MIRACOSTA COMMUNITY COLLEGE DISTRICT FY2013 FINAL BUDGET

In order to appropriately identify and differentiate between those resources available for the general purposes of district operations and support of its educational program from those that are specifically restricted by laws, regulations, donors or other outside agencies, this budget format provides information on unrestricted and restricted general funds separately. The Five-year Fiscal Plan reflects only the district's general unrestricted funds.

NOTES

FY2013 FINAL BUDGET GENERAL FUND – COMBINED GENERAL OBSERVATIONS (Page 10)

The combined General Fund includes both restricted and unrestricted general funds. The FY2012 Final Budget reflected revenues of \$93 million and total expenses of \$97.9 million. Revenues of \$98 million and expenses of \$98.4 million are budgeted in the FY2013 Final Budget. Restricted funds account for 8.6% of the total combined revenues and include carryover amounts from FY2012. More detailed information is provided below.

FY2013 FINAL BUDGET GENERAL FUND – RESTRICTED GENERAL OBSERVATIONS (Page 11)

General Fund restricted resources are specifically restricted by laws, regulations, donor or other outside agencies as to their expenditures. Such externally imposed restrictions do not include internally designated restrictions imposed by governing boards on unrestricted moneys. Matching contributions for categorical programs and other programs are included in the Unrestricted General Fund. The Restricted General Fund shows a deficit of \$352,000 in FY2012 and a budget deficit of \$437,670 in FY2013. This occurs as a result of carryover funds from discontinued programs still budgeted as expenditures. Although no additional revenue is expected for those programs, the district continues to account for the remaining funds until they have been fully exhausted.

Federal restricted awards include Vocational and Technical Education Act (VTEA) for supplemental services for identified educational programs; Adult Basic Education Programs; Small Business Development Center Trade and Commerce funds; and Transitional Assistance to Needy Families. The Gear Up grant began operating during FY2012. As a result, the revenue and expenses in the Restricted Fund have increased by approximately \$1 million.

Major categorical programs include Extended Opportunity Programs and Services (EOPS), Disabled Students Programs & Services (DSPS),

Matriculation, Board Financial Assistance Program (BFAP), and California Work Opportunities and Responsibility to Kids (CalWORKS).

Local restricted resources are primarily for health service and parking fees. These fees typically correlate to some extent to enrollment patterns.

State categorical programs have been budgeted at the current apportionment levels due to preliminary information from the Chancellor's Office regarding funding. Fiscal Services will continue to provide updates throughout the fall on any necessary revisions or adjustments required post election results.

FY2013 FINAL BUDGET GENERAL FUND – UNRESTRICTED
GENERAL OBSERVATIONS (Page 13)

The Unrestricted General Fund budget is operationally balanced with revenues exceeding budgeted expenditures. The budget reflects total revenues of \$89,652,500 and total expenses of \$89,650,202. The property tax revenue budgeted for FY2012 performed better than expected. The projected increase in property tax revenues for FY2013 has been increased from 1.9% in the Tentative Budget to 2.4% in the Final Budget. The 2.4% increase includes supplemental taxes from sales during the FY2013 year.

Additional revenue from enrollment fees and nonresident fees is expected to increase in FY2013 due to both an increase in the legislatively set fees and an increased number of students; however, there is not a dollar-for-dollar increase due to the Board of Governor's fee waiver.

The FY2013 Final Budget reflects a sharp increase in revenues generated from Community Services and Business Development. As tuition assistance becomes available to Active Military Duty, Community Services continues to experience significant growth. New programs that will be offered in FY2013 include High Threat Protection and the Machinist Program.

Other revenue generated from Other Local Sources includes the following fees: course fees, transcripts fees, testing fees, student ids, and business development contracts. Also, revenue from redevelopment agencies (RDA) is considered Other Local Sources. The district anticipates a slight increase in this revenue due to the dissolution of RDA's and the redistribution of local assets.

Total expenses for FY2013 Final Budget are \$89,650,202. The Academic and Classified salaries along with benefits represent 84.9% of the total. The overall total of salaries for FY2013 reflects a decrease from the FY2012 budgeted amount. This is primarily due to the net effect of the following factors: unfilled positions, reallocation of salaries for police officers to the Restricted Fund, and a reduction in part-time hourly staff.

The district implemented tighter budget controls as of July 1. Department managers along with guidance from their respective Deans and Vice Presidents, participated in developing budgets based on the needs of the discipline, department, and division. As a result, those budgets were incorporated into the FY2013 Final Budget and are reflected in the following expense categories: Total Supplies, Printing, Copy Charges, Other Operating Expenses, and Capital Outlay. The operating budgets developed by department managers have caused a reallocation of budget in the expense categories; therefore, some line items may reflect a noticeable increase while other line items may have decreased. The FY2012 actual utility expenditures show an interesting trend. The cost of utilities has only increased by 1.06% since the major new buildings came online in 2008.

Finally, please note the increase in the FY2013 line item for Contract Services under Total Other Operating Expenses. This line item reflects an increase due partly to the anticipated growth in the self-funded Community Services program. The increased revenues for this program will equal an increase to expenses with no impact to the Unrestricted General Fund as a whole.

FY2013 FINAL BUDGET – CAPITAL OUTLAY PROJECTS FUND (Page 15)

Projects completed in FY2012 included the upgrade of classrooms at San Elijo in Buildings 200, 300, 500 and 600. The theatre stage rigging was all replaced in the Oceanside Campus Theatre building. A new emergency generator was installed at the San Elijo campus to provide backup power to the server room, and two cooling towers were replaced in Buildings 500 and 800.

The greatest need for resources in FY2013 will be the design, permitting, acquisition and related site preparation for modular science laboratories for both the San Elijo and Oceanside campuses. On May 22nd, the Board of Trustees approved the use of the Board Futures Reserves to fund a portion of this project. Those funds were transferred from Futures Reserves to Reserve for Designated Projects during FY2012. The budget for this project resides in the operating budget and reflects in the increase to total expenses for FY2013.

Other projects include replacement of the San Elijo server room HVAC (heating, ventilation and air conditioning) system and a remodel of the Health Services office. Additionally, smaller scheduled maintenance projects proposed, approved and funded in part by the State Chancellor's Office in prior years are scheduled for completion, including irrigation control projects, and replacement of electrical vacuum switches at the Oceanside Campus.

FY2013 FINAL BUDGET – DEBT SERVICE FUND (Page 16)

The Debt Service Fund was established for capital improvements made at the Community Learning Center through Lease Revenue Bonds and the agreement with SunTrust for the energy conservation retrofit projects. The district is required to maintain a one year payment reserve. The final payment on the Lease Revenue Bonds will be in 2020. Final payment on the lease agreement with SunTrust will be in 2016. A transfer from the General Fund in the amount of \$600,000 is made to the Debt Service Fund for payments of these debts.

The Debt Service Fund ending balance for FY2013 is estimated to be \$485,637.

FY2013 FINAL BUDGET – SELF INSURANCE FUND (Page 17)

The Self Insurance Fund is used for payments of insurance policy deductibles and any uninsured perils. All insurance premium payments are paid from general funds and are listed under Other Operating Expenses in the Unrestricted General Fund budget. A transfer from the General Fund is processed yearly to cover the anticipated deductibles and uninsured losses when necessary. However, since the Self Insurance Fund continues to maintain a healthy reserve balance, the district has decided to suspend the yearly transfer in FY2013.

Insurance for property and liability losses is provided through the San Diego County Schools Risk Management Joint Powers Authority.

The Self Insurance Fund ending balance is estimated at \$140,815.

FY2013 FINAL BUDGET- STUDENT FINANCIAL AID FUND (Page 18)

The district is required to establish and maintain a specific fund for certain types of financial aid programs. The allowable expenditures are strictly regulated by the funding sources, and any unused budget must be returned to the funding agency. Due to the regulations requiring the return of any unused student financial aid funds, no beginning or ending balance is reflected.

FY2013 FINAL BUDGET– STUDENT CENTER FEE FUND (Page 19)

The restricted Student Center Fee Fund is used to account for funds collected from students for the construction, remodel and operation of the Student Centers. The Associated Student Government and the district administration jointly determine the projects to be funded with a portion of the Student Center fees collected. Recommended projects to be funded are determined at a Student Senate meeting in the coming fiscal year.

The Student Center Fee Fund ending balance for FY2013 is budgeted at \$1.2 million.

FY2013 FINAL BUDGET- BOOKSTORE FUND (Page 20)

The FY2012 revenue collected in commissions was \$260,508. The current trends in sales to date make it clear that future commissions to the district will be less than prior years. As a result, the FY2013 Final Budget for revenue from commissions has been decreased to \$235,000. The bookstore sales are projected to decline further in FY2013, which means that the commissions and the transfer to the foundation will also decline again. This reduction to commission payments budget will have a negative impact for the MiraCosta Foundation. The foundation uses the funds from the bookstore operation to benefit students through grants and as seed money to leverage the funds available for future scholarships and grants. In addition to supporting the activities of the foundation, proceeds from the bookstore are used to reimburse the district's General Fund for rent, equipment and facilities maintenance and replacement, insurance, and fifteen percent of an Accounting Technician's salary and benefits. Proceeds are also used to provide \$5,000 annually to the Associated Student Government.

FY2013 FINAL BUDGET- FOOD SERVICE FUND (Page 21)

The actual FY2012 income in the Food Service Fund experienced a net loss of \$28,832. The FY2013 Final Budget reflects a net loss of \$43,840. The agreement for food services at the San Elijo Campus (SEC) is projected to result in a net loss to the Food Service Fund. The projected SEC loss for FY2013 is \$65,000, which will be offset by a transfer from the Unrestricted General Fund. The district could eliminate the loss in the Food Service Fund by radically reducing hours of service and reducing the quality of the operations. The district has chosen to maintain its quality food services as an additional incentive for students to remain on campus and, hopefully, enjoy a better chance of educational success.

**FY2013 FINAL BUDGET- ASSOCIATED STUDENT GOVERNMENT FUND
(Page 22)**

The FY2013 Final Budget shows net income of \$6,100. The Associated Student Government budget is prepared, approved and monitored by the Associated Students. All expenditures are approved by a district administrator and the sub-fund is audited as part of the overall annual district audit.
