Instructions for the Completion of Quiz
Corrections

SCANS COMPETENCIES:
Basic skills: Writing, mathematics
Thinking skills: Problem solving
Personal qualities: Responsibility, self-management
Systems: Monitors and corrects performance

On a separate sheet of clean paper:
1. Copy completely each problem on which you missed any points on the quiz.
2. Work out the problem completely and correctly, showing all steps.
3. Explain in English words using complete sentences what you did wrong in the original problem, how you corrected the error, and how you will avoid making that error in the future.
4. Attach your corrections to your graded quiz.

No points will be given unless corrections are complete and the above instructions have been followed.
