BACKGROUND

Student Learning Outcomes (SLOs) identify the knowledge, skills, abilities, and attitudes that students will be able to demonstrate as a result of their engagement in a particular course, program, or collegiate experience. Institutional Student Learning Outcomes (ISLOs) are the larger lessons that students take from their educational experiences at MiraCosta College and apply to their courses, their careers, and their lives. Together, institutional, program, and course-level student learning outcomes represent a common set of expectations around which the college’s core offerings are organized. Course-level SLOs are available to students in their course syllabi and in the official course outlines.
