators to become knowledgeable, comfortable and confident in the many areas of special education within the general education setting. In this six-week course, students will gain an in-depth understanding of a wide array of disabilities, the basic components of an Individualized Education Plan (IEP) and an understanding of how IEP Team Meetings are conducted. Future teachers will learn to differentiate instruction for all students, utilize various methods of co-teaching models in the classroom and use assessments to drive classroom instruction for unique learners.

Supplies: Students must purchase *Including Students with Special Needs: A Practical Guide for Classroom Teachers* 8th Edition by Marilyn Friend (ISBN-13: 978-0134801674). Available at amazon.com. Please bring notebook and pen or pencil to take notes. Instructor will send an email with Zoom link before class begins.
Kristin McCarthy / \$129 / Online
6 Thurs, 2/4–3/11, 4–6 PM

NEW Starting a Profitable Home-Based Business Livestream

Many successful businesses start as home-based businesses, such as Google and Microsoft! Whether you want to start the next multi-billion business or create your own source of income, this class will teach you the foundation to get started and be successful. Home-based business can thrive even in desperate times. Topics include: 1) Establishing a foundation 2) Legal entities and licenses 3) Business Planning 4) Marketing 5) Franchising 6) Resources available.

Note: Instructor will send an email with Zoom link before class begins.

Supplies: Please have a notebook and pen or pencil ready to take notes.

4 Mon, 3/22–4/12, 7–8:30 PM

NEW Essential Documents in a Time of Crisis Livestream

This pandemic has a lot of us thinking about how unprepared we are for the future. It's time to get essential documents in order, and the good news is that protecting your family's finances is easy with a little expert advice. Creating a will or revocable trust guarantees your wishes will be abided by and avoids probate for your family, a time consuming expensive process. A legal expert will discuss relevant medical documents including durable power of attorney and medical release forms that could make treatment easier, quicker, and less confusing for all concerned.

Supplies: A \$20 materials fee will be collected upon registration for PDF workbook.

Notary Public Seminars, Inc. \$99 / Online
Mon, Tues & Thurs, 2/22, 2/23 & 2/25, 6–8 PM

NEW Becoming a Sales Rep

Ever wondered what it takes to be a successful sales rep? What skills do you need? What is the earning potential? Many companies in San Diego are looking for sales reps. Sales representatives build relationships with potential buyers to sell goods and services. They contact customers, pitch and explain products for sale, and negotiate the sale price. Students will gain knowledge of the industry, necessary skills and the next steps to become a successful sales rep.

Note: Instructor will send an email with Zoom link before class begins. View a short video about the class on miracosta.augusoft.net.

Supplies: A list of book suggestions and resources will be emailed to students. Please have a notebook and pen or pencil ready to take notes.

Diana Barbiani / \$110 Early Bird Special \$89 (Register BEFORE 2/1 for this rate)

8 Mon, 2/8–4/5, 5–6 PM. *No class on 2/15.*

Introduction to Voiceovers Live Video Chat

Open Enrollment through All of Spring 2021 Semester

Explore the voiceover industry! Discover current trends, opportunities and tools you need to find success. Read a real script and receive coaching from your instructor, a professional voice actor, to improve your delivery. This is a onetime 90-minute, one-on-one, live video-chat class! Learn more: <http://www.voicesforall.com/ooo>

Note: This is a Live Video Chat class taken remotely by students, scheduled at a day and time of the student's preference within the current semester. Voice for All will contact students to schedule a class time.

Supplies: Students need the ability to video chat using a computer, laptop, or smart device. Any of the following platforms will be used—Zoom, Skype or FaceTime.

Voices for All / \$59 Early Bird special \$49 (Register BEFORE 1/30 for this rate) / Online

Between 2/1–5/21. *Voice for All* will contact students to schedule a class time.

Make Extra Income—DMV Auto Wholesale Business from Home Livestream

Learn how to make extra income buying and selling wholesale cars as a home-based business. You will learn six techniques that can earn you \$3,000 selling just one to three cars a month. Learn how to get your auto dealer license and how to operate a profitable used car business. You'll get a FREE list of the 300+ dealer-only auctions in the USA where automobiles are sold

below wholesale prices. This class is DMV approved and you will receive a DMV certificate of completion at the end of the class.

Note: Instructor will send an email with Zoom link before class begins.

Supplies: Your instructor will send you a PayPal Invoice to pay the \$25 materials fees for this class. Please have a notebook and pen or pencil when you sign in to take this class.

Mon & Tues, 2/22 & 2/23, 6–9:30 PM

Human Resources Certificate Program—3 Mondays!

Our HR Certificate Program is appropriate for individuals who are not yet HR professionals and for HR veterans who wish to update their skills. This program was developed to enable participants to complete their studies in just three days and has been approved for 24 general recertification credit hours toward PHR, SPHR and GPRH recertification through the Human Resource Certification Institute (HRCI). This program provides an essential skill set that leads to jobs in Human Resources. All content is designed to address core HR competencies:

- History and role of human resources in today's workplace
- Creating and administering an effective HR department
- Compensation, benefits and retirement programs
- Staffing (recruiting and retention) strategies
- Employment law and compliance hot topics
- Effective employee relations and termination

Note: A face mask is required. Other safety and social distancing guidelines will be announced.

Nadia Ardebili / \$98 per class or \$530 for all six sessions

Technology Career Institute, SBDC Classroom

2 Sat, 4/10-4/17, 10-11:30 AM

NEW Be a Schedulmaster Livestream

Have you ever said, "there just isn't enough time" or "if only I had more time?" If so, this is the class for you! In just four short weeks, you will learn where your time goes, how to be more useful with your time, how to prioritize, and how to be a schedulmaster! This is a great class for busy people.

Note: Instructor will send an email with Zoom link before class begins.

Supplies: Please have a notebook and pen or pencil ready to take notes.

Cheryl Brown / \$59 Early Bird Special \$49 (Register BEFORE 4/17 for this rate)
6 Sun, 4/25-5/30, 7-8:30 PM

INSTRUCTOR BIO:

Cheryl Brown is a small business owner and a business advisor with the North San Diego SBDC. She has counseled over 2,500 small businesses resulting in over \$600,000,000 of awarded contracts with local, state, and federal agencies. She has been awarded the 2012 ASBDC State Star for the San Diego SBDC network, 2010 SBA Women in Business Champion, as well as certificates of recognition from members of congress and San Diego County Supervisors for her success and dedication to the small business community.

INSTRUCTOR BIO:

Steve Gostin has been a director, vice president, and manager of numerous gaming, nightclub, and restaurant operations. As a business consultant he has opened over 25 restaurants and been an integral part in helping numerous startups in the home-based business sector. He is the founder of Intelliserve Responsible Beverage Service training and co-founded Profit Hospitality Consulting Group. His primary focus is on small business consulting, training and education and helping people achieve their dreams.

NEW Effectively Managing Virtual Employees and Leading Remote Teams Livestream

We've made an accelerated move from a brick-and-mortar workplace--to remote and virtual home offices--shifting everything we thought we knew and understood about conducting business, and leaving workers in a quandary. How do I set a schedule for myself and my family to balance space constraints? What can I do to set up a professional home office? How can I present my best self on a videoconference platform? How do I stay connected with employees I can't see? How do I keep the day "fun" and energized? How do I take care of myself in all of this? This course helps you balance the changes you're experiencing attending to the needs of, and connecting with, your co-workers, family and, most of all, yourself in a remote home-to-work environment.

Note: Students will need a laptop, tablet, or desktop computer and access to Internet for the duration of the class. Instructor will send an email with Zoom link before class begins.

Supplies: Please have a notebook and pen or pencil ready to take notes.

Deborah West / \$59 Early Bird Special \$49 (Register BEFORE 2/12 for this rate)
6 Tue, 2/23-3/30, 6-8 PM

Certified Paralegal–Online at Your Own Pace

Paralegals play a vital role in the legal profession. These qualified professionals take on a variety of tasks ranging from legal research to drafting legal documents in traditional law office settings and in the corporate, government, and public arenas. Formal training is a critical part of preparing for a career as a paralegal.

The Paralegal course will help you gain the skills you need to enter the paralegal workforce. You will learn how to conduct legal research and legal interviews, how to perform legal analyses, and more. As you prepare for your paralegal career, you will also receive soft skills training to increase workplace effectiveness. The course concludes with a capstone project and a portfolio review. You will first create a complete litigation file that includes: a legal analysis brief, an investigative report, client interview checklist, intake memo, complaint, legal research, and interoffice memorandum of law. Then, you will learn how to create a strong resume that encompasses your specialized skill set and showcases the impact you would make for your next employer.

Through a partnership with National Association of Legal Assistants (NALA), you will also receive membership and access to NALA's Certified Paralegal (CP) Exam Review courses should you choose to take the NALA CP exam at a future time.

- Paralegal Employment
- Regulation of Paralegals
- Attorney and Paralegal Ethics
- Introduction to the Legal System and Analysis
- Legal Interviewing and Research
- Litigation Management
- Legal Writing
- Introduction to Law Office Administration
- Tort Law, Product Liability and Consumer Law
- Contracts, Insurance and Property Law
- Estates and Family Law
- Laws Affecting Business
- Criminal Law

Note: Twelve months to complete. The instructional materials required for this course are included in enrollment.

\$2,495 / 225 hours [Click here to register](#)

Pharmacy Technician–Online

Pharmacy technicians have become indispensable to the healthcare industry, and it's a great time to join this growing field. Pharmacy technician classes can get you started on this fulfilling career path. You'll gain the skills and knowledge to qualify for entry-level positions in pharmacies and be prepared for national certification. Upon completion of this course, you will be prepared to sit for the Pharmacy Technician Certification Exam (PTCE), offered by Pharmacy Technician Certification Board (PTCB). This course also includes a voucher which covers the fee of the exam. Pharmacy technician certification is an important issue for many industry employers and state legislatures, some of which now require national certification. You will also have the opportunity to apply for a 100+ hour externship.

- Orientation to Pharmacy
- Pharmacy Law and Ethics
- Pharmaceutical Calculations
- Pharmacology I: Basics and Specific Populations
- Pharmacology II: Body Systems–Neurological
- Pharmacology III: Body Systems–Muscles, Heart, Lungs
- Pharmacology IV: Multi-body Systems
- Communication Skills and Billing
- Lab Practice I: Retail
- Lab Practice II: Hospital
- Final Comprehensive Exam

Note: Twelve months to complete. The instructional materials required for this course are included in enrollment.

\$2,495 / 400 hours [Click here to register](#)

Home Inspection Certificate–Online at Your Own Pace

The Home Inspection Certificate Course covers the principal components, procedures, and processes of home inspection. This course has also been approved by the American Society of Home Inspectors (ASHI) and various home inspector organizations and regulatory boards for membership renewal credits or continuing education credits. It is also one component of the steps required to obtain a NIBI Certified Inspector credential.

- Introduction
- Roof Systems
- Exterior Elements
- Structural Systems
- Insulation and Ventilation
- Interior Elements
- Electric Systems Lesson
- Plumbing Systems
- Heating Systems
- Cooling Systems
- Hot-water Supply Systems

Note: Twelve months to complete course. The instructional materials required for this course are included in enrollment. This also includes external references, which you are encouraged to study.

MIRACOSTA TECHNOLOGY CAREER INSTITUTE

NEW Solar Photovoltaic (PV) Associate NABCEP Training

MiraCosta College is excited to announce our new online NABCEP PV Associate training program. This 40-hour training program is comprehensive, and students who complete the program will be eligible to sit for the NABCEP PV Associate exam, an industry credential that is a common starting point for anyone seeking employment of all kinds within the solar industry.

This program is 100% online, at your own pace, hosted in Discord—a chat room, which allows for real-time interaction with the course instructor. The program can be customized for your area of interest, with classes on residential and commercial solar, national electric code, lithium batteries, drone site surveying, and smart home electric load control. Our training package includes instructor-led exam preparation. After you pass the exam, you will be a certified NABCEP PV Associate.

John Cromer—a mechanical engineer with 12 years of solar contracting experience

\$600 Exam Fee: \$150 (collected at time of enrollment, although you do not need to take the NABCEP exam to take this class.)

Link to class will be sent upon registration and full payment.

HOW TO APPLY FOR WORKFORCE TRAINING

The majority of our workforce training classes (identified by a ◊) require that a Student Interest Form and Student Application are completed in our online “Apricot” database prior to enrolling. A Medical Form is also required for Machinist, CNC Operations and Welding classes.

Start here www.tinyurl.com/TCIinterest by creating a Student Interest form (profile). Keep your password handy as you will need to log back into the system. Then follow the steps below:

1. Sign on using your username (email) and password at ctk.apricot.info
2. Click “MENU” in upper left corner of form
3. Click “Search Records”
4. Click “Student Interest Form”
5. Your name should appear in the middle of the page
6. Click your name
7. An All box will appear
8. Drag your mouse to the right of the Application and click “+”
9. Don’t forget to “Save Record” on the right side of page
10. Repeat steps for the Medical Form ONLY if you are taking Welding, Machinist Technology, or CNC Operations
11. Lastly, submit a photo ID in person or via email to tc@miracosta.edu.

Note: For our longer workforce training programs and/or outside funding sources, there may be additional forms and documents that are required.

Our programs under 50 hours will typically accept students ages 15 years or older. Please contact our office at 760.795.6820 prior to applying.

CERTIFICATE INFORMATION

For any program over 50 hours, students will have the opportunity to earn a Certificate of Accomplishment. If you are enrolled and successfully complete a program under 50 hours, we can issue a certificate for \$20.

REFUND POLICY

Refunds will be made up to five working days prior to your class start date. A \$25 cancellation fee will be retained for each refund. There are no refunds given once the class has begun, unless special permission has been granted by the program supervisor.

Email us at tc@miracosta.edu

◇ Biomedical Equipment Technician Program (BMET)

Biomedical Instrument Technology is constantly expanding in healthcare, playing an increasing role in patient monitoring and treatment. Therefore, there is an ever increasing need for Biomedical Equipment Technicians (BMETs) to provide user training, inspection, calibration, maintenance and repair of medical devices. MiraCosta’s 440-hour BMET Program will train students to use, troubleshoot, repair monitor and maintain biomedical instruments to prepare you for a career in this expanding field. The BMET program was developed as a result of increasing demand for biomedical equipment technicians in San Diego County and around the country. Courses build on lecture topics through extensive hands-on application in the areas of:

- Science
- Human Anatomy and Physiology
- Fundamentals of electronics
- Fundamentals of mechanics
- Introduction to computers, networks and cybersecurity
- Survey of instruments used in healthcare
- Documentation
- Advanced maintenance, troubleshooting and repair
- Career Readiness

\$6,000 GI Bill® and Sallie Mae funding available.

Technology Career Institute

Mon–Fri, 8/2–12/7, 8:30 AM–2 PM. No class on 9/6, 11/11 & 11/25–11/26. 5 hours each day.

► Register for the FREE information session (details on page 33).

◇ Blueprint Reading with GD&T

In this 30-hour hands-on class students learn to read and correctly interpret blueprints used in the manufacturing trades. They will get an opportunity to draw and edit simple blueprints through step-by-step development of multi-view drawings. In addition, students will learn the basics of geometric dimensioning and tolerancing (GD&T). This course is the perfect introduction to GD&T, symbols, applications and methods of inspection.

\$315

Technology Career Institute

5 Sat, 2/6–3/13, 9 AM–3:30 PM. No class on 2/13.

“I liked the instructor’s knowledge and the flexibility/customization to match individual level.”

– Blueprint Reading with GD&T class –

◇ BrewTech Program

San Diego is well known as the craft beer brewing capital of the United States with over 150 active breweries and more scheduled to open soon. MiraCosta's 280-hour BrewTech Program is designed to train students to become productive brewers, while gaining confidence in the brewhouse, cellar or packaging line. As one of the premiere craft beer programs in the San Diego area with an on-site brewery, this class will focus on 'grain-to-glass' hands-on experience. The curriculum, including recipe development, wort production, cellar practices and packaging, is designed to train students to become a turnkey brewery technician. Classroom material covers the chemistry and biology of beer production and will introduce students to brewery equipment. Industry tours around San Diego will expose students to multiple brewing applications that will serve to enhance their knowledge of craft beer production. Students will also gain workplace skills training that will further add to their employability.

\$4,000 GI Bill®, Sallie Mae and WIOA funding available.

Landes Recreation Center, 2855 Cedar Road, Oceanside
 Tues–Thurs, 8/24–12/4, 4–10 PM, 7 Saturdays, 9/11, 9/25,
 10/9, 10/23, 11/6, 11/20 & 12/4, 8 AM–2:30 PM
 No class on 11/11 & 11/23–11/25. 280 hours.

► Register for the FREE information session
 (details on page 33).

*Tuition is FREE through the DOL funded America's Promise Grant.

◇ Computer Numerical Control (CNC) Operation

Computer numerical control (CNC) is the automated control of manufacturing machining tools (drills, boring tools, lathes) by means of a computer. In this 56-hour course, students will learn safety, terminology, and basic blueprint reading, as well as interpretation of G&M codes, and operation of both a HAAS CNC mill and lathe. Students will also get exposure to CAD/CAM software. Course material and activities are provided via demonstrations and hands-on instruction.

\$850 Sallie Mae and WIOA funding available.

Technology Career Institute
 7 Saturdays, 2/27–4/17, 8 AM–4:30 PM
 No class on 4/3.

◇ CNC Programming–Introduction

Using MasterCam Mill

In this 30-hour introductory course, students learn how to design basic CNC programs for a three-axis CNC milling machine. Students will be instructed on G&M codes, Boolean logic and machine and control definitions. In addition, the class will cover basic aspects of post configuration, variable definitions, formatting, post lines, post text, modality and control definitions.

\$400 Sallie Mae funding available.

Technology Career Institute
 6 Sun, 2/21–3/28, 9 AM–2:30 PM

◇ CNC Programming–Intermediate

Using MasterCam Mill

MasterCam is the most widely used CAM software in the industry and this intermediate, 30-hour course will provide students with trade-specific tips and tricks, whether they are in production or programming. This course also teaches additional topics for more intricate programs and designs. HAAS simulators will be used to test run the programs.

\$400 Sallie Mae funding available.

Technology Career Institute
 6 Sun, 4/11–5/16, 9 AM–2:30 PM

◊ Digital Precision Measuring

Using a Portable CMM

An introduction to metrology using a portable CMM and Verisurf CAD software. In this 30-hour course students will learn the basics of inspection, measurement, analysis and reverse engineering. This course is for individuals working within the advanced manufacturing environment.

\$315 Technology Career Institute
5 Sat, 3/20–4/24, 9 AM–3:30 PM, *No class on 4/3.*

UPCOMING CLASSES

- Basic Electronics–Summer 2021
- PLC Design Logic–Summer 2021
- Introduction to Electromechanics–Summer 2021
- Introduction to the Internet of Things IoT–Summer 2021
- 3D CAD for Manufacturing–Fall 2021
- Introduction to Python-xy–Fall 2021

◊ Electronic Assembly

Learn the necessary training to become an electronic assembler at an advanced manufacturing company:

- Soldering through-hole and surface mount single-lead/multi-lead components
- Soldering multi-pin IC chips
- Measuring and cutting wire
- Trimming insulation, tinning wires and mounting to terminals
- Inspecting workmanship for acceptability to industry standards
- Familiarization with printed circuit board (PCB) cleanliness, coating and suitability for assembly requirements
- Understanding of product assurance, rework and repair processes and methodologies

In this 80-hour course students will work toward IPC certification. In addition, students will learn the role of production in the manufacturing system and how certain skill sets, such as reading and analyzing acceptance criteria, testing, documentation and soldering are integral to the job.

\$1,200 A \$100 certification fee will be collected.

WIOA funding available.

Technology Career Institute
10 Sun, 2/21–5/2, 8:30 AM–5 PM. *No class on 4/4.*

◊ Electronic Assembly Re-certification

IPC professionals are required to renew their certifications every two years. In this 24-hour course students will be updated on IPC requirements and given the opportunity to demonstrate their workmanship skill to renew their IPC certification.

Demonstrate the skills and necessary training to re-certify as an electronic assembler at an advanced manufacturing company:

- Soldering through-hole and surface mount single-lead/multi-lead components
- Soldering multi-pin IC chips
- Measuring and cutting wire
- Trimming insulation, tinning wires and mounting to terminals
- Inspecting workmanship for acceptability to industry standards
- Familiarization with printed circuit board (PCB) cleanliness, coating and suitability for assembly requirements
- Understanding of product assurance, rework and repair processes and methodologies

Prerequisites: Current or expired IPC J-STD-001 (any revision) certification.

\$500 A \$100 certification and material fee will be collected.

Technology Career Institute
3 Mon & Wed, 3/1–3/17, 5:30–9:30 PM

◇ Engineering Technician Program

Whether you want to work in electronics, aerospace, biotechnology or breweries, this program can provide you with the necessary training.

Engineering technology integrates theory and application in mechanical, electrical and electronic systems, fluid power, automation, robotics and computer software. Our 600-hour program is 75% hands-on, gets students in front of industry leaders and trains students in the areas that companies have requested. Students will receive:

- OSHA certification
- National Career Readiness certification
- 2 days of job shadow experience
- Industry tours and guest speakers
- Career Readiness Bootcamp

Students will experience an accelerated program designed to prepare them with the skill sets to qualify for immediate entry into positions with local industry. Or, if a student has a college degree in this subject area or is interested in pursuing one in the future, this is the perfect supplement to enhance their current or future education.

\$7,000 GI Bill®, Sallie Mae and WIOA funding available.

Technology Career Institute

5/3–8/17, 8 AM–4:30 PM. No class on 5/31 & 7/5.

▶ Register for the FREE information session (details on page 33).

“The TCI Engineering Tech program taught me the core competencies and the real world applications that employers are looking for. This program made it possible not only to find a job, but a career!”

– Jeremy Forget –

NEW ◇ The IPC-A-610 Certified IPC Soldering Specialist Training and Certification

The IPC-A-610 Certified IPC Soldering Specialist Training and Certification Course presents the acceptance criteria for quality of soldered electronic assemblies. This 32-hour course uses the IPC-A-610 document to present visual accept/reject criteria examples for the three classes of assembly. You’ll learn the reject/accept criteria of soldered connections and most types of solder connections being used today’s market. Who should attend—Solder operators, quality inspectors, technicians, supervisors, engineering supervisors and manufacturing supervisors.

\$900 A \$65 certification fee will be collected.

Technology Career Institute

4 Sat, 3/27–4/24, 8:30 AM–5 PM. No class on 4/3.

ADVANCED MANUFACTURING AND ENGINEERING TECHNICIAN APPRENTICESHIPS AVAILABLE

For more information, please call 760.757.2121, x6528

LEAN Six Sigma

LEAN Six Sigma improves business performance by removing waste through lean manufacturing methods and reducing variation in processes that cause defects by applying Six Sigma Statistical Process Control tools.

In this 14-hour LEAN Six Sigma Yellow Belt course you will learn how to minimize waste with A3 Problem Solving, Value Stream Mapping, Kaizen and 5S Organization. You will also learn practical Six Sigma tools including DMAIC (Design, Measure, Analyze, Implement and Control), Project Charters, Statistical Process Control with Performance Boards and Pareto Charts, and Failure Modes Effects Analysis.

This LEAN Six Sigma Yellow Belt course will provide you with an understanding of LEAN Six Sigma methodology so that you can perform LEAN process improvement to minimize waste and participate in Six Sigma projects to reduce variation in processes.

\$250 Technology Career Institute

Sat, 5/22 & Sun, 5/23, 9 AM–4 PM

◇ Machinist Technology Program

Want to work in the aerospace industry, make medical device parts and accessories or design a new golf club?

Gone are the days of the grease-covered, conventional machinist. Today's machinist must be highly trained with specific skills, working in high-tech manufacturing plants that are clean and innovative. Our nation has a huge shortage of skilled workers. As 77% of skilled Baby Boomers leave the workforce, San Diego County will need to fill thousands of positions over the next 15 years.

To meet this need, we offer a fast-paced, high-level training program. Students will be able to complete this program in 21-weeks (487 hours), with training in shop math, metal properties, reading blueprints, precision measuring, tooling, G&M codes, and manual and CNC machining. In addition, students will receive:

- OSHA certification
- National Career Readiness certification
- Opportunities to attend local industry meetings
- 2 days of job shadow experience
- Industry tours and guest speakers
- Career Readiness Bootcamp
- Apprenticeship pipeline available

\$6,500 **GI Bill®**, **Sallie Mae** and **WIOA funding available**. Technology Career Institute
Mon–Thurs, 7/19–12/13, 3–9:30 PM. *No class on 9/6, 11/11 & 11/24–25.* 6 hours each day.

► **Register for the FREE information session (details on page 33).**

*Tuition is FREE through the DOL funded America's Promise Grant.

“Machinists will be expected to impress.”

– Machinist Technology Program –

OSHA-10

This OSHA 10 General Industry Safety Card does not expire and is recognized in all 50 states as evidence of knowledge of OSHA regulations. This 10-hour course will also include current Covid-19 mitigation techniques, Covid-19 recording and reporting guidelines, and information on Covid-19 contingency planning in addition to essential safety topics that are relevant to any business, such as Ergonomics, Material Handling, Machine Guarding, Electrical Safety, Emergency Action Plans, Walking Working Surfaces, Fall Protection, Personal Protective Equipment and Hazard Communication.

\$230 Technology Career Institute
Sat, 5/8, 9 AM–5 PM & Sun, 5/9, 9 AM–1 PM

OSHA-30

The 30-hour general industry outreach training course is a comprehensive safety training program designed for anyone involved in general industry. The course provides extensive information on OSHA compliance, safety and health hazards in the workplace, employer responsibilities, workers' rights, hazard recognition, avoidance, abatement and prevention. Successful completion of this course results in a Department of Labor 30-hour OSHA General Industry safety card that is federally recognized in all 50 states and never expires.

\$425 Technology Career Institute
2 Sat & Sun, 5/8–5/9 & 5/15–5/16, 9 AM–5 PM

◆ Quality Assurance Basics for Manufacturing

Manufacturing companies are thriving in San Diego County. That means thousands of products must be inspected to ensure that quality meets or exceeds customer expectations. Whether it's a screw that goes into your body or a solar array on a satellite, it's critical that the part is made or assembled correctly. This 15-hour workshop provides students with an overview of quality assurance concepts within the manufacturing industry. Course topics include:

- Day-to-day job functions
- Inspection and testing topics
- Material certificates, MIL standards and verification
- AS9100 overview
- Auditing overview
- Manufacturing processes
- Documentation

\$275 Technology Career Institute
3 Tues & Thurs, 3/2–3/18, 5:30–8 PM

NEW ◆ Quality Assurance Basics 2 Root—Cause/Problem Solving Analysis

Root cause is fundamental to problem solving. This 20-hour course presents the process and tools to identify the cause of a problem, solve it, and prevent it from occurring again. We focus on understanding root cause analysis as a procedure. The format of the course consists of lecture, practice, and role-playing. Whether your company is manufacturing, financial or service oriented, this course is needed.

Who should attend—Quality, risk, process engineers and managers, technicians, operations, process owners, those who want to improve their ability to solve recurring problems.

\$315 Technology Career Institute
4 Tues & Thurs, 4/6–4/29, 5:30–8 PM

◆ Unmanned Systems (ROV/Drone) Operator Technician Program with FAA Licensing Test Prep

San Diego is a center for innovation and remote operated vehicles (ROV) are becoming the technology of choice for overwater, underwater, aerospace, retail delivery and agriculture industries. Our 420-hour program will employ hands-on training using state-of-the-art technology. Upon course completion, students will be ready to take the FAA Unmanned Aircraft Systems (UAS) Drone Knowledge Test—the required exam needed to pass to get a Remote Pilot Certificate.

Course includes:

- Industrial safety
- Electrical and specialty wiring
- Programmable controllers
- Machine design
- PC base data acquisition and control
- Geographic Information Systems (GIS)
- Electrical and mechanical repair
- Introduction to submersible robotics
- Introduction to ROV/drone careers
- ROV piloting
- Introduction to drones (UAVs)
- Drone piloting
- FAA licensing requirements and regulations
- FAA exam prep

\$6,000 **GI Bill®** and **Sallie Mae** funding available.

Technology Career Institute

Mon–Thurs, 7/19–12/15, 3:00–8:30 PM. *No class on 11/11 & 11/25.* 5 hours each day.

▶ **Register for the FREE information session (details on page 33).**

*Tuition is FREE through the DOL funded America’s Promise Grant.

◆ Welding I Program

Designed to train students to qualify for an American Welding Society (AWS) code, this 132-hour course will explore basic welding processes and procedures, safety, interpretations of blueprints/shop drawings, metallurgy, fabrication tools, welding qualifications and procedure qualification. In addition, students will receive a significant amount of hands-on training in:

- Shielded Metal Arc Welding (SMAW)
- Gas Metal Arc Welding (GMAW)
- Flux Core Arc Welding (FCAW)

\$2,400 **GI Bill®**, **Sallie Mae** and **WIOA** funding available.

Landes Recreation Center

2855 Cedar Road, Oceanside

11 Tues, Wed & Thurs, 1/26–4/8 & 4/13–6/24, 5–9 PM

19 Sat, 1/23–6/19, 9 AM–4:30 PM

No class on 2/13, 4/3 & 5/29.

19 Sun, 1/31–6/27, 9 AM–4:30 PM

No class on 2/14, 4/4, 5/30.

◆ Welding and Metal Fabrication

Interested in expanding upon your newly acquired skills from our Welding I class by getting some hands-on experience? If so, this 60-hour class is a great opportunity to practice and expand upon existing skills. Topics will include class projects, which include:

- SMAW, GMAW & FCAW welding processes
- Plasma arc cutting
- Blueprint Reading
- Basic tool safety and “tools of the trade” suggested checklist for welders/fabricators.
- Hands-on experience with the ironworker, cold saw and band saw.

Students will also learn math fabrication skills, job steps from start to finish, tacking, squaring and order of welding and basic critical thinking.

\$985

Landes Recreation Center

2855 Cedar Road, Oceanside

15 Mon, 1/11–5/3, 5–9 PM. *No class on 1/18 & 2/15.*

NEW Massage Therapy Program | CAMTC Approved

500 hours completed in just ONE semester

Whether you are a beginner looking for a first-rate training and professional qualification or a qualified therapist wishing to further your knowledge and skills, MiraCosta College's Massage Therapy training program is just right for you. Our newly revised Massage Therapy program is held, Tuesday-Friday and some Saturdays. This 500-hour program has a maximum student number, ensuring close supervision for each learner. Massage therapists can specialize in many different types of massage modalities.

Swedish, deep-tissue and sports massages are just a few of the many modalities of massage therapy. This program is designed for anyone who meets the prerequisites and is interested in becoming a massage therapist, sports massage therapist or starting their own massage business.

Kevin Whitfield, Keoni Salgado, Tania Yager / \$6,500 due at time of registration. **Sallie Mae funding available.** Students are required to purchase and wear white or black short/cap sleeve shirt (polo/athletic style), dark/khaki knee/ankle length pants and closed-toed shoes while working with the public. Students will also bring personal sanitizer, a clean sheet and massage lotions.

Classes will begin online. Once we are able to meet in-person, as health regulations allow, classes will resume at the Oceanside campus in room T520.

Textbooks: Course requires you to purchase three textbooks for an approximate cost of \$200 total. List will be sent prior to class.

Tues-Fri, 2/23-8/05/2021, 1-7 PM & Sat, 7/17, 7/24 & 7/31, 9 AM-3 PM. *No class on 3/23-3/26/2021.*

► **Register for the FREE online information session: Wed, 1/20 at 5:30 PM (details on page 33).**

Phlebotomy Technician Program with NCCT Exam

MiraCosta College Community Education & Workforce Development, in partnership with PhlebotomyU, is proud to offer this excellent opportunity for those seeking to enter the medical field as a CPT1 phlebotomy technician.

Students are required to complete:

- A minimum of 20-hours in basic phlebotomy
- A minimum of 20-hours in advanced phlebotomy
- A minimum of 40-hours in a laboratory course in applied phlebotomy
- 40-120 hours of clinical externship in a healthcare setting

Students who pass the course will also be eligible to take the certification examination offered by the National Center for Competency Testing (NCCT) in class at the conclusion of the course. Upon successful completion of the course, participants will be issued a state-approved training certificate.

Note: A \$100 California CPT 1 License Application fee, BLS Certification and all immunization are not included in the tuition fee and must be paid by the student. High school diploma or GED required.

\$2,750 **GI Bill®**, **Sallie Mae** and **WIOA** funding available.

Additional Fees: A \$90 National Examination Fee and a \$100 Background Check and Drug Screen Fee will be collected at the time of registration with the tuition fee.

Technology Career Institute, 2075 Las Palmas Drive, Carlsbad, Room 100

Mon, Wed & Fri, 3/15-5/14, 5-8:30 PM

Externship: Clinical externships will be provided and supervised by our phlebotomy program staff.

► **Register for the FREE online information session: Tues, 2/2 at 5:30 PM Livestream (details on page 33).**

◇ Veterinary Assistant Program

Become a veterinary assistant in just a few months! This 65-hour program will provide students with an overview and entry-level training. Learn basic animal care principles and techniques, safety procedures and state/federal guidelines. Topics include:

- Basic anatomy and physiology
- Basic radiology
- Small animal breeds
- Animal nutrition
- Parasite control
- Record-keeping and veterinary office procedures
- Client relations and communications
- Veterinary medical terminology, hospital patient care and surgical preparation

Students will learn laboratory techniques and customer representative skills appropriate for a veterinary assistant. This class is an entry-level and is NOT a veterinary technician training program, which requires a two-year American Veterinary Medical Association (AVMA) accredited degree program.

Supplies: Students will need to purchase the book, *Veterinary Assisting Fundamentals & Applications* by Beth Vanhorn & Robert Clark and *Animal Restraint for Veterinary Professionals* by C.C. Sheldon, James Topel and Teresa Sonstagen (available on amazon.com) prior to the first class session.

\$1,090 **GI Bill®**, **Sallie Mae** and **WIOA** funding available.

Additional Fees: A \$15 lab fee will be collected at the time of registration with the tuition fee.

Technology Career Institute
2075 Las Palmas Drive, Carlsbad, Room 100

10 Sat, 3/6–5/22, 9 AM–4:30 PM

No class on 4/3 & 5/15.

Externship: We strongly recommended a minimum of 80 externship hours at the conclusion of the training (this is required for anyone receiving funding from an outside organization).

► **Register for the FREE information session now: Wed, 2/3, at 5:30 PM Livestream (details on page 33).**

Child Visitation Monitor Livestream

Are you looking for a career opportunity in which you can work within the community, gain valuable experience and make a difference in the lives of children and families? Consider becoming a Professional Child Visitation Monitor; a position that is always in demand. Average pay for monitors is \$30–\$60 per hour, depending on the case. Sometimes, based on issues of protection and safety, a judge will order that a child only have contact with a parent when a neutral third person is present during the visit. The monitor's responsibility is to ensure the safety and well-being of the children involved. This comprehensive course satisfies the state's 24-hour training requirement. You will learn California policies and procedures, as well as your role as a monitor. Upon completion, you will also receive a Certificate of Accomplishment and forms necessary to register with San Diego Superior Court.

Note: Must be at least 21 years old and have a clean record. A small business license is required if you want to work independently as a child visitation monitor. Participants will eventually get fingerprinted upon registering name with the superior court and apply for a business license. This comprehensive course satisfies the state's 24-hour training requirement. Instructor will send an email with Zoom link before class begins. This is an accelerated online course, with only 6 sessions. There will be several breaks in between class time.

Supplies: A \$65 material fee to be paid directly to instructor. Instructor (Jazmin Mundo) will send a link prior to the start of class to pay materials fee. Material (handbook) will be shipped to students by instructor. Jazmin Mundo / \$329 Early Bird Special \$315 (Register BEFORE 2/12 for this rate) **WIOA funding available.**

6 Tues, 2/23–3/30 9 AM–1 PM

► **Register for the FREE Online information session now: Wed, 2/3 at 6 PM (details on page 33).**

◇ Scuba Diving Instructor Program

MiraCosta College Community Education & Workforce Development now offers a rigorous GI Bill® funded Professional Scuba Diving Instructor program. We have created a 1033-hour course that prepares students for Professional Association of Diving Instructor (PADI) membership and certification.

The program includes the following courses:

- Open water
- Advanced open water
- Emergency first response
- Rescue diver
- Dive master
- Assistant instructor
- Emergency first response instructor
- Cylinder inspector and technician
- HAS instructor
- Open water SCUBA instructor and MSDT prep

This program is self-paced. To receive certificates, students must complete all classes and dives.

\$21,594.30 (includes all coursework, boat dives, materials and scuba gear) **GI Bill® funding available.**

Additional fees for PADI application, membership and certification will be required. These fees are the responsibility of the student and are to be paid directly to PADI or the certifying agency.

Start Dates: Ongoing Various diving locations

For VA funding, payments and enrollment questions, call MiraCosta College Community Education & Workforce Development at TCI: 760.795.6820.

NEW Financial Planning Analyst Livestream

Financial planning is a growth industry as more consumers become concerned with retirement income planning and other financial goals. There are new positions opening and there are many retiring planners, which create hiring opportunities. A Financial Planning Analyst works side-by-side with experienced planning professionals creating financial plans. You will help gather and organize the data for the plan. You then will use specialized planning software to model scenarios to test the limits of the financial plan. Your importance to the planning firm is creating planning reports that the professional uses to coach clients in their finances. Jobs exist in two-person offices up to mega-firms, such as Merrill Lynch and UBS. This entry-level position is foundational to a career path leading to Certified Financial Planner® status. This is a 52-hour livestream instruction course and will require at least 50% more of self-study and computer practice.

Note: Students will need to have access to a computer during and away from class-time. Access to a computer is required both during class time and for homework purposes. An internet connection with the ability to upload and download is the minimum requirement, as much of the class will be interactive work needing a sustainable connection. A working webcam and microphone are also required as these will be Zoom (Webex, etc..) sessions needing personal interaction with the instructor and in groups. There may be short breaks during classes.

David Smith / \$1,100 Early Bird Special \$770 (Register BEFORE 2/12 for this rate) / Online

Tues, Wed & Thurs, 2/23–3/23, 5–9 PM, 5–8 PM. 52-hour course.

INSTRUCTOR BIO:

David F. Smith, PhD, CFP®, holds a doctorate in Business Administration, master's degrees in both Financial Planning and Management and an undergraduate degree in Economics from Harvard University.

During his forty-year career in financial planning, Dr. Smith has trained beginning planners in the fundamentals of financial planning and guided experienced professionals in complex planning concepts. Additionally, he is a board member of the Financial Planning Association, which provides insight into the industry, as well as job opportunities for those taking his courses.

Real Estate License Program

An accelerated 4-month program that includes licensing exam preparation.

The Real Estate License Program provides the perfect training for those students planning to enter the real estate profession, as well as opportunities for those currently working in real estate and related areas to increase knowledge in this field. MiraCosta's Real Estate Program has moved to Community Education & Workforce Development and will no longer offer college credit. However, the duration of the course has been shortened to four months/150-hours and includes testing preparation and the opportunity to take the real estate exam at the end of class.

Course includes: Real Estate Principles, Real Estate Practice, Legal Aspects of Real Estate, Mastering Real Estate Math and Exam Preparation.

CERTIFICATIONS: If students attend all classes, complete the necessary coursework and pass the required tests, students will receive a MiraCosta College Certificate of Accomplishment. Licensing to become a real estate salesperson is conducted by the California Department of Consumer Affairs Bureau of Real Estate (BRE). To obtain a California Real Estate Salesperson license, candidates must first qualify for and pass a written examination. For information about state licensing, go to bre.ca.gov.

Note: Instructor will send an email with Zoom link for online portion of the class. Online class will be recorded for students that cannot participate in the designated online time.

\$350 per course, or save and sign up for all three courses for \$900

GI Bill® and Sallie Mae funding available.

Required Textbooks: *California Real Estate Principles* by Walt Huber 15th edition ISBN-10: 1626842175, *California Real Estate Practice* by Walt Huber, Arlette Lyons, 8th edition ISBN-10: 1626842523 and *Essentials of Real Estate Economics* by Mckenzie, Betts & Jensen, 6th edition ISBN-10: 053873969X (available on amazon.com)

EARN A COLLEGE A DEGREE
miracosta.edu/credit

Begin your journey with us through adult high school, short-term vocational, noncredit courses and English as a second language.

In our credit program, you can earn a degree or certificate, complete your first two years of college and transfer to a four-year university, or take classes to advance your career. Scholarships and financial aid are available! With MiraCosta Promise, all first time, full-time students receive tuition free for two years.

Online Electronics/Robotics

MiraCosta Community Education & Workforce Development, in partnership with George Brown College, is proud to offer six interactive and highly innovative distance education programs that combine state-of-the-art lab simulation with award-winning curriculum. The program content is delivered on CD, DVD or USB drive and is supported through the online virtual campus.

Automation Technician

The AT program provides an introduction to industrial automation, including digital electronics, process control, and programming of PLCs, robotic and SCADA systems.

Fee: \$1,850 WIOA funding approved.
Or pay as you go (cost per module available at miracosta-gbc.com).

Electronics Technician

The ET program covers the fundamentals of electronics and prepares students for further on-the-job training as a consumer, commercial or industrial electronics service technician.

Fee: \$1,750 WIOA funding approved.
Or pay as you go: initial registration **\$430** and **\$60** for each of the remaining 22 modules.

Electromechanical Technician

The ET program is designed to provide students with a foundation in electromechanical technology, such as industrial maintenance, design and installation, technical services, technical sales and industrial research.

Fee: \$1,800 WIOA funding approved.
Or pay as you go: initial registration **\$430** and **\$60** for each of the remaining 23 modules.

Robotics Technician

An introduction to industrial robotics, this course explains how they are used in plants or manufacturing systems.

Fee: \$1,650 WIOA funding approved.
Or pay as you go: initial registration **\$570** and **\$90** for each of the remaining 12 modules.

Programmable Logic Controllers (PLC) Technician

The basic introduction to PLCs, this program is designed for people with little or no background in the area. Visit the website listed below for more information.

Fee: \$1,800
Or pay as you go: initial registration **\$450** and **\$75** for each of the remaining 18 modules.

Programmable Logic Controllers II (PLC) Technician

The PLC Technician II Certificate provides a more advanced study of PLCs, introducing tag-based addressing, DCS and SCADA systems.

Fee: \$1,800
Or pay as you go: initial registration **\$450** and **\$75** for each of the remaining 18 modules.
