ARTICLE 1. AGREEMENT AND RECOGNITION

1.1 This Agreement is made and entered into by and between the Board of Trustees of the MIRACOSTA COMMUNITY COLLEGE DISTRICT ("District") and the MIRACOSTA COLLEGE ACADEMIC ASSOCIATE FACULTY CCA/CTA/NEA ("Association"), and shall be binding upon themselves and their successors for the term hereof. For the term of this Agreement, the District recognizes the Association as the exclusive representative of all credit part-time faculty, part-time librarians, part-time counselors and noncredit part-time teaching faculty in the following departments: English as a Second Language (ESL), Other Noncredit, and Adult High School Diploma Program (AHSDP)/Career Development and Workplace Preparation and noncredit counselors. It is expressly understood that excluded are all faculty teaching in fee-based, not-for-credit courses and programs, POST instructors, FET instructors, faculty coordinators, physicians, MFCC interns, EOPS counselors; all full-time faculty, librarians and counselors; all management, supervisor and confidential employees; and all other employees who hold positions not requiring certification qualifications.

1.2 This Agreement is entered into pursuant to Chapter 10.7 Sections 3540-3549 of the Government Code, which shall be referred to as the “EERA” and shall control over individual contracts with a unit member as to bargaining unit work.

1.3 The parties to this Agreement recognize the value of the work provided by bargaining unit members, and it is not the intent of the District to eliminate the use of unit members.

1.4 In those instances where past departmental, instructional or institutional practices or procedures are in conflict with this Agreement, this Agreement shall prevail.
ARTICLE 2. RIGHTS OF THE ASSOCIATION

2.1 The District shall designate a bulletin board at each of its campuses, to which the Association shall have access for the purpose of posting notices of activities and matters of Association concern.

2.2 The Association may place Association materials in “mailboxes” and electronic mail designated by the District for use by unit members. A copy of materials for general distribution shall be submitted to the Director of Human Resources. The Association shall have access to a voicemail account for Association business.

2.3 Upon request, the Association shall have the right to use campus buildings during regular operating hours without charge so long as it does not interfere with District activities. The association may use space within the designated associate faculty office for storage.

2.4 Upon request, the District agrees to furnish the Association with copies of public records as per the California Public Records Act.

2.5 In the interest of shared governance, unit members shall be appointed (without compensation) by MCCAAF to serve as representatives on any officially designated group that deals substantially with items within the scope of representation, excluding issues covered by AB1725. When such a group is formed with the knowledge of the Director of Human Resources, the Director will notify the President of MCCAAF within ten (10) working days.

2.6 For the negotiation of the successor agreement, the District agrees to pay up to a maximum of 160 total hours for unit representatives at their current hourly rate from Exhibit A for time actually spent at the negotiating table.
ARTICLE 3. RIGHTS OF MANAGEMENT

3.1 All matters not specifically covered by this Agreement are reserved to the District. It is agreed that such reserved rights include, but are not limited to, the exclusive right and power to determine, implement, supplement, change, modify, or discontinue, in whole or in part, temporarily or permanent, any of the following:

a. The legal, operational, geographical, and organizational structure of the District, including the chain of command, division of authority, organizational divisions and subdivisions, external and internal boundaries of all kinds, and advisory commissions and committees.

b. The financial structure of the District, including all sources and amounts of financial support, income, funding, taxes, and debt, and all means and conditions necessary or incident to the securing of same, including compliance with any qualifications or requirements imposed by law or by funding sources as a condition of receiving funds; all investment policies and practices; all budgetary matters and procedures, including the budget calendar, the budget information process, accounting methods, fiscal and budget control policies and procedures, and all budgetary allocations, reserves, and expenditures.

c. The acquisition, disposition, number, location, types, and utilization of all District properties, whether owned, leased or otherwise controlled, including all facilities, grounds, parking areas, and other improvements.

d. All services to be rendered to the public and to District personnel in support of the services rendered to the public; the nature, methods, quality, quantity, frequency and standards of services, and the personnel, facilities, vendors, supplies, materials, vehicles, equipment, and tools to be used in connection with such services; the subcontracting of services to be rendered and functions to be performed, including educational, support, construction, maintenance, and repair services.

e. The utilization of personnel not covered by this Agreement, including but not limited to substitutes, casual and provisional personnel, consultants, and supervisory or managerial personnel, and the methods of selection and assignment of such personnel.

 l. The retirement of unit members.

 m. The layoff of unit members as the result of the exercise of any of the rights enumerated above or as a result of the exercise of any of the rights of the District.

 3.2 All other rights of management not expressly limited by the clear and explicit language of this Agreement are also expressly reserved to the District even though not enumerated above, and the express provisions of this Agreement constitute the only contractual limitations upon the District’s rights. The exercise of any right reserved to the District herein in a particular manner, or the nonexercise of any such rights, shall not be deemed a waiver of the District’s right or preclude the District from exercising the right in a different manner.

 3.3 Exercise of the District’s rights shall be consistent with and limited by law and the specific terms and conditions of this Agreement.
ARTICLE 4.  NONDISCRIMINATION AND SAFETY

The District and the Association agree that they shall abide by Title VII of the federal Civil Rights Act of 1964 and Title IX, as amended, to the extent applicable.

The District will not discriminate against any employee because of membership in or lawful activity on behalf of the Association.

The Association and the District agree not to discriminate unlawfully against any employee covered by this Agreement on any basis protected in board policy, state or federal law including but not limited to age, ancestry, color, ethnicity, gender, gender expression, gender identity, genetic information, marital status, medical condition, mental disability, national origin, parental status, physical disability, pregnancy, race, religious creed, sexual orientation or veteran status of any person, or because he or she is perceived to have one or more of the foregoing characteristics. (See Board Policy 3430)

The District agrees that whenever feasible unit members will be included in any District-sponsored emergency notification systems and trainings that are implemented for full-time and/or contract employees of the District, and the Association agrees that it will make every reasonable effort to aid the District in implementing systems and procedures to ensure the currency and accuracy of the contact information for unit members.

The District administration shall notify a unit member as soon as reasonably possible of any credible personal threat against that person received by the District. A unit member who becomes aware of physical violence or a credible threat against a student or employee, or destruction or credible threat of destruction or property, shall report said to the Office of Public Safety (Campus Police) as soon as safely feasible.

The District encourages unit members to inform the Director of Risk Management of any perceived hazards in the workplace or on campus without fear of reprisal. A Unit member who observes or experiences any hazard that he or she perceives to be unsafe shall report the condition to the Director/Risk Management by either sending an e-mail to riskmanagement@miracosta.edu or by calling that office at (760) 795-6866. The District provides a system of anonymous notification by unit members about hazards at the internal fraud hotline (800) 860-0597. The Director of Risk Management maintains procedures for identifying and evaluating workplace hazards and will annually notify the Association of reports made and the corrective actions taken resulting from those reports.

4.1 The Association shall have one designated seat on any District - safety (Campus Advisory Committee) and emergency preparedness groups (Emergency Preparedness Advisory Group) officially designated by the District. Agendas and minutes for each meeting shall be distributed to the Association’s designated committee representative whether or not he or she attends the meeting.
ARTICLE 5. ORGANIZATIONAL SECURITY/DUES DEDUCTIONS/AGENCY FEE

5.1 Any unit member may sign and deliver to the District administration a form authorizing deduction of dues to the MiraCosta College Academic Associate Faculty CCT/CTA/NEA. Pursuant to such authorization, the District shall deduct the monthly dues from the regular paycheck of the faculty member for each payroll month, summer excepted.

5.2 Such dues shall be directly deposited to CCA/CTA. Such deductions shall be made only upon the submission of written revocable authorization duly completed and executed by the unit member and submitted to the designated representative of the District. Should a unit member’s paycheck be of insufficient amount to meet the authorized dues deduction, no deduction of any amount will be made by the District.

5.3 As provided by Government Code §3546 and prior notice given by the Association to the District, any unit member who is not a voluntary dues payer to the Association shall have an agency fee deducted monthly from the regular paycheck of the faculty member for each payroll month, summer excepted. Such agency fee will be equal to the amount of monthly dues then in effect, less any Hudson deduction and/or adjustment made because the unit member is a unit member at another District wherein CCA or CTA or NEA is the recognized unit for said unit member as per MCCAAF Bylaws.

5.4 The District shall not be obligated to put into effect any new, changed or discontinued deduction unless the change is in the District payroll office prior to the fifth (5th) calendar day of the month prior to its effective date.

5.5 With respect to all sums deducted by the District, the District agrees to furnish within fifteen (15) days following the date of the deduction on the faculty member’s paycheck, an alphabetical list of faculty members from whom such deductions have been made.

5.6 The Association agrees to furnish any information needed by the District to fulfill the provisions of this article.

5.7 The Association shall indemnify and hold harmless the District from any loss, damages or expenses of any form arising from the operation of this article. The Association further agrees that neither any employee nor the Association shall have any claim against the employer for any deductions made or not made as the case may be unless a claim of error is made in writing to the employer within thirty (30) calendar days after the date such deductions were or should have been made, or were transmitted to the unit bank account, whichever is a longer period.
ARTICLE 6. PERSONNEL FILES

6.1 It is expressly understood that personnel files are the property of the District. Unit members, or their designees with written authorization, upon reasonable request and during business hours, shall have the right to inspect their own personnel files during the time they are not required to render services to the District; provided, however, that the right of inspection shall not include materials, ratings, reports, or records that were obtained prior to his/her employment, were prepared by identifiable examination committee members, or were obtained in connection with a promotional examination.

6.2 Any information, except materials relating to ratings, routine District records, reports or records obtained prior to his/her employment, were prepared by identifiable examination committee members, or were obtained in connection with a promotional examination, shall not be entered or filed unless the employee has first been given a copy of the document and an opportunity to comment thereon. Each unit member shall have the right to enter and have attached to any derogatory statement his/her own comments thereon. Apart from student evaluations, no anonymous communications shall be placed in the file.

6.3 The District shall not use in any formal District proceeding affecting the status of a unit member's employment with the District the following: a) any nonevaluation related, anonymous document; or b) any other document unless a copy of said document has previously been given to the employee, excepting routine business records.

6.4 Files are to be accessed only by persons who have a legitimate need or legal authorization to review file contents within the scope of their employment.

6.5 The unit member or designee shall be allowed to receive copies of any documents he/she deems necessary provided that the total number of pages does not exceed fifteen (15). If more than fifteen (15) pages are required, the unit member will be billed for all additional pages at a rate equal to the current per-page rate charged the public for copying any other District documents.
ARTICLE 7. CLASS LOAD AND SCHEDULING

7.1.a Unless otherwise provided specifically within the terms of this agreement, all work assignments to unit members will be made and compensated in increments of LHE (FTE) and be fully reflective of all discipline-based workload measures as defined in Exhibit E, Administrative Procedures for Implementation of Sections 8-14, Board Policy V.B, and all subsequent agreements between the District and the Academic Senate.

7.1.b The content of curriculum, including the categorization of a class as lecture, lab, performance, etc. is an academic and professional matter as defined by AB 1725. The process of assigning the LHE values includes review by the Academic Senate Council, and final approval by the superintendent/president. Before the superintendent/president approves an LHE recommendation from the Academic Senate he/she will provide an opportunity for the Association to comment on the recommendation and those comments will be taken into consideration before he/she makes the final decision. Such notification shall be in writing and the Association shall have a minimum of ten (10) working days to respond in writing.

7.1.c Department chairs/lead instructors shall have the ability to recommend to the dean or administrative designee the scheduling for assignment of unit members up to the maximum percentage allowed by law of the annual contractual full-time faculty workload of thirty (30) LHE (1.00 FTE) divided evenly between fall and spring semesters. The District shall develop and implement procedures to ensure that the maximum allowable legal load is not exceeded. As of January 1, 2009, the maximum legally allowable load is 0.667 FTE, or ten (10) LHE per semester (credit and noncredit), exclusive of intersession terms and department chairs/lead instructors shall have the ability to schedule for assignment unit members up to these limits.

Workloads and affiliated compensation for office hours, flex activities, and special noninstructional assignments as provided within this agreement shall be excluded from computation of assignment limits to the extent allowed by law (Education Code §87482.5). Nothing herein shall preclude the District from hiring or assigning unit members as substitute or temporary employees as otherwise permitted by the Education Code, which the District may do without creating a contract assignment.

1. Class assignments may not be changed once the “My Term Workload” has been signed and submitted (electronically) in SURF indicating acceptance of the job offer without the written consent of the unit member or under the conditions described below:
   a. A full-time faculty member may be assigned to replace a unit member in the event the full-time faculty member’s regular assignment is cancelled or reduced due to insufficient enrollment.
   b. Class is cancelled due to insufficient enrollment.

7.2.a The scheduling and assignment of work shall be at the discretion of the deans/vice president with the understanding that in the event a full-time faculty member’s regular assignment is cancelled or reduced, the full-time faculty member may be assigned to replace a unit member.

7.2.b In determining class assignments for associate faculty, the department chair shall consider at his/her discretion factors such as length of service to the District and evaluations. A unit member who, as of fall 2007, has taught for six or more consecutive semesters (or one semester in each of six consecutive years) will be notified as soon as it appears that he/she may not be offered a class(es)
for the next semester that the unit member had taught for that time. When reasonably possible the notification shall not be later than the department’s final schedule submission. The unit member may request a meeting to discuss the matter with the dean. The meeting will be held within fifteen (15) business days of the request. At such a meeting, the unit member may be represented by an association representative or another individual of his/her choice.

If the Unit member is not satisfied with the results of the meeting with the Dean, he/she may request that the Dean put in writing or email the reason(s) for the non assignment which shall be given within 7 business days from the request. Within 7 business days of the transmittal by personal delivery or email of the written statement of reason(s), the Unit member may appeal the decision of non assignment to the appropriate Vice-President. The appropriate Vice President or his/her designee shall meet with the Unit member and his/her representative, undertake such further investigation as he/she deems necessary and make a final decision concerning the matter.

7.3 Scheduling decisions and the reasons therefore shall not be subject to the grievance procedures set forth herein.

7.4 The District will not consider fringe-benefit eligibility in determining assignments.
8.1 Unit members will have, without charge to the unit member, access to available secretarial support, printing and media equipment and supplies, e-mail accounts, Web pages and campus Internet, mailboxes, staff parking permits, identification, and library cards.

8.2 Unit members will be allowed to sign up for office hour space utilizing existing facilities on each campus to the extent available in order to meet with students.

8.3 The District will maintain secured office space on each campus for the exclusive use of unit members for activity reasonably related to the unit member’s teaching responsibilities and communications. The District will provide table(s), chair(s) and computer(s) with Internet access for use by unit members.

8.5 Unit members shall be eligible to apply for travel and conference funding.

8.6 The District will provide to a unit member the District’s requirements for the use of technology for administrative functions at the time an assignment is offered to the unit member. The unit member must be able to meet those requirements in order to accept the assignment. Administrative functions may include, but are not limited to class rosters, drop sheets, and grade reports. Syllabi are submitted through the portal or via e-mail.

Unit members will be able to access and use the same Course Management System(s) (CMS) approved and supported for the full-time faculty. Training in the use of approved and supported CMS will be available through regular (on-line and face-to-face) workshops open to unit members. Many departments have agreed to utilize standardized technology solutions, these will be discussed with the unit member, along with the expectations for proficiency, at the time the initial or rehire offer of assignment is made.
ARTICLE 9. EVALUATION PROCEDURES

9.1 The major objectives of the evaluation process are to insure that the District has highly competent and qualified academic staff, to improve individual performance, and to encourage professional growth.

9.2 The unit member’s immediate department chair or lead full-time faculty or designee shall perform formal evaluations. A unit member shall be notified as to who his/her evaluator is prior to the observation/evaluation. Upon notification, if the unit member believes the proposed evaluator is biased against the unit member, then the unit member may request to his/her dean that an alternate evaluator be designated. Any change in evaluator will be at the discretion of the dean. The District will review any evaluation forms with the Association for input prior to the implementation of the forms.

9.3 Evaluations shall consist of a visitation/observation by the evaluator and/or the dean, student surveys when appropriate, with an optional response to the visitation/observation and student surveys by the unit member.

9.4 The unit member scheduled for evaluation shall be notified by the fourth (4th) week (of a full sixteen (16)-week semester, or shortened proportionally for shorter sessions) of the unit member’s having commenced instruction. A copy of the evaluation procedure, including evaluation criteria, shall be provided to the unit member at the time of notification.

9.5 Unit members shall be evaluated by a classroom or work site (for example for counselors and librarians) visitation/observation and student survey during the first semester of employment. Subsequent evaluations shall, at a minimum, include student surveys and classroom/worksite visitations/observation at least once every six semesters of employment beginning the fall 2011 semester. At the discretion of the department chair, lead instructor, dean or appropriate vice president additional student evaluations and classroom/worksite visitations may be completed.

a. Visitation/observation process–a classroom (physical or electronic) or worksite will be visited by an evaluator, as described below, who completes a formal evaluation and confers with the associate faculty member.

1. The dean, or designee, will select the course(s) or timeframe in which the scheduled evaluation(s) will take place so the faculty member may be observed under conditions commensurate with his/her assignment.

2. Each evaluation shall be based upon at least one (1) observation, lasting at least fifty (50) minutes. Evaluations are to be based predominantly on the observation.

3. The criteria for evaluation may include:

a) Demonstrated skill in classroom teaching, counseling or library work. These may include:
   (1) Currency and depth of knowledge in the primary areas of responsibility;
   (2) Use of effective communication, written and oral;
   (3) Careful attention to effective organizational skill;
   (4) Creativity and innovation.
b) Respect for students’ rights and needs by:
   (1) Demonstrating patience, fairness, and promptness in the evaluation and discussion of student work;
   (2) Sensitivity and responsiveness to the needs of individual students and their special circumstances, when appropriate;
   (3) Maintaining contractual obligation to teaching and worksite hours.
   (4) Demonstrating sensitivity to human and cultural diversity;
   (5) Acknowledging and defending the free inquiry of students in the exchange of criticism and ideas;
   (6) Recognition of the opinions of others.

c) Respect for colleagues and the educational profession by:
   (1) Acknowledging and defending the free inquiry of colleagues in the exchange of criticism and ideas;
   (2) Recognizing the opinions of others;
   (3) Acknowledging sources, when appropriate;
   (4) Striving to be objective in the professional judgment of colleagues;
   (5) Acting in accordance with the ethics of the profession and with a sense of personal integrity;
   (6) Working in a spirit of timely cooperation to cultivate and maintain a collegial atmosphere.
   (7) Demonstrating sensitivity to human and cultural diversity among colleagues.

d) Participation in student learning outcome assessment processes.

NOTE: Results of student learning outcome assessments shall not be a factor in unit member evaluations.

Note: Associate faculty are encouraged to participate in or attend professional activities such as workshops, seminars, or professional meetings as their schedules permits.

4. Each classroom observation shall be followed by a post-visitation meeting and discussion within ten (10) working days after the observation or visitation.

5. A final evaluation report shall be submitted to the unit member for review and response ten (10) working days before the end of the semester or earlier. The final evaluation and any response from the unit member shall be included in the unit member’s personnel file.

b. Student Surveys

1. Each unit member shall have student surveys conducted by the Office of Instruction in at least one course or noninstructional assignment during the first semester of his/her first assignment at the college. Subsequent student surveys shall take place every six semesters in which the assignment is held.
2. Copies of the student surveys will be given to the unit member upon grade submission for that course.

9.6 The grievance procedure may be utilized for resolving alleged procedural disputes with respect to the evaluation process.

9.7 The timeline for evaluating unit members who teach courses that are of nonstandard duration shall be modified proportionally.
ARTICLE 10.  RIGHT OF INTERVIEW

10.1 A unit member’s application packet for an advertised full-time academic position will be forwarded for screening to the Screening Committee provided he/she meets the following requirements: (a) the advertised minimum qualifications for the position; and (b) completion of all the required application procedures.

10.2 The Screening Committee shall interview those unit members from the list of applicants who are considered among the top ten (10) applicants by the Committee.

10.3 For each advertised full-time Academic position, the District will provide the Association upon completion of the hiring process with the number of applicants meeting the minimum qualifications, the number of unit members who applied, and the number of unit members interviewed by the Screening Committee.

10.4 When reasonably feasible, vacant part-time positions will be posted on the college Web site.
ARTICLE 11. OFFICE HOURS

11.1 Unit members teaching classes with discipline factors of 1.0 or greater except as provided in article 11.2 (per Board Policy V.B or its successor document) shall be eligible for office hours per semester as follows:

<table>

<tr>
<th>LHE Assigned</th>

<td>0.400</td>
</tr>
<tr>
<td>Fewer than 6.00</td>

</tr>
</tbody>
</table>

11.2 Office hours are designed to allow a one on one contact between instructor and student. Librarians and cooperative work experience and intern studies instructors and noncredit ESL and Adult High School Diploma (AHSDP) instructors shall be entitled to three (3) hours per semester for individual appointments.

11.3 Office hours shall be paid at the flat rate of $44 per hour. Office hours must be scheduled so as to insure the maximum availability for student consultation, shall be held in an appropriate location as requested and assigned, and must be held in conjunction with a schedule submitted to and approved by the appropriate dean at the beginning of the semester. Scheduled office hours may be held virtually for courses taught on-line. Information that enables the District to evaluate the services shall be reported to the dean at the end of the semester. Office hours must be reported on an hourly timesheet approved for payment by the dean.
ARTICLE 12. SALARY SCHEDULE AND PLACEMENT

12.1 Effective July 1, 2015, the salary schedules for all unit members shall be as set forth in the attached Exhibits A and B (compensation per LHE) and C (equivalent compensation per work hour).

12.2 All unit members shall be placed on the schedules according to the criteria in Articles 12.4 and 12.5.

12.3 For fiscal years 2015-2016 and 2016-2017, the salary schedules will be adjusted by adjusting the salary schedules attached hereto by the same percentage applied to the salary schedule for full-time academic personnel within that fiscal year. Either party may reopen this Article for 2015-2016 and 2016-2017 for the purpose of negotiating parity increases to the salary schedule provided that notice is given to the other party by March 15 of the prior fiscal year.

12.4 Initial placement on the salary schedule above Class I is based on the number of units of upper division or graduate coursework taken after completion of the B.A./B.S. requirements in or related to the discipline to which assigned AND/OR as part of a graduate degree program (see Exhibit C for class descriptions).

Quarter hours are equivalent to two-thirds of a semester hour. Fractional parts of units are not converted to a whole unit. However, fractional parts of units may be combined to equal one full unit.

For purposes of salary placement, all degrees and/or college units shall be measured against the following definition of "accredited institution":

An accredited institution shall be any institution of higher education that is accredited by one of the six nationally recognized, regional accrediting associations: Middle States Association of Colleges and Secondary Schools; New England Association of Schools and Colleges; North Central Association of Colleges and Secondary Schools; Northwest Association of Schools and Colleges; Southern Association of Colleges and Schools; Western Association of Schools and Colleges.

Institutions such as vocational or professional schools shall be considered accredited if they have been accredited by the recognized organization charged with accrediting such special types of institutions.

12.5 Placement and step progression on the salary schedules shall be based exclusively upon experience with the District, with advancement after two (2) years of service at a step. Years of service shall be calculated as follows:

a. One year of service shall consist of two semesters of service.

b. One semester of teaching service shall require the teaching of at least one full semester course or its equivalent. (No additional credit is given for teaching more than one class during a semester.)

c. One full season of coaching shall be considered equal to a semester.
d. For nonclassroom unit members, one hundred (100) hours or more during a fiscal year of nonteaching service shall equal one semester. (Hours may not be carried forward to a new fiscal year.)

e. Maximum credit for salary advancement shall be two (2) semesters in any fiscal year.

f. Advancement on the salary schedule shall be granted only as of July 1st.

g. Placement on the salary schedule shall be as a new employee after a break in service exceeding eighteen (18) months, except in circumstances when the break is due to a class cancellation due to low enrollment, the class is assigned to a full-time faculty member or the class is not offered for two consecutive semesters.

12.6 Advancement on the Salary Schedule: Each faculty member must have a recognized objective that would lead either toward improvement in his/her teaching field and/or a Master’s or Doctoral degree. Instructors may be granted credit on the salary schedule for a maximum of eight units of lower-division work that is relevant to their area of service, taken at accredited colleges or universities. For instance, a language teacher may want to better understand his/her own language by taking courses in a foreign language that he/she has not previously studied. This type of course is usually offered only on a lower-division level.

12.7 State-Funded Parity Pay

a. Calculation and definition of parity: In accordance with the 2001 Budget Act, the parties have met, negotiated and agreed to full parity as equal to:

(1) 75.994% of the full-time faculty salary schedule expressed as an hourly rate per year, per LHE, and per work hour for all assignments other than counseling and librarian duties, and

(2) 87.713% of the full-time faculty salary schedule per year, per LHE, and per work hour for counseling and librarian duties.

(3) Calculation of parity: Exhibit D, Calculation of Parity, demonstrates the calculation of the two parity percentages and calculates the 2015-16 status of parity for the unit members.

b. Payment of parity: The parties further agree that restricted parity funds received by the District from the state for purpose of attaining parity shall be only be distributed after there is a final signed state of California budget that includes dedicated funds for parity, and after the California Community Colleges’ Chancellor’s Office has distributed an allocation of the funds to the District.

c. Distribution of parity: State-provided parity funds shall be paid off-schedule and shall be prorated to all part-time classroom academic employees (credit and noncredit) based on an estimate of paid instructional hours LHE to be worked during the fiscal year, excluding office hours, meetings, flex, and other ancillary activities. It is expressly agreed that parity monies shall be paid apart from the salary schedule with any obligation under this Section 12.8 to be strictly limited to state monies actually received.
12.9 Unit pay. The District calculates a unit member’s salary for full semester length courses for the entire semester and pays it in four equal installments. For such courses in a fall semester, payments would be made in September, October, November, and December and for spring courses, payments would be made in February, March, April and May. For summer, there will be one payment in July.

For assignments of less than a full semester (i.e. eight (8)-week courses and late start courses) the payments will be divided in equal installments.

Both the Association and the District understand that it is possible that an employee may be erroneously overpaid, and both parties agree that in that circumstance the District will act in a timely manner to notify the unit member and work with them to develop a repayment plan to recover the overpaid funds.

Excluded from this method of payment are (1) hourly counselors, and (2) instructors of classes that are four weeks or less in duration.
ARTICLE 13.

FRINGE BENEFITS

13.1 The District shall offer medical insurance coverage to unit members through a vendor determined by the District. The District’s contribution towards premiums will be 50% of the premium when the semester load is 6.00 LHE or greater.

a. For unit members eligible to enroll as of the beginning of Fall semester, the following steps will apply:
   (1) The District will notify unit members who meet the load eligibility requirement based on the initial confirmation letter issued prior to the beginning of the semester.
   (2) The unit members will notify the District by August 15 of their intent to enroll at the contribution level indicated above.
   (3) With the exception of late start classes, benefit coverage will be effective as of September 1. Coverage for eligible unit members teaching late start classes will be effective the first of the month following the start of the class. Regardless of subsequent changes to a unit member’s load, the District contribution for the Fall semester (as specified in section 13.1) and the members’ eligibility will be locked in based on the load as of the effective date of coverage.

b. For unit members eligible to enroll as of the beginning of the Spring semester, the following steps will apply:
   (1) The District will notify unit members who meet the load eligibility requirement based on the initial confirmation letter issued prior to the beginning of the semester.
   (2) The unit members will notify the District by January 15 of their intent to enroll at the contribution level indicated above.
   (3) With the exception of late start classes, benefit coverage will be effective as of February 1. Coverage for eligible unit members teaching late start classes will be effective the first of the month following the start of the class. Regardless of subsequent changes to a unit member’s load, the District contribution for the fall semester (as specified in section 13.1) will be locked in based on the load as of the effective date of coverage.

13.2 Unit members shall be eligible to participate in the Plan upon completion of two (2) semesters of forty (40) percent FTE or more service within the preceding two (2) academic years commencing with fiscal year 2006/07, or 6.00-LHE each semester commencing with spring semester 2010, so long as they continue in employment and authorize payroll deductions or make payments as required by Section 13.4 below. The calculation of load eligibility will be based on the actual load of those prior semesters.

13.3 Eligible unit members whose earnings in any month are insufficient to cover their premium co-payment shall submit required premium payment(s) to the District no later than the tenth (10th) of the month preceding the month for which said premium is due. Failure to adhere to the established deadline for payment shall result in immediate termination of coverage.

13.4 Unit members shall be ineligible for continued participation in the Plan if their assignment with the District drops below 6.00 LHE in two consecutive semesters.
13.5 Unit members shall be ineligible to participate in the Plan if he/she has or is eligible to receive medical insurance benefits as an employee, spouse, or dependent paid for by any other employer.

13.6 Unit member to be appointed to new subcommittee of Benefits Committee to discuss medical plans for associate faculty members.

13.7 The District may make such modifications as it deems necessary for unit member health benefit coverage and eligibility to comply with the Affordable Care Act provided that no unit members eligibility or benefits shall be reduced below the levels provided in this Article.
ARTICLE 14. RETIREMENT BENEFITS

Newly hired unit members may elect either the STRS Defined Benefit (DB) or STRS Cash Balance (CB) plan at the time of employment with the District. Unit members who elect the CB option may elect enrollment in the DB plan at any time by completing the required permissive election form, which can be obtained from the Human Resources Office. Once a member elects the DB plan with the District, the election is irrevocable.

The District currently considers 528 hours as the equivalent of one year of full time service for STRS DB service credit for credit associate faculty and 876 hours as the equivalent of one year of full time service for STRS DB service credit for noncredit associate faculty. For associate counselors and librarians, the district considers 1,365 hours as the equivalent of one year of full time service.
ARTICLE 15. LEAVES OF ABSENCE

15.1 Sick Leave.

a. For LHE-based assignments, sick leave shall be accumulated at the rate of 1/3 day per LHE. For days of sick leave credited, a day shall be defined as consisting of six (6) hours. For any day in which an employee is absent for part or all of his/her hourly assignment, noncontractual sick leave shall be debited for the work hours missed (contact and prep hours as defined by the appropriate discipline factor). If an employee has exhausted all noncontractual sick leave, pay will be docked for the work hours missed.

To maintain accumulated sick leave days, sick leave accumulated prior to spring 2010 shall be converted from hours to days at a rate of 3.00 hours per day.

For example, if a unit member had thirty (30) hours of sick leave prior to spring 2010, those thirty (30) hours will convert to ten (10) days (30 hours divided by 3 hours = 10 days).

b. Sick leave may be accumulated from year to year until there is a break in service of eighteen (18) months or longer, except in circumstances when the break is due to a class cancellation due to low enrollment, the class is assigned to a full-time faculty member or the class is not offered for two (2) consecutive semesters.

c. An employee may use the sick leave available to the employee for the semester in which the absence occurs prior to the actual accrual of that sick leave, provided that the employee reports the absence and submits the necessary paperwork to the Payroll office within two (2) business days of the return from sick leave. It is further understood that the District will deduct from the employee’s final salary payment the value of used unaccrued sick leave. In the event that the final salary payment is insufficient or the deduction authorized by the provision is not made, the employee will promptly reimburse the District for used, unaccrued sick leave within fifteen (15) business days of the termination of employment. If an employee has an amount payable from a previous term when he/she is hired for a subsequent term, the amount payable from that previous term will be deducted from the first salary payment of the subsequent term. If an employee has had an amount payable from the fall term, repayment must be made by a personal check from the employee and IRS regulations will require that a corrected W-2 be issued.

15.2 Bereavement Leave.

a. Unit members shall be granted three (3) work days of bereavement leave for the death of an immediate family member (five work days if out-of-state travel is required).

b. Leave is granted at full hourly pay for absence from the class or classes that the employee is scheduled to teach during the specified period of leave.
15.3 Personal Necessity Leave.

a. A unit member may use up to sixty percent (60%) of the amount of sick leave earned within the current semester for personal necessity leave.

b. Personal necessity is defined as unavoidable in nature, beyond the unit member’s immediate control, and not solely for his/her personal convenience.

c. Personal necessity leave is limited to:

(1) Death of a member of the immediate family when additional leave is required beyond bereavement leave.

(2) Serious illness of a member of the immediate family.

(3) Accident involving the employee’s person or property, or the person or property of his/her immediate family member.

(4) Unavoidable family commitments.

(5) Emergency administration of estate problems relative to the immediate family.

(6) Observations of a day of religious significance.

(7) Appearance in court as a litigant, witness, party, or under subpoena.

(8) Other personal emergency or necessity as approved in advance whenever possible by the President or designee.

d. Immediate family is defined as mother, mother-in-law, father, father-in-law, grandmother, grandfather, husband, wife, domestic partner, son, daughter, brother, sister, grandchild, or any relative living in the immediate household.

e. Catastrophic leave shall continue as currently provided in Administrative Procedure 7345, except as outlined below:

(1) The maximum amount of time for which donated leave credits may be used may not exceed the current semester or intersession during which the unit member is employed.

(2) If the transfer of leave credits is approved by the board, any employee may, upon written notice to the board, donate eligible leave credits at a minimum of one hour, and in hour increments thereafter, to a maximum of sixteen (16) hours per situation.

(3) An employee must retain no fewer than four (4) days of sick leave on record to be eligible to donate sick leave days.
(4) All transfers of eligible leave credits are irrevocable once donated. If the credits are not used by the recipient within the eligibility period, they will be returned to the donator.
ARTICLE 16  PROFESSIONAL GROWTH (FLEX)

16.1 Effective August 14, 2015 flex activities will be required of all instructional unit members and paid flex activities will be limited to two (2) hours of flex per LHE assigned (for instructional time) during the regular (fall and spring) semesters. Payment for required flex is included in the unit member’s paychecks base salary and failure to complete the work will result in a deduction from the final check for that semester.

Presenters of flex activities may claim twice the hours scheduled for that activity to reflect preparation time.

16.2 The District may require first-year instructional employees to use a portion of their flex time to participate in District-designated training activities before classes begin. Unit members shall be paid for any flex activities that are approved by the Professional Development Committee as long as all procedures and deadlines are adhered to and contractual limits in this article are not exceeded.
ARTICLE 17. ASSIGNED TIME

17.1 For the 2015-16 and 2016-17 fiscal years, there will be five (5) associate faculty members of the Academic Senate. For the 2017-18 there will be six (6) associate faculty members. Subsequently, the number will alternate between five representatives and six representatives, in two year blocks of time. Each representative shall receive a stipend in an amount equal 3.65 LHE per academic year exclusive of intersession terms, paid at the faculty member’s respective rate of compensation per LHE based on their hourly rate during the academic year.

17.2 Associate faculty members appointed by the Academic Senate to serve as voting members of standing collegial governance committees of the District shall receive stipends in an amount equal to 0.66 LHE per academic year, exclusive of intersession terms, paid at the member’s respective rate of compensation per LHE. As defined in the governance organization structure, the standing District governance committees are:
   Academic Affairs
   Budget and Planning
   Courses and Programs
   Institutional Program Review
   Student Success

In the event of a conflict between the list above and Article 2.5, the list above shall prevail.

17.3 An associate faculty member appointed by the co-chairs of the Institutional Effectiveness Committee shall be paid on a per hour basis at his/her Noncontractual Faculty Work Hourly Rate from Exhibit A based upon time sheets to be submitted by the co-chairs.

17.4 Associate faculty members may accept non teaching assignments approved by District Administration such as, but not limited to, subcommittees or designated work related to student learning outcomes and assessments or other activities determined to be beneficial to the College, which do not exceed the maximum assignments permissible under section 7.1.c of this agreement. Any such assignments are voluntary on the part of the faculty member. A decision by a unit member to not accept a nonteaching assignment shall not be considered in the assignment of classes or in future nonteaching opportunities.

All academic, nonteaching assignments shall be compensated per assigned LHE in accordance with the appropriate salary schedule. The amount of assigned LHE shall be assigned by the appropriate District administrator at the time of the assignment.

The workload unit for extra-contractual assignments shall be the equivalent of one (1) LHE of noncontractual assignment (17.5 total work hours), and the number of LHE assigned to the duty shall be determined by the total number of work hours required by the activity.
ARTICLE 18.  GRIEVANCES

18.1 Definitions

a. “Grievance” is defined as a claim that the District has violated a provision of this Agreement and that, by such violation, the grievant was harmed.

b. “Grievant” may be any unit member covered by the terms of this Agreement or the Association.

c. “Immediate supervisor” for grievance adjustment purposes is the dean having line supervisory authority over the grievant.

d. “Day” is any day that the District Office is open for business.

18.2 Informal Level–Prior to filing a written grievance, the grievant may attempt to resolve the grievance through an informal conference with the unit member’s immediate supervisor.

18.3 Formal Level Procedures

a. Level I

   (1) Grievant shall submit the grievance in writing on a form provided by the District. The written grievance must be submitted to the immediate supervisor (dean) no later than twenty (20) days following the date upon which the grievant knew, or reasonably should have known, of the alleged violation. The grievance shall fully state the facts, shall specify the exact provision or provisions of the Agreement allegedly violated, and must offer a recommended remedy. The grievance form shall be signed and dated by the grievant.

   (2) The immediate supervisor or designee shall provide the grievant with a written decision within ten (10) working days after receipt of the grievance. Within the period from the filing of the grievance until the written reply, either party may request a personal conference to discuss the grievance. If the immediate supervisor does not respond in writing within the prescribed time period, the grievant may appeal to the next level.

   (3) If the grievant desires, he/she may be assisted at Level I by an Association representative.

b. Level II

   (1) If the grievant is not satisfied with the decision at Level I, within ten (10) working days of completion of the Level I process, he/she may appeal the decision to the Director of Human Resources or designee. The appeal shall be in writing and shall include the original grievance, copies of all pertinent appeals, and the reason for the continued appeal.

   (2) The Director of Human Resources or designee shall provide the grievant with a written decision within ten (10) working days after receipt of the grievance. Within the period from the filing of the grievance until the written reply, either party may request a personal conference to discuss the grievance.
(3) If the grievant desires, he/she may be assisted at Level II by an Association representative.

c. Level III – Mediation

(1) In the event the grievant is not satisfied with the decision at Level II, he/she may, with the written consent of the Association, request confidential mediation by a mediator from the California State Mediation and Conciliation Service. Any costs of mediation shall be evenly divided between the Association and the District. The request shall be addressed to the Director of Human Resources, must be in writing and filed with the Director of Human Resources within ten (10) working days of the decision at Level II. The timely filing of such a request shall toll the time requirements for filing a Level IV appeal until ten (10) working days after completion of the mediation process.

(2) A mediator will meet separately or with both parties together in an effort to resolve the grievance. All communications during the mediation process shall be confidential and not subject disclosure in any subsequent proceedings. The mediator may make confidential, nonbinding recommendations with respect to an appropriate resolution of the grievance. If, after a meeting with mediator the parties are unable to resolve the grievance the grievant may proceed to Level IV.

(3) If the grievant desires, he/she may be assisted at Level III by an Association representative.

d. Level IV

(1) If the grievant is not satisfied with the outcome at Level III, within ten (10) working days of completion of the Level III process, he/she may appeal the decision to the College President or designee. The appeal shall be in writing and shall include the original grievance, copies of all pertinent appeals, and the reason for the continued appeal.

(2) The College President or designee shall provide the grievant with a written decision within ten (10) working days after receipt of the grievance. Within the period from the filing of the grievance until the written reply, either party may request a personal conference to discuss the grievance.

(3) If the grievant desires, he/she may be assisted at Level IV by an Association representative.

(4) The decision of the College President shall be final and binding.

18.4 Miscellaneous

a. Time Limits. If the unit member in accordance with the time limits set forth herein does not pursue the grievance, the grievance shall be considered settled on the basis of the last decision made. The time limits set forth in this Article may be extended by mutual agreement in writing between the parties.
b. Scheduling. Meetings between the grievant, Association representative and the
District, or hearings relative to the grievance shall be scheduled whenever possible during
the regular business day and at hours that do not conflict with the unit member or
Association representative’s teaching schedule. If this is not possible, the grievant and
Association representative shall be released without loss of pay.

c. No reprisals of any kind will be taken by the District or by any member or
representative of the administration or the Board against any grievant, any party in
interest, any unit member, the Association, or any other participant in the grievance
procedure by reason of such participation.

d. The Association, either in its own behalf or on behalf of more than one affected
unit member, may initiate a grievance.

e. If a grievance arises from action or inaction of the District at a level above the
Dean or immediate supervisor, the grievance shall commence at Level II.

f. If there has been a miscalculation of the eligibility for FLEX payment; an
inadvertent delay by the PDP committee, which may have contributed to non-compliance
of any deadline or procedure; or a unit member has an unforeseen circumstance beyond
their control which prevents them from meeting FLEX program deadlines, said unit
member may appeal the decision to deny payment for FLEX hours worked to the Vice
President of Business & Administrative Services within 60 calendar days of the end of
the semester in which the hours are worked.
ARTICLE 19. SCOPE OF AGREEMENT AND WAIVER CLAUSE

Each of the parties hereto agrees that it has had a full and unrestricted right to make, advance and discuss all matters properly within the scope of representation in accordance with state law. During the term of this Agreement, the parties expressly waive and relinquish the right to negotiate, bargain or meet and confer as provided by state law, and agree that they shall not be obligated to negotiate, bargain or meet and confer except by their mutual consent with respect to any subject or matter, whether referred to or covered by this Agreement or not, even though such subject or matter may not have been within the knowledge or contemplation of either or both the District or the Association at the time of bargaining for or executing this Agreement, and even though subjects or matters may have been proposed and later withdrawn. The parties further understand that all rights not clearly and expressly limited by this Agreement are expressly reserved to the District even though they may not be enumerated.
ARTICLE 20. TERM OF AGREEMENT

This Agreement shall become effective upon approval by the Board of Trustees and shall cover the period of July 1, 2015, through June 30, 2017. The parties shall begin negotiations on a successor agreement no later than six months prior to the expiration of this agreement.

**NOTES:**

a. Refer to current Faculty Assembly agreement for much more detail concerning the calculation of assigned hours and LHE.

b. The Calendar Parity calculation reduces the work load expected from a full-time faculty by the responsibilities that are not included in an associate faculty members’ hourly assignment. This calculation shows that a hourly classroom instructor performs 75.994% of the expected tasks of a salaried full-time classroom instructor.

Associate Faculty are compensated by stipend for allowable flex, student (office), and governance hours. This provision does not apply to full-time faculty assigned on a non-contractual (summer/overload) basis.
2.1 Definitions

Contact Hours
Scheduled class lecture or laboratory hours or the equivalent, including scheduled counseling and library hours, and administrative or governance duties assumed by virtue of reassignment.

Preparation Hours
Hours directly associated with assigned contact hours and necessary for affiliated lecture or laboratory class preparation, student evaluation, or the equivalent.

Student Hours
Hours engaged in direct student interaction in addition to contact hours, including office hours, advisory activities, presentations, or the equivalent.

Governance Hours
Hours engaged in institutional administration, governance, and development via committee or departmental work, curriculum development, faculty meetings, or the equivalent, in addition to any such duties assumed by virtue of reassignment.

2.2 Weekly Workload Regulations, By Class

Classroom Faculty Workloads
For both credit and noncredit faculty, at least two (2) of the five (5) required weekly student hours must be scheduled office hours. Noncredit faculty may substitute three (3) of the required five (5) weekly student hours for additional preparation, grading, and evaluation hours.

Counseling Workloads
No fewer than 31 of the 40 weekly work hours and no fewer than six (6) of the ten (10) preparation and student hours shall be worked on campus. Counselors may substitute five (5) of the required five (5) weekly student hours for additional preparation, grading, and evaluation hours. Counselors assigned to teach classes are designated as classroom faculty for that portion of their workload, which is computed accordingly.

Librarian Workloads
Librarians not assigned in whole or in part to other duties (classroom instruction, reassignment, etc.) will be assigned 30 weekly contact hours of librarian duties. Normal librarian duties include reference services, technical services, collection development, orientation, electronic resource development, display coordination, SEC/CCC site duties, and comparable professional tasks. Of such duties, no more than fifteen (15) weekly contact hours may be assigned to reference services. Librarians may be assigned as instructors of record to scheduled class sections. In such cases, the portion of the workload associated with classroom teaching is computed according to standards defined for that teaching assignment, and the balance of librarian duties is adjusted accordingly. Any such adjustment shall not limit the maximum assignment to reference services as defined above unless the balance of librarian duties falls below 15 weekly contact hours. Librarians shall be governed by the same provisions as classroom faculty with respect to the contractual obligation of five (5) weekly student hours.
3.0
**UNIFORM WORKLOAD FACTORS**

Minimum workloads for the preponderance of faculty assignments include one weekly work hour of preparation and evaluation for each associated weekly work hour of direct student contact (i.e., class hour). However, assignments made to faculty may require a relatively greater or lesser number of weekly contact hours relative to weekly preparation and evaluation hours associated with those contact hours.

3.1  
**Discipline Factors**

Variations from the norm occur as a consequence of the nature of the discipline in which that assignment falls in combination with the effects of different methods of instruction (i.e., lecture and laboratory). Workload adjustments for such variations are effected by means of discipline factors attached to the assignment.

3.2  
**Performance Factors**

Variations from the norm may also occur as a consequence of a faculty obligation to extensive additional student engagement in combination with the effects of different methods of instruction. Workload adjustments for these variations are effected by means of performance factors attached to the assignment.

3.3  
**Table of Discipline and Performance Factors**

The tables in this section (below) specify all workload adjustment values (discipline and performance factors) to be applied to each activity to which faculty may be assigned.

3.4  
**Applicability of Workload Factors**

All discipline and performance factors shall apply equally, uniformly, and in full to all contractual and noncontractual assignments included within the scope of this agreement, including contractual assignments, overload and summer assignments, and assignments made to noncredit associate faculty.

REASSIGNED DUTIES

Contractual faculty may be assigned, on a temporary or permanent basis, in whole or in part, to administrative, coordinative, directorial, governance, or other comparable duties in lieu of normal assignments to classroom, counseling, or librarian duties. Any such assignment is a “reassignment” and may be made only within the bounds of the 176-day annual contractual calendar, unless the faculty member is appointed to an extended contract (see below), in which case the bounds of the reassignment extend to the length of the contract period in days.

Reassigned duties extend either through a complete fall or spring semester, or through both fall and spring semesters, or through the full length of an extended contract. Reassigned duties must be wholly included within base contractual workloads and may not be designated as overload, whether paid or banked, or as intersession assignments (see Section 11.0 for intersession assignments of comparable duties).

4.1
Reassigned Workload Credits

Workload credits for reassigned duties are as follows, based on a uniform contractual workweek of 40 hours per week, 8 hours per day:

Department Chairs, Assistant Chairs, and Program Leads Reassignments

The amount of FTE reassigned for departmental administrative responsibilities will be determined prior to February 28 of each year in accordance with the procedures specified in Administrative Procedure V.B-14.

Each department shall determine how to allocate responsibilities among department chairs, assistant chairs, and program leads and distribute reassigned FTE in accordance with those assigned responsibilities, subject to the workload measures specified previously in section 4.1. Notwithstanding the above, in making these determinations:
(1) no department shall assign duties nor reassigned FTE of less than .20 FTE (8 hours per week) nor more than .60 FTE (24 hours per week) to the department chair, except when the department requests and the Vice President of Instructional Services authorizes that the upper limit be raised to .667 FTE (27 hours per week); and further
(2) no department shall assign duties nor reassigned FTE of more than .60 FTE (24 hours per week) to any assistant chair and/or program lead.
(3) Exceptions to these provisions may be granted by application to the Vice President of Instructional Services.

4.4 Academic Senate

The total amount of contractual FTE/LHE reassigned for Academic Senate responsibilities shall be determined annually by the College President in consultation with and upon the recommendation of the Academic Senate President and the Vice President of Instruction. Such determination shall be made prior to the end of each Spring semester and be effective for the calendar year commencing at the end of that semester.

The amount of FTE/LHE reassigned for Academic Senate duties shall be made in full accordance and full compliance with the workload measures specified in the table of values in section 4.1 above.

The Academic Senate shall distribute these workload credits as it deems appropriate, subject to the review of the Vice President of Instruction, and subject to the condition that any such distribution is in full accordance and full compliance with the workload measures specified section 4.1 above.

The workload for any noncontractual Academic Senate duties that fall external to the contractual year (i.e., intersession responsibilities) or are assigned to part-time faculty shall be determined in accordance with the provisions of Section 11, below.

4.5 Other Reassignments (Governance, Special Projects, etc.)

The amount of FTE reassigned will be determined by an evaluation of the total or weekly workload required as per the table of values in section 4.1 above, approved by the College President or the appropriate vice president.

4.5 Duties and Weekly Work Schedules for Reassigned Faculty

Appropriate duties and weekly work schedules are determined by the college administration in concert with the faculty member reassigned, consistent with the number of weekly hours assigned to such duties, and in accordance with the relevant workload tables.
5.0
RESPONSIBILITY FACTOR

Faculty assigned to the following duties shall be compensated an additional 4% of base salary in recognition of the additional responsibilities associated with these assignments. This factor does not apply to any overload, summer, or stipend-based assignments assumed in addition to the contractual duties.

6.0 LOAD BALANCING

The normal expectation is that in any academic year full-time contractual workloads will be split evenly between fall and spring semesters (15.00 contractual LHE each semester). However, faculty whose contractual workload in the fall semester exceeds 15.00 LHE may credit any portion of the excess amount to his or her spring workload obligation, but any such credit shall not exceed 3.00 LHE. Faculty may be assigned fewer than 15.00 contractual LHE in the fall semester only with the permission of the appropriate Vice President.
7.0  
EXTENDED CONTRACTS

Faculty contracts in excess of 176 days are extended contracts. Contractual workload duties and associated compensation (base salary) will be extended on a pro-rata basis for each contractual day beyond 176, in accordance with the values in the following table, each additional contractual day equivalent to eight hours of assigned work.

Faculty members in grant or categorically funded, nontenure track positions whose assignments extend beyond 176 days will receive a workload and base salary factor reflecting the number of contractual days.

7.3  
Extended Contracts: Overload, and Intersession Assignments

Any assignments made beyond contractual minimums but within the bounds of the contractual calendar for faculty on extended contracts shall be noncontractual overload assignments as defined in Section 11 below, including substitute teaching/counseling/library services. Any such assignment shall not extend beyond the bounds of the regular contract period or extensions thereof.

Any assignments made outside the bounds of the contract period to faculty on extended contracts shall be noncontractual intersession or noncontractual, nonteaching assignments, as defined in Sections 9 and 11 below. Such additional services must be approved in advance by the appropriate administrator or designee.
8.0 NONCONTRACTUAL ASSIGNMENTS: GENERAL PROVISIONS

Any assignments of any kind made (1) to associate faculty, or (2) to contractual faculty in excess of contractual minimums, are noncontractual assignments with workloads determined and compensated in accordance with the standards for noncontractual LHE (FTE), as defined in previous sections of this agreement.

All noncontractual assignments are voluntary on the part of the faculty member.

The District has no obligation to extend or to guarantee noncontractual assignments to any faculty member except as may be provided within the terms of any agreement specifically addressing assignment seniority and negotiated jointly between the District and all parties of interest.

Noncontractual assignments are limited as follows:

1. Contractual Faculty:
   a. OVERLOAD ASSIGNMENTS: Regular classroom, counseling, or library assignments that fall within the beginning and ending dates of the annual contractual calendar or extensions thereof, and in excess of contractual minimums.
   b. INTERSESSION ASSIGNMENTS: Regular classroom, counseling, or library assignments that fall within the confines of the calendar approved for any intersession term.
   c. NONCONTRACTUAL, NONTEACHING ASSIGNMENTS: Administrative, coordinative, directorial, governance, or project-specific duties that fall external to the beginning and ending dates of the annual contractual calendar or extensions thereof.

2. Associate Faculty:
   a. REGULAR ASSIGNMENTS: Regular classroom, counseling, or library assignments that fall within the beginning and ending dates of any academic term (regular or intersession);
   b. NONCONTRACTUAL, NONTEACHING ASSIGNMENTS: Administrative, coordinative, directorial, governance, or project-specific duties assigned at any time in the calendar year.
9.0
NONCONTRACTUAL ASSIGNMENTS: FULL-TIME FACULTY OVERLOAD

Any regular classroom, counseling, library, or other comparable assignments made to contractual (full-time) faculty in excess of 30.00 LHE annually but falling within the bounds of the contractual calendar or any extensions thereof shall be treated as noncontractual overload assignments.

Any such assignments are voluntary on the part of the faculty member, except in such cases when a contractual assignment cannot be confined within the bounds of 15.0 LHE per semester.

Overload assignments shall not exceed 8.00 LHE per semester (.533 FTE) (Policy V.C.4).

Faculty may designate which assignments or portions of assignments in excess of 15.0 LHE made in the fall or spring semester are to be credited as overload, if such excess hours are not applied to load balancing, and may further designate which assignments or portions of designated overload assignments are to be banked and/or compensated at the prevailing overload rates of compensation.

Overload assignments shall be compensated per assigned LHE in accordance with the appropriate salary schedule.
10.0 NONCONTRACTUAL ASSIGNMENTS: INTERSESSIONS

Any regular classroom, counseling, library, or other comparable assignments made to contractual (full-time) or associate faculty where the work hours for that assignment fall outside the start of end dates of the annual contractual calendar or any extensions thereof, but within the start and end dates of the calendar for any authorized intersession term shall be treated as noncontractual intersession assignments.

f) The laboratory course requires that instructors are involved with professional development in order to maintain proficiency in the areas covered.

3. Laboratory courses for professional/technical skills with significant preparation and student evaluation

- Thirty weekly minutes of preparation for each weekly hour of classroom instruction.
- 0.7500 LHE per classroom contact hour

Such laboratory courses, in addition to requiring planning and general preparation on the part of the instructor, also require that the student learn basic skills relevant to the professional/technical discipline in order to be an effective participant in the class.

Typically such laboratory courses have as a primary function the teaching of professional/technical skills development as the final outcome of the class.

Criteria for determining a significant preparation and student evaluation professional/technical skills laboratory course are as follows:

- 0.6818 LHE per classroom contact hour

Typically such activity laboratory courses have as a primary function the development and practice of physical skills and the proper use of fitness equipment as the final outcome of the course.

Criteria for determining an activity skills laboratory course are as follows:
