The English Language Institute (ELI) offers international students the opportunity to increase their English language proficiency and develop the skills needed to succeed at a college or university in the United States. This eight-week intensive English as a second language (ELI) program provides individualized instruction in small class sizes. The program is designed for students with a minimum of one year of English language training at high school or college level. This class may not be appropriate for advanced ESL students or students with a TOEFL score greater than 500 paper-based or 46 IBT. Students must be at least 18 years old or meet our minor policy requirements. Our International Student Office will issue 1-20’s. We accept students with an F1 or B visitor visa or any visa where “enrichment” or “study” is permissible.

Instructional components include:
- TOEFL preparation
- Study of American culture
- Computer literacy development of study skills
- Integrated academic preparation in reading, writing, listening, speaking and grammar

Fee: $1,915 (includes instruction, application fee, books and student services.) Health insurance is an optional fee of $380 for 3 months. Students must purchase our insurance plan or purchase their own insurance plan that meets our requirements (Fees subject to change.)

Location: Oceanside Campus, Room T510

How to Draw Caricatures
All experience levels are welcome. Having fun drawing someone’s face is the definition of caricaturing. It’s the process of exaggerating the likeness of a person. But, a good caricature must capture more than just a likeness; it must also capture the personality and essence of the person. In many ways, a good caricature can be more recognizable than a plain, traditional portrait. You will be shown how to do this (many demos) in this class!

Fee: $135. Early Bird Special $125 (Register BEFORE 3/20 for this rate)
Supplies: A $3 materials fee will be collected in class. A supplies list will be included with your student confirmation upon registration.
Instructor: Stan Stevenson

Getting Started with Your dSLR
In this workshop, you will learn how to set up your camera to optimize the quality of your photographs. We will cover important topics of white balance and ISO, allowing you to shoot under difficult conditions. Additionally, you will learn about the little icons on your shooting dial. After you have completed this class, you’ll be able to take pictures right away!

Fee: $57
Supplies: A $3 materials fee will be collected in class. Please bring your camera and manual to class.
Instructor: Terry Matsuoka
Location: San Elijo Campus, Room 303
Time: 1 Tuesday, 2/11, 6:30–8:30 PM
Location: Oceanside Campus, Room 3103
Time: 1 Wednesday, 4/22, 6:30–8:30 PM

From Good to Great Photos: Understanding Aperture and Shutter Speed
Even if you didn’t realize it, this is probably why you bought your dSLR in the first place. Aperture and shutter speed can be daunting concepts to understand on your own. Once you master these aspects of photography, it’s what is going to separate your pictures from the rest. We will also take a look at some of the pictures you took after your first session for constructive evaluation. After this class, you’ll be able to practice depth-of-field and capture motion and time.

Fee: $57
Supplies: A $3 materials fee will be collected in class. Please bring your camera and manual to class.

Digital SLR Photography Series
Introductory digital SLR photography series can be taken as individual courses for $57, or together for only $135!

The photography topics are interrelated and affect one another, so we recommend you take all three (Getting Started with Your dSLR, Aperture and Shutter Speed and Making Shooting Perfect Pictures Easy) to get a complete understanding of the camera and picture-taking.

Making Shooting Perfect Pictures Easy
The primary strategy for achieving great pictures is proper lighting, no matter what kind of camera you have. To make getting that perfect shot easy, we will cover lens focal length, exposure compensation, bracketing, auto focus points and flash. You will be surprised at how advanced you become after this class.

Fee: $57
Supplies: A $3 materials fee will be collected in class. Please bring your camera and manual to class.

Getty Villa Museum
Saturday, February 29, 2020
A visit to the Getty Villa offers an exceptional experience enjoying ancient Greek and Roman art in a setting that recreates a first century Roman villa. Tranquil gardens, serene fountains, arbors, reflecting ponds, plant species from the ancient Mediterranean and 3,000 square feet of expanded exhibition space awaits you. Just north of the city of Malibu, the Getty Villa exhibitions include antiquities that span 7,000 years from the end of the Stone Age to the fall of the Roman empire. You will see items from the J. Paul Getty collection that are now out of the vault thanks to the luxury of a newly constructed gallery. We recommend that you bring a snack to eat on the bus. You are welcome to bring lunch to eat on site or grab a bite at the Café which serves casual Mediterranean-inspired fare and has indoor and outdoor seating.

Fee: Book Early for $69. For booking made after 2/20, fee will increase to $79.
Guide: Staff
Activity Level: Easy
Note:
• Includes transportation and admission to the Villa.
• We recommend that you bring a snack to eat on the bus. No-host lunch at the Villa (serves casual Mediterranean fare), or you may bring your own lunch to eat at the site.
• Wear very comfortable walking shoes. Sunscreen and/or hat is recommended.
Depart: Oceanside Campus, 8:30 AM. Return: approx 6:30 PM.

EXCURSIONS

Borrego Springtime Wildflowers, Desert Sculptures and Julian
Saturday, March 28, 2020
Explore the allure and wonder of the “uncommon and unspoiled” Anza-Borrego Desert. Come with us on an inspiring day trip where we will be greeted by the vibrant oranges, blues, reds, pinks and yellows of the monkey flower, sand verbena, desert pincushion, desert dandelions and blooming barrel cacti, just to name a few. Let out your inner artist and bring your camera or colored pencils and sketch book to capture the desert’s beauty. Along the way, be on the lookout for massive, freestanding sculptures. Once at the reserve, plan to take a walk for glimpses of local flora and fauna up close. A stop at the Borrego Springs Visitor Center and Museum is on our agenda where you will find some interesting and informative exhibits, as well as a fully stocked bookstore. On our way back to Oceanside, we will be visiting the historic mining town and mountain getaway of Julian. Here you can step back in time to the days of Julian’s beginnings rooted in the 1870s gold rush. In this charming and rustic town, there will be an opportunity to have a well-deserved, delicious meal and famous apple pie at one of the local eateries (a no host lunch).

Fee: Book Early for $89. For booking made after 3/3, fee will increase to $99.
Guide: Staff
Activity Level: Easy (There will be a lot of walking in Borrego Springs.)
Note:
• Includes transportation.
• Don’t forget your hat, comfortable walking shoes and sunscreen.
• Dress casually in layers suitable for cool and/or warm weather
Depart: Oceanside Campus, 8 AM. Return by approximately 7 PM

Hamilton—The Broadway Musical at Pantages Theatre

Saturday, May 9, 2020

Come see one of the most talked about Broadway Musicals, Hamilton, at Hollywood’s Pantages Theatre! With nine Tony Award Nominations and 9.68 critic rating, it’s no wonder it’s been so hard to procure tickets for this show. Pure ambition and the political personal maneuverings of a social climber make Hamilton’s story ripe for exploitation on the stage. Lin-Manuel Miranda, creator, uses rap music, lyrics and fun theatrical dance numbers to recreate the ambitious leanings of an intelligent administrative genius. From orphan to George Washington’s right-hand man, rebel to war hero, to our nation’s first Secretary of the Treasury, Hamilton brings the incredible story of Alexander Hamilton to the stage in an ingenious way. We will head to Hollywood & Highland Center so you can see some sights, shop and purchase snacks or lunch. The show is at 2 PM and it is two hours and 50 minutes (including intermission). **Tickets are expected to sell out quickly, so purchase your tickets soon!**

Fee: $225

Guide: Rose Khon

Activity Level: Easy

Note:

- Includes transportation and tickets in the front Mezzanine D sections. There are no elevators to Mezzanine seats.
- This musical includes actors rapping their lines in a hip-hop style, some of which may include explicit language.

Depart: San Elijo Campus, 9 AM. Return: approx 8 PM.

Become a Notary Public the Smart Way in One Day!
Making more money is always a great idea and shows your amazing initiative! Establish yourself as a notary public, earn additional income and provide a service to your community. Notary skills are valuable in almost any industry: real estate, legal, medical and banking to name just a few. This six-hour state-approved seminar gives you the knowledge to pass the notary exam and practice as an effective notary. The class will focus on new legislation, passing the test (must be taken every four years), how to identify document signers, keeping a journal, completing certificates properly and how to avoid lawsuits. After becoming a notary, train to become a loan signing agent and make $200 to $400 per signing. You will be a part of a rewarding and lasting career. Must be at least 18 years old and have a clean criminal record.

Note: You are automatically registered for the official state exam directly following the seminar. See box to the right regarding the notary test.

Due to state regulations, no one will be admitted to the classroom after 8:30 AM. In addition, you must be on time when returning to the classroom from all breaks. Refunds will not be issued.

Fee: $99
Supplies: A $35 materials fee (cash or check*) will be collected in class.
Instructor: Notary Public Seminars, Inc.
Location: Oceanside Campus, Room 3101
Time: 1 Saturday, 3/7, 8 AM–6 PM

Renewing Notaries
Need to renew your notary commission? We’ll feature the new state laws and give you a brush-up on general law to make sure you haven’t fallen into any bad habits. Your commission must be current to be eligible for the three-hour seminar. Renewing notaries must take the exam and submit Live Scan fingerprints again. Option: the six-hour notary public education course satisfies the requirement for a three-hour refresher course.

Note: You are automatically registered for the official state exam directly following the seminar. See box to the right regarding the notary test.

Fee: $50
Supplies: A $35 materials fee (cash or check*) will be collected in class.
Location: Oceanside Campus, Room 3101
Time: 1 Saturday, 3/7, 12:45–6 PM

Notary Testing
Need only the notary exam? Preregister with MiraCosta College Community Education or pay at the door. A six-hour approved course must be completed before you are eligible to take the notary exam (see information below regarding the notary test).

Fee: $30
Location: Oceanside Campus, Room 3101
Time: 1 Saturday, 3/7, 3:45–6 PM

For regular notaries, renewing notaries and those taking just the test, Cooperative Personnel Service will register you for the exam from 3:45–4:45 PM. The exam will be from 4:45–5:45 PM. If you are taking the exam, you will need to bring the following with you: $40 check made payable to “Secretary of State,” current CA driver’s license with photo or state-issued ID card, a 2”x2” color passport photo of yourself and two #2 pencils. If you took your notary class online, you MUST have your certificate of completion with you. Live Scan fingerprints are required after you pass the exam. Serious convictions may disqualify applicants.

Become a Loan-Signing Agent —Certificate Awarded
In this one day workshop, the expert instructors at Notary Public Seminars will teach you how to brand yourself as a professional in the market and provide you with a simple strategy to launch your new business. Loan signing agencies are hiring and many require that you have a certificate. Additionally, you will learn how to notarize a loan package from any bank, negotiate your signing fee, get repeat business, what you should and should not discuss with your clients and how to get signed up with busy signing agencies.

Prerequisite: Must be a notary public or have taken a notary class.

Fee: $99
Supplies: A $40 materials fee and a $20 certificate fee (optional) will be collected in class by cash or check*
Instructor: Notary Public Seminars, Inc.
Location: Oceanside Campus, Room 3101
Time: 1 Saturday, 3/14, 10 AM–4 PM

*Please make check payable to Notary Public Seminar
Human Resources Certificate Program—3 Fridays!

Our HR Certificate Program is appropriate for individuals who are not yet HR professionals and for HR veterans who wish to update their skills. This program was developed to enable participants to complete their studies in just three days and has been approved for 23 general recertification credit hours toward PHR, SPHR, and GPHR recertification through the Human Resource Certification Institute (HRCI). All content is designed to address core HR competencies:

- History and role of human resources in today’s workplace
- Creating and administrating an effective HR department
- Compensation, benefits and retirement programs
- Staffing (recruiting and retention) strategies
- Employment law and compliance hot topics
- Effective employee relations and termination

Fee: $98/class or $530 for all six sessions
Instructor: Nadia Ardebili
Location: Technology Career Institute, SBDC Training Room
Time: 3 Mondays, 3/2–3/16, 8:30 AM–12:30 PM & 1:30–5:30 PM

HR CERTIFICATION INSTITUTE

"I will use Nadia for consulting for my company. I can't stress how she made having topics fun and interesting. She is a powerhouse of knowledge all presented with huge amounts enthusiasm and humor. I would highly recommend this class to anyone that will listen to me. I would entertain the thought of taking the class again in a year as a refresher.

COMMUNITY EDUCATION & WORKFORCE DEVELOPMENT
SPRING 2020

HOW TO APPLY FOR WORKFORCE TRAINING

We can issue a certificate for 20 hours. Any program over 20 hours, students will have the opportunity to earn a certificate of completion. Our programs under 20 hours will typically accept students ages 15 years or older.

Note: For our longer workforce training programs and outside funding sources, there may be additional forms and documents that are required.

To apply for our short workforce training programs, please visit our website’s main page. Then follow the steps below:

1. Log in or create a new account.
2. Click “Search Records” and then “Student Interest Form.”
3. Click “Create New” on the right side of your profile information.
4. Click “Additional Documents” and drag your mouse to the right of the Application and click “Create New.”
5. Click “Save Record” on the right side of the page.
6. Repeat steps 1-4 for the Medical Form only if you are taking Welding, Machinist Technology, or CNC Operations.
7. Submit a photo ID in person or via email to tci@miracosta.edu.

Certificate Information

For any program over 50 hours, students will have the opportunity to earn a certificate of completion. Our programs under 50 hours will typically accept students ages 15 years or older.

Refund Policy

Refunds will be made up to five working days prior to your class start date. A $25 cancellation fee will be retained for each refund. There are no refunds given once the program begins. If you are enrolled in a program or course in the community education program, you will be charged $25 for each refund issue.

◊ Basic Electronics  
An introductory, 50-hour course that teaches students the basics of electronic technology. Students experiment with direct current, series-parallel circuits and transistors/semiconductors. Additional topics include: study of Ohm’s law, Watt’s law, use of electronic components, basic soldering, oscilloscopes, digital volt meters, bread-boarding electronic circuits, basic computer troubleshooting and basic AC circuitry.  
Reduced Fee: $450  
Location: Technology Career Institute  
Time: 10 Mondays & Wednesdays, 2/10–4/20 6–8:30 PM. No class on 2/17.

◊ Blueprint Reading with GD&T  
In this 30-hour hands-on class students learn to read and correctly interpret blueprints used in the manufacturing trades. They will get an opportunity to draw and edit simple blueprints through step-by-step development of multi-view drawings. In addition, students will learn the basics of geometric dimensioning and tolerancing (GD&T). This course is the perfect introduction to GD&T, symbols, applications and methods of inspection.  
Fee: $250  Admin Fee: $150*  
Location: Technology Career Institute  
Time: 6 Tuesdays & Thursdays, 1/28–3/5 6–8:30 PM

◊ Biomedical Equipment Technician Program (BMET)  
Biomedical Equipment Technology plays a vital role in patient care through the inspection, maintenance and repair of medical devices. MiraCosta’s 486-hour BMET Program will train students to troubleshoot, repair monitor and maintain electronics-based biomedical instruments and equipment. The program was developed as a result of increasing demand for biomedical equipment technicians (BMETs) in the San Diego County region. Courses build on lecture topics through extensive hands-on application in the areas of:  
• Fundamental electronics  
• Human anatomy  
• Advanced troubleshooting  
• BMET career readiness  
Fee: $6,000  Admin fee $350*  GI Bill® funding approved.  
Register for the FREE information session (details on page 39).

Location: Technology Career Institute  
Time: Monday–Thursday, 7/27–12/17, 8 AM–2:30 PM. No class on 9/7, 11/11 & 11/26. 6 hours each day.
**BrewTech Program**

San Diego is well known as the craft beer brewing capital of the United States with over 150 active brewhouses and more scheduled to open soon. MiraCosta’s 280-hour BrewTech Program is designed to train students to become productive brewers while gaining confidence in the brewhouse, cellar or packaging line. As one of the premiere craft beer programs in the San Diego area with an on-site brewery, this class will focus on ‘grain-to-glass’ hands-on experience. The curriculum, including recipe development, wort production, cellar practices and packaging, is designed to train students to become a turnkey brewery technician. Classroom material covers the chemistry and biology of beer production and will introduce students to brewery equipment. Industry tours around San Diego will expose students to multiple brewing applications that will serve to enhance their knowledge of craft beer production. Students will also gain workplace skills training that will further add to their employability.

**Fee:** $4,000  
**Admin fee:** $350  
**GI Bill® funding approved.**

**Location:** Landes Recreation Center, 2855 Cedar Road, Oceanside

**Time:** Tuesday–Thursday, 8/25–12/5, 4–10 PM, 8 Saturdays, 8/29, 9/12, 9/26, 10/10, 10/24, 11/7, 11/21 & 12/5. 8 AM–2:30 PM. No class on 11/24–11/26. 280 hours.

“I drove over an hour to get to and from class each day and it was extremely worthwhile. Fantastic program! The instructor was great! He was very friendly, approachable and straight forward.”

– Carrigan Henkel, Student

**Computer Numerical Control (CNC) Operation**

Computer numerical control (CNC) is the automated control of manufacturing machining tools (drills, boring tools, lathes) by means of a computer. In this 112-hour course, students will learn safety, terminology, and basic blueprint reading, as well as interpretation of G&M codes, and operation of both a HAAS CNC mill and lathe. Students will also get exposure to CAD/CAM software. Course material and activities are provided via demonstrations and hands-on instruction.

**Fee:** $2,100  
**Admin Fee:** $175*  
*Tuition is FREE through the DOL funded America’s Promise Grant.

**Location:** Technology Career Institute

**Time:** 14 Saturdays, 1/25–5/9, 8 AM–4:30 PM. No class on 2/15 & 4/11.
CNC Programming—Introduction
Using MasterCam Mill
In this 30-hour introductory course, students learn how to design basic CNC programs for a three-axis CNC milling machine. Students will be instructed on G&M codes, Boolean logic and machine and control definitions. In addition, the class will cover basic aspects of post configuration, variable definitions, formatting, post lines, post text, modality and control definitions.

Fee: $250  Admin Fee: $125*
Location: Technology Career Institute
Time: 6 Sundays, 2/2–3/15, 9 AM–2:30 PM
No class on 2/16.

CNC Programming—Intermediate
Using MasterCam Mill
MasterCam is the most widely used CAM software in the industry and this intermediate, 30-hour course will provide students with trade-specific tips and tricks, whether they are in the production or the programming. This course also teaches additional topics for more intricate programs and designs. HAAS simulators will be used to test run the programs.

Fee: $250  Admin Fee: $125*
Location: Technology Career Institute
No class on 4/12.

Digital Precision Measuring
Using a Portable CMM
An introduction to metrology using a portable CMM and Verisurf CAD software. Students will learn the basics of inspection, measurement, analysis and reverse engineering. This course is for individuals working within the advanced manufacturing environment.

Fee: $200  Admin Fee: $75*
Location: Technology Career Institute
Time: 5 Tuesdays & Thursdays, 3/31–4/30, 6–9 PM

Electronic Assembly
Learn the necessary training to become an electronic assembler at an advanced manufacturing company:
• Soldering through-hole and surface mount single-lead/multi-lead components
• Soldering multi-pin IC chips
• Measuring and cutting wire
• Trimming insulation, crimping, connectorizing, molding and insulating connector ends
• Wrapping, bundling, shielding, insulating and security cable harnesses
• Mounting modules, components, connectors, cables and harnesses into chassis

In this 80-hour course students will work toward IPC certification. In addition, students will learn the role of production in the manufacturing system and how certain skill sets, such as reading and analyzing acceptance criteria, testing, documentation and soldering are integral to the job.

Fee: $1,800  Admin Fee: $220*
Certification: A $65 certification fee will be collected.
Location: Technology Career Institute
Time: 10 Sundays, 2/2–4/19, 8:30 AM–5 PM
No class on 2/16 & 4/12.

Introduction to Electromechanics
Electromechanical technicians combine knowledge of mechanical technology with knowledge of electrical and electronic circuits. They install, troubleshoot, repair and upgrade electronic and computer-controlled mechanical systems. In this 60-hour course, students will learn about mechanical systems: solder small electrical boards build, program and operate a 3D printer, troubleshoot a copier and more.

Reduced Fee: $500
Location: Technology Career Institute
Time: 10 Mondays & Wednesdays, 2/3–4/13, 6–9 PM
No class on 2/17.
Engineering Technician Program

Whether you want to work in electronics, aerospace, biotechnology or breweries, this program can provide you with the necessary training.

Engineering technology integrates theory and application in mechanical, electrical and electronic systems, fluid power, automation, robotics and computer software. Our 600-hour program is 75% hands-on, gets students in front of industry leaders and trains students in the areas that companies have requested. Students will receive:

- OSHA certification
- National Career Readiness certification
- 2 days of job shadow experience
- Industry tours and guest speakers
- Career Readiness Bootcamp

Students will experience an accelerated program designed to prepare them with the skill sets to qualify for immediate entry into positions with local industry. Or, if a student has a college degree in this subject area or is interested in pursuing one in the future, this is the perfect supplement to enhance their current or future education.

Fee: $6,750 Admin fee $350* GI Bill® and WIOA funding approved.

Register for the FREE information session (details on page 39).

Location: Technology Career Institute
Time: Monday–Friday, 5/4–8/17, 8 AM–4:30 PM. No class on 5/25.

Introduction to the Internet of Things (IoT)

Remote Monitoring for Equipment and Facilities

In this 15-hour course, students will learn to:

- Develop a complete IoT monitoring application using “Drag n Drop” graphical IDE
- Program Arduino sensor modules to monitor machine vibration
- Store sensor data in a password protected online database
- Access/display data from remote sensors in an online “Dashboard”

Facility management and security are two major focus areas for companies deploying IoT technology. The ability to monitor and maintain equipment located at remote sites without traveling to perform maintenance, as well as the capability to monitor and manage physical facilities using internet technology, speaks to IoT’s vast appeal.—2018 Report from ZDNet and TechRepublic

Fee: $100 Admin Fee: $30*

Location: Technology Career Institute
Time: 5 Thursdays, 2/20–3/19, 6–9 PM

LEAN Six Sigma

LEAN Six Sigma improves business performance by removing waste through Lean manufacturing methods and reducing variation in processes that cause defects by applying Six Sigma Statistical Process Control tools.

In this LEAN Six Sigma Yellow Belt course you will learn how to minimize waste with A3 Problem Solving, Value Stream Mapping, Kaizen and 5S Organization. You will also learn practical Six Sigma tools including DMAIC (Design, Measure, Analyze, Implement and Control), Project Charters, Statistical Process Control with Performance Boards and Pareto Charts, and Failure Modes Effects Analysis.

This LEAN Six Sigma Yellow Belt course will provide you with an understanding of LEAN Six Sigma methodology so that you can perform LEAN process improvement to minimize waste and participate in Six Sigma projects to reduce variation in processes.

Fee: $150

Location: Technology Career Institute
Time: Saturday, 3/14 & Sunday, 3/15, 9 AM–4 PM

* Tuition is FREE through the DOL funded America’s Promise Grant.
Note: The listed administrative fees will be collected upon registration.
Machinist Technology Program

Want to work in the aerospace industry, make medical device parts and accessories or design a new golf club? Gone are the days of the grease-covered, conventional machinist. Today’s machinist must be highly trained with specific skills, working in high-tech manufacturing plants that are clean and innovative. Our nation has a huge shortage of skilled workers. As 77% of skilled Baby Boomers leave the workforce, San Diego County will need to fill thousands of positions over the next 15 years.

To meet this need, we offer a fast-paced, high-level training program. Students will be able to complete this program in 21-weeks (487 hours), with training in shop math, metal properties, reading blueprints, precision measuring, tooling, G&M codes, and manual and CNC machining. In addition, students will receive:

- OSHA certification
- National Career Readiness certification
- Opportunities to attend local industry meetings
- 2 days of job shadow experience
- Industry tours and guest speakers
- Career Readiness Bootcamp
- Apprenticeship pipeline available

Fee: $6,500. GI Bill® and WIOA funding approved.

PLC Design Logic

A hands-on study of PLC programming and logic design using Siemens TIA S7-1200 hardware/software, as well as ladder logic based on a RS Logix 500 emulator. Topics covered during this 30-hour course are hardware components and software interfacing with the PLC, ladder logic using switches, timers and counters, arithmetic operations, MOV operators, logic functions, shift registers and subroutines. Three simulated design projects will be assigned throughout the course. By the end of the course students will be familiar with ladder logic programming and interfacing with PLC controllers, as well as design methodologies for PLC programming.

Note: A basic understanding of electrical circuitry is strongly recommended.

Fee: $300

OSHA-10

Standard OSHA-10 safety course.

Fee: $95

Location: Technology Career Institute

Time: Saturday, 2/22, 9 AM–5 PM & Sunday 2/23, 9 AM–1 PM

OSHA-30

The 30-hour general industry outreach training course is a comprehensive safety training program designed for anyone involved in general industry. The course provides extensive information on OSHA compliance, safety and health hazards in the workplace, employer responsibilities, workers’ rights, hazard recognition, avoidance, abatement and prevention. Successful completion of this course results in a Department of Labor 30-hour OSHA General Industry safety card that is federally recognized in all 50 states and never expires.

Fee: $250

Location: Technology Career Institute

Time: 2 Saturdays & Sundays, 2/22–2/23 & 2/29–3/1, 9 AM–5 PM

UPCOMING CLASSES

- Introduction to Python-xy—Fall 2020
- AutoCAD for Manufacturing—Summer 2020
◊ Unmanned Systems (ROV/Drone) Operator Technician Program with FAA Licensing Test Prep

San Diego is a center for innovation and remote operated vehicles (ROV) are becoming the technology of choice for overwater, underwater, aerospace, retail delivery and agriculture industries. Our new 468-hour program will employ hands-on training using state-of-the-art technology. Upon course completion, students will be ready to take the FAA Unmanned Aircraft Systems (UAS) Drone Knowledge Test—the required exam needed to pass to get a Remote Pilot Certificate.

Course includes:
- Industrial safety
- Electrical and specialty wiring
- Programmable controllers
- Machine design
- PC base data acquisition and control
- Geographic Information Systems (GIS)
- Electrical and mechanical repair
- Introduction to submersible robotics
- Introduction to ROV/drone careers
- ROV piloting
- Introduction to drones (UAVs)
- Drone piloting
- FAA licensing requirements and regulations
- FAA exam prep

◊ Quality Assurance Basics for Manufacturing

Manufacturing companies are thriving in San Diego County. That means thousands of products must be inspected to ensure that quality meets or exceeds customer expectations. Whether it’s a screw that goes into your body or a solar array on a satellite, it’s critical that the part is made or assembled correctly. This 15-hour workshop provides students with an overview of quality assurance concepts within the manufacturing industry.

Course topics include:
- Day-to-day job functions
- Inspection and testing topics
- Material certificates, MIL standards and verification
- AS9100 overview
- Auditing overview
- Manufacturing processes
- Documentation

Fee: $75

Location: Technology Career Institute

Child Visitation Monitor

Are you looking for a career opportunity in which you can work within the community, gain valuable experience and make a difference in the lives of children and families? Consider becoming a Professional Child Visitation Monitor; a position that is always in demand. Average pay for monitors is $30–$60 per hour, depending on the case. Sometimes, based on issues of protection and safety, a judge will order that a child only have contact with a parent when a neutral third person is present during the visit. The monitor’s responsibility is to ensure the safety and well-being of the children involved. This comprehensive course satisfies the state’s 24-hour training requirement. You will learn California policies and procedures, as well as your role as a monitor. Upon completion, you will also receive a Certificate of Accomplishment and forms necessary to register with San Diego Superior Court.

Note: Must be at least 21 years old and have a clean record. A small business license is required if you want to work independently as a child visitation monitor. Participants will eventually get fingerprinted upon registering name with the superior court and apply for a business license. This comprehensive course satisfies the state’s 24-hour training requirement.

Fee: $315

Register for the FREE information session now: Tuesday, 3/17 at 5 PM (details on page 39).

Supplies: A $55 materials fee will be collected in class for training manual. Bring sack lunch or snacks.

Instructor: Jazmin Mundo

Location: Oceanside Campus, Room 3102

Real Estate License Program

An accelerated 4-month program that includes licensing exam preparation.
The Real Estate License Program provides the perfect training for those students planning to enter the real estate profession, as well as opportunities for those currently working in real estate and related areas to increase knowledge in this field. MiraCosta’s Real Estate Program has moved to Community Education & Workforce Development and will no longer offer college credit. However, the duration of the course has been shortened to four months/150-hours and includes testing preparation and the opportunity to take the real estate exam at the end of class.

Course includes: Real Estate Principles, Real Estate Practice, Legal Aspects of Real Estate, Mastering Real Estate Math and Exam Preparation.

CERTIFICATIONS: If students attend all classes, complete the necessary coursework and pass the required tests, students will receive a MiraCosta College Certificate of Accomplishment. Licensing to become a real estate salesperson is conducted by the California Department of Consumer Affairs Bureau of Real Estate (BRE). To obtain a California Real Estate Salesperson license, candidates must first qualify for and pass a written examination. For information about state licensing, go to bre.ca.gov.

Fee: $350 per course, or save and sign up for all three courses for $900
