Admission is open to all children 18 months to 4.11 years of age regardless of race, creed, color, ability or national origin. Children may be enrolled in morning and extended care (extended days are only available in the preschool classrooms). As a campus-based child development program, priority enrollment and discounted tuition are provided to MiraCosta College student families. Children of MiraCosta staff/faculty and the community are welcome to enroll as space permits. All children must be enrolled in a minimum of two days per week to allow for program continuity.

We strive to craft classroom enrollments that reflect the diversity of today’s families. As such, we include consideration of student status, age, gender, primary language, ethnicity, and developmental needs in our enrollment decisions.
