The public may observe the meeting remotely or in person and offer public comment. A link for remote viewing or calling in is noted on the agenda. VI. Reports

A. Academic Senate President

Academic Senate President, Leila Safaralian, noted there was an email from Robert Kelly on May 15th regarding AI Tools Info and a Summer Workshop. This is a series of workshops that can be done on your own during the summer including topics such as Equity and Humanizing Your Course, Liquid Syllabus Course Design with Canvas from A to Z, Pre-Load Chat GPT with PDF of Your choice, and more. The month of May is a month of celebrations. For the first time, MCC had a Black Alliance Graduation thanks to the work of Don Love, Dr. Adrean Askerneese, Bruce Hoskins, Wendy Stuart, Kristina Londy and many more. Reminded returning AS Senators of the Academic Senate Retreat on August 11th and noted that in July, they will receive a packet or information for review prior to the retreat. Looking forward to commencement on Friday, May 26th.

B. College Superintendent/President

Vice President of Instruction, Denée Pescarmona, reported on behalf of Superintendent/President, Sunny Cooke. Thanks were given to everyone for attending celebrations and is looking forward to graduation. It was noted there are a lot of APs/BPs and trying their best to respond to late notices from the Chancellor's Office. One of the last-minute items is AB1705 which was in a memo on May 2nd and the plan due is on July 1st. Title 5 changes require us to have them in place on July 1st. We are trying to make sure the policies are clean and compliant with Title 5 changes. AB 1111 common course numbering is a huge game changer. Reach out to Pescarmona for information. The May revise has been released. As part of an apportionment district, COLA has gone up. However, there is a \$32 billion dollar deficit at the state level in order to pay for that COLA. MCC has received about \$9 million dollars in physical plant instructional services or instructional supply monies as part of deferred maintenance. The State is going to pull back 53% of those dollars. Similarly, we have spent almost all of our Covid block grant money that we gave directly to students for emergency grants. The State has asked us to give back 53% of that, as well. MCC will continue to serve our students as we continue to do the good work.

Many have participated in the AQ Inclusive Teaching for Equitable Learning Cohort through our Strong Workforce Program who have done a lot of work on inclusive training. AQ stands for Association of College and University Educations. The third cohort starts June 20th and runs through August 11th. there is a \$300 grant for completers. All faculty are welcome. Reach out to Ben Gamboa if you would like to participate.

It was asked that with regard to funding, will the Hyflex classrooms be finished? The answer is yes, they will be finished. All supplies to outfit the additional 18 classrooms had already been ordered.

It was asked why Saturday, February 15th is on the calendar as an instructional day. It was explained that this depends on how you count the days and what holidays fall on what days. You have to meet a number of instructional days in ed code. There is also a lot of discussion about being innovative with our academic calendar. mitchell and Pescarmona are working on the calendar and what will be coming behind the scenes this coming fall. Reach out to faculty to be part of this calendar taskforce. Senators should make a highlight this calendar to their constituents. It will be approved on August 11th.

Q. AP 4020 Program, Curriculum and Course Development – Denée Pescarmona

Added a paragraph to address the college's commitment to equity in the design of its programs and curricula. The CCLC added a similar paragraph to address the updated Title 5 regulations that make ethnic studies coursework a requirement for the associate degree. When MiraCosta implements that requirement in fall 2024, this AP will add the specifics from the regulation. The CPC wanted the commitment added in the meantime. Minor modification to section G enrollment in work experience courses is regulated by unit limits, so multiple enrollments are not technically repetitions. Academic Senate is being asked to suspend the rules in order to vote on AP 4225 with one read.

There is current legislation pending for students to repeat a class for up to five times and even if they receive a passing grade.

T. AP 4025B Philosophy and Criteria for Baccalaureate Degrees and General Education – Denée Pescarmona

At the last AS meeting, it was noted that there are a couple of dishonesty words in the BP. It was noted that it was purposeful to keep them as examples for dishonesty and they were left in. It was further noted that anticipated work for MOE will be to create items for AI next year. They do not feel the need to change anything here at this time. The syllabus checklist is trying to encourage faculty to create their own AI policy. They also discussed looking at the AP/BPs with an AI lens.

X. Information / Discussion

A. Fall 2023 Full-Time Faculty Hiring Timeline – Stacey Hull

AAC is forwarding the hiring timeline for Fall 2023 to Academic Senate as an information item. This timeline is consistent with what has been seen in previous fall semesters. One change of note and highlighted is that retiring or resigning faculty must submit their notification to HR by the deadline. Authors of hiring plans will use the words "as a replacement" or "growth hire." It is also important to recognize that all full-time faculty hiring requests that either growth or replacement, all used the same criteria for ranking and are not guaranteed when it comes to hiring requests. Through week six, the taskforce reviews the plans and comes up with ranking which is forwarded to AS. During week six, there are a lot of questions as they read through the plans. The old hiring timeline did now allow for enough time. They will now meet twice; first, at the end of week five to determine the initial priority ranking. At beginning of week six, the AAC chair will reach out to plan authors with questions and come back at the end of week six with all questions answered. They can come back and have further conversations and then forward to AS.

B. Guided Pathways 2022-2026 Work Plan- Zhenya Lindstrom

MiraCosta College is currently developing the <u>Guided Pathways 2022-2026 Work Plan</u> to submit to the State's Chancellor's Office by June 1, 2023. This plan aims to strengthen MiraCosta's dedication to fostering institutional transformation that enhances student outcomes and addresses achievement and equity gaps. The focus of this plan is to identify potential obstacles that students may encounter during their academic journey, promote collaborative efforts towards altering student outcomes, use a metric-centered planning approach that aligns with the district's 2022-25 Student Equity Plan, and integrate Guided Pathways elements across programs. Join us to learn how our GP leadership team is approaching this task and how you can provide input.

The link provided is to a Google doc and all are welcome to provide comments. This will wrap up next week. Currently collecting information from various parties and pooling information from our student equity and achievement plan that was submitted to the Chancellor's Office. The guided pathways framework is the framework for designing the student experience. We are clarifying the path to students and trying to remove barriers and provide some support on helping them enter that path.

In terms of the Chancellor's Office requirements, there use to be a scale of adoption assessment where we had those practices by those pillars, to clarify the past and then we look at each practice and evaluate ourselves as to where we are implementing it at scale. However, this plan abandons that rubric and requires us to look at five key performance indicators (KPIs):

Successful enrollment

Transfer level English and Math completion in the first year

Transfer to a four-year institution

Persistence term-to-term

Completion of degrees and certificates

With prompts, we evaluate ourselves in terms of what percentage of completion we are towards our goal. Lindstrom is trying to integrate the work that Stewart has done with the student equity and achievement plan and get some information from there and embed it into this work plan on those KPIs. Also required, is integration with five programs, 1) student equity and achievement plan, 2) strong workforce, 3) ADTs – how do we implement guided pathways framework for ADTs, 4) CA adult education, and 5) ZTC. Our GP lead team will work more this summer including asking what is the direction, what is our big vision and goal for us, what's useful to us, can we produce a two-page document that would summarize our direction? Provide ideas and input to Lindstrom.

C. ADT in Business – Annie Ngo, Eric Robertson (attached slideshow to this item)

The Business and Communication Studies departments have developed an eight-week focused format program for the San Elijo campus to hopefully, increase enrollments while also meeting student needs. This cohort model for students can help build community as well as, track student progress, leading to completion and transfer to a four-year university. Joint collaboration allowed for planning related to scheduling for both major and GE courses. These ideas came from outgrowth of SAN advisory group.

Thinking programmatically for how to get students more involved and increase enrollment and making it easier to take classes at the SEC. Some feedback from students is that they want to be at SAN and in person, but some classes are not available. This is a cohort model and directs students to take sections across disciplines. Benefits students can expect is a set schedule, a community of learners with similar goals, and students going for transfer. It incorporates on ground learning plus online content and an increased focus on two classes at one time. Displayed marketing that was distributed and can be found on the SAN website. There is an interest list and students can sign up and it gives information for the college to contact them. There is a note in SURF that says this course is part of a cohort (the caps in class is lowered), but students can sign up for the class anyway. All the classes meet twice a week with an instructor and the other half is online with the cohort. The program is trying to identify a specific counselor and trying to work with the noncredit to align the calendars. After good conversation about AP classes, one of the takeaways is a need to plan for students. The uniqueness of this program is for students to only take two classes at a time and will they likely be successful. The program needs faculty to teach at SAN, continued resources and support in future semesters and collaboration across departments to offer sections at SAN (e.g. GE courses).

XI. Senator Reports

Loedel mentioned she will be meeting with Nate Scharf next week to discuss the CTE liaison. She hopes there will be more discussion about this next year.

Nagai announced the publication of his book, *From the Streets to the Seats*, which will be available in the fall.

Firouzian noted that there was a presentation about dual enrollment at Oceanside HS last week. Of the 100 students who attended, they received 88 interest forms. Oceanside High School is offering a STEM pathway for students in a condensed form and there is concern about that.

XII. Adjournment – The meeting adjourned at 10:56 am.

Employees and students shall not reproduce copyrighted materials without prior permission of the copyright owner, except as allowed by the "fair use" doctrine.

Fair Use

The "fair use" doctrine permits limited use of copyrighted materials without obtaining permission from the copyright owner in certain situations, including teaching and scholarship. Fair use is determined using a broad criteria identified in Section 107 of the Copyright Act of 1976. The Technology, Education, and Copyright Harmonization Act ("TEACH Act") allows an online instructor to use material in the same ways material can be used in live classrooms and gives additional guidance for online teaching. Consideration of all four of the factors below is required before proceeding with use in any teaching situation, though all factors do not have to be [1]in favor of use to make it a fair use:

A. The purpose and character of the use, including whether such use is of a commercial nature or is for nonprofit educational purposes;

- B. The nature[2] of the copyrighted work;
- C. The amount and significance of the portion used in relation to the entire work; and
- D. The effect of the use upon the potential market for or value of the copyrighted work.

Online Course Materials

The Technology, Education, and Copyright Harmonization Act ("TEACH Act") allows an online instructor to use material in the same ways material can be used in live classrooms and provides specific language that applies to online classes. An individual assessment is required to determine whether a given use is protected under the TEACH Act. Individuals should rely on fair use guidelines and the TEACH Act to determine whether they can use copyrighted materials for online instruction.

The following[3][4] <u>additional</u> criteria are generally required to use copyrighted material in online instruction:

- The online instruction is mediated by an instructor.
- The transmission of the material is limited to receipt by students enrolled in the course; only students enrolled in the class may have access to the material.
- Technical safeguards are used to prevent retention of the transmission for longer than the class session or to limit student ability to further distribute the materials.
- The performance is either of a non-dramatic work or a "reasonable and limited portion" of dramatic literary, musical, or audiovisual work-comparable to that displayed in a live classroom session.
- The work is not a textbook, course pack, or other material typically purchased or acquired by students for their independent use and retention, including commercial works that are sold or licensed for the purposes of digital distance education.
- The district does not know, or have reason to know, that the copy of the work was not lawfully made or acquired.
- The district notifies students that the works may be subject to copyright protection and that they may not violate the legal rights of the copyright holder.

ADMINISTRATIVE PROCEDURE

Library

The primary aim of the library is to provide information literacy instruction (both<u>in</u> <u>person</u> on-ground and online) and a balanced collection of materials to support the curriculum.

Library Collections

Library materials are acquired to serve these purposes:

- To be used by students in connection with courses
- To support instructors in preparing for teaching their courses
- To support college staff in professional duties
- To promote and support library users in general intellectual and cultural development, as well as to provide leisure reading, viewing, and listening

Librarians and discipline faculty share responsibility for selecting materials, in an appropriate format, for the library collection. As subject experts, discipline faculty should have significant input in the selection and examination of library materials within their subject areas. The librarians are responsible for maintaining a balance between various subject areas and between standard and current works.

The selection and evaluation of materials in a wide variety of formats will be based on curricular demands, recommendations of current professional review sources, and suggestions from members of the college community. Student requests are strongly encouraged, as they help to enrich and diversify the collection.

Gifts of library materials are welcome but are accepted with the understanding that only those meeting the needs of the library and the guidelines for selection will be added to the collection. Typically, gifts not retained are given away. The library assumes no responsibility for appraisal or valuation of gift items.

Library Exhibits and Displays

Library exhibits serve these purposes:

- To increase interest in library materials and their use
- To provide supplemental library opportunities for intellectual and aesthetic discovery
- To reflect the diversity of our curriculum and our community

The library is mainly responsible for curating its exhibits and displays, but will also consider requests to provide temporary/rotating space for academic departments, student groups recognized by the college, individual staff, faculty, administrators, and students, and community members or organizations that wish to sponsor an exhibit or display.

Challenges to Library Materials or Exhibits

Materials and exhibits representing various viewpoints and supporting academic freedom are included in the library as a matter of routine. If the suitability of a particular material or exhibit is questioned, the specific objections should be submitted in writing to the dean, <u>Academic InformationInstructional</u> Services. The dean and Library department chair[GS1] will review the submission and if the issue remains unresolved, the matter will be referred to the Academic Affairs Committee for review. The Academic Affairs Committee will forward their recommendation for action to the Academic Senate, who will in turn advise the superintendent/president on the disposition of the complaint. The Academic Senate will notify the complainant in writing of their decision.

Equitable Access and Borrowing

The library will provide equitable access to library resources and services to all students, regardless of location, including online learners.

Faculty, staff, enrolled students, and those with emeritus/Gold Circle status may access and borrow materials with approved identification. Reciprocal borrowing privileges <u>of</u> <u>physical library materials</u> are available for the students of locally affiliated institutions with current identification from their home institutions. Area residents, including high school students, may borrow <u>physical library</u> materials with <u>approved identification and</u> <u>the creation of a library account</u>. the purchase of a community patron card.

ADMINISTRATIVE PROCEDURE

Articulation is an ongoing process overseen by the articulation officer, a faculty position appointed by reporting to the Office of Instructional Services. This individual develops and maintains articulation agreements with regional and statewide transfer institutions, with a primary focus on the University of California (UC) and California State University (CSU) systems. as well as with other community colleges.

The articulation officer advises faculty, and departments, the Courses and Programs Committee (CPC), and administrators about changes in CSU/UC system and campus requirements, California Community Colleges Chancellor's Office (CCCCO) requirements, and any legislative requirements that will impact curriculum at the college. university majors, Associate Degrees for Transfer (ADTs), and admissions requirements that will impact curriculum at the college. They will advise the Courses and Programs Committee (CPC) about curriculum development and degree requirements related to Title 5 compliance, C-ID, and ADTs.

The articulation officer oversees compliance of curriculum-based transfer programs, such as CSU-GE and IGETC, and programs required by the CCCCO, such as the course identification numbering system (C-ID) and Associate Degrees for Transfer (ADTs). The articulation officer works with faculty to initiate, create, revise, and submit courses appropriate to these programs.

The articulation officer communicates on a regular basis with counselors and evaluators to ensure that college academic policies, legislation, and Title 5 requirements are interpreted and implemented correctly.

University Articulation

To facilitate the transfer of students to four-year colleges/universities, the articulation officer will initiate, develop, maintain, and disseminate written, faculty-approved documents called articulation agreements. Articulation agreements include transfercourse lists, general-education requirements, major preparation agreements, and course-by-course agreements. The intent of articulation is to provide transfer pathways that prepare students for upper-division study in a major in a unit-efficient manner.

Types of Articulation Agreements

- A. Transferable Course List Agreements: These agreements indicate which courses at MiraCosta College are accepted as baccalaureate level at the UC and CSU. University of California (UC) and the California State University (CSU). At minimum, these courses are acceptable for transfer electives. All subsequent articulation agreements are based on the transferable-course lists.
- B. Major Preparation Agreements: These agreements specify which courses at MiraCosta College fulfill lower-division major requirements at a four-year institution (California public, private, and out-of-state). Supplemental admission requirements for selected majors may be included as part of the articulation agreement.

- C. General Education/Breadth Agreements: These agreements indicate those courses that a student can complete at MiraCosta College to satisfy the general education/breadth requirements, CSU-GE (Plan B), and IGETC (Plan C) at the CSU California State University, the UC University of California, and some private and out-of-state institutions.
- D. Course-by-Course Agreements: These agreements specify which courses at MiraCosta College have been accepted as comparable or equivalent to courses offered at a four-year college or university.

The articulation officer also oversees compliance of curriculum-based transfer programs required by the California Community Colleges Chancellor's Office (CCCCO) and/or the CSU and UC systems, such as the course identification numbering system (C-ID) and the associate degrees for transfer (AD-T). The articulation officer will work with faculty to initiate, create, revise, and submit courses appropriate to these programs.

High School Articulation Credit by Exam

Articulation credit by exam definition

Articulation credit by exam is a course alignment process between K12, adult school, or noncredit career and technical education (CTE) classes and college career education (CE) courses designed to provide students with a nonduplicative sequence of progressive achievement and the potential to earn college credit through credit by exam. Articulation credit by exam requires an agreement between the institutions and assures students who demonstrate sufficient mastery of the student learning outcomes and course content, exhibited through the credit by exam process, can progress to the next level of postsecondary instruction.

Articulation credit by exam is designed to allow students in pre-collegiate programs (high school, adult school, or noncredit) to complete CTE training and receive college credit through appropriate Title 5 guidelines. CE courses eligible for articulation credit by exam are limited to courses designated as vocational by the California Community Colleges Taxonomy of Programs. MiraCosta College and each high school district or adult school district/consortium shall negotiate articulation agreements for each course for which equivalent college credit will be granted. Terms and conditions of such agreements shall be the purview of the appropriate MiraCosta College discipline faculty. District fees are not charged for college units earned through articulation credit by exam.

Initiating articulation credit by exam

The articulation request submission period is from December 1 through March 15; if approved, it goes into effect the following school year. The process is coordinated by the Career Education Pathways coordinator or their designee. Requests are submitted by high school district or adult school district/consortium instructors, counselors, administrators, and/or other authorized individuals. A request may be submitted on behalf of multiple instructors at a high school district or adult school district/consortium.

Articulation requests must include the requester's course outline, final exam/project/portfolio, and the course student learning outcomes. Meetings between high school district or adult school district/consortium representatives and MiraCosta

College discipline faculty may occur prior to or during the articulation request process to discuss course alignment. After reviewing the request, discipline faculty will approve the request, deny the request, or conditionally approve the request with recommended changes. If approved, the Career Education Pathways coordinator or their designee will draft an articulation agreement to be signed. Signers for MiraCosta College will include the department chair and the appropriate school dean or their respective designee. Signatures required from high school district or adult school district/consortium partners include the instructor(s) and appropriate administrator(s).

Equivalency standards

Equivalency standards shall be jointly agreed upon in writing by the discipline faculty and the high school district or adult school district/consortium instructor(s). Curriculum and equivalency standards shall be determined based on the college course objectives and student learning outcomes. Equivalency standards may include, but are not limited to, course content, sequence of presentation, instructional methodology, equipment, teaching materials, examination or proficiency tests, grade assignment, and student evaluation. MiraCosta College discipline faculty will determine who will proctor and assess the students' final exam/project/portfolio.

Districtwide agreements

There shall be a common articulation agreement for each course, taught at high schools in the same district or adult schools in the same district, that qualify for equivalent college credit as long as the course outlines submitted with the request are the same.

Agreement development

The Request for Articulation Credit by Exam Form and supporting documents, which initiate the articulation credit by exam process, shall be available on the MiraCosta College website. The Career Education Pathways coordinator or their designee will review each request and send to the appropriate discipline faculty member(s) and the articulation officer, as appropriate, for consideration. The Career Education Pathways coordinator or their designee will arrange meetings among appropriate high school and college district faculty to clarify issues and develop the agreements.

Approval and review of existing agreements

Articulation agreements shall expire after two consecutive academic years, and the high school district or adult school district/consortium shall submit a new articulation request during the submission window to renew an agreement. MiraCosta College will review to assure appropriateness and continuing equivalency. In the event of modification to a course, all parties shall be given written notification within 30 days.

Responsibility to report changes to courses

The Career Education Pathways coordinator shall publish a list of articulated courses and inform the articulation officer of changes and/or additions to high school articulated courses that may impact university articulations, ADTs, and/or common numbered courses.

Student responsibilities

To receive college credit, the student must have submitted a MiraCosta College admissions application and completed the petition for credit. The student must earn a "B" or better both in the course and on the final assessment approved by MiraCosta College discipline faculty, demonstrating course competency.

High school district or adult school district/consortium responsibilities

High school district or adult school district/consortium instructors shall inform students and their families of the articulation agreement and the requirements for credit eligibility. High school district or adult school district/consortium instructors must adhere to all deadlines established by MiraCosta College.

When eligible college credit is granted

The Admissions & Records Office acknowledges the importance of timely transcription of articulation credit by exam grades and agrees to transcript grades by September 1 following the end of the academic year in which the student was enrolled in the articulated class. Grades under a "B" will not be transcripted; thus, the student will not have an enrollment record for the articulated MiraCosta College course.

Transcript notation

Articulated college credits will be coded on the student's MiraCosta Community College District transcript with a "Credit by Exam (CBE)" notation next to the earned letter grade. Credit will be awarded for the academic year in which the course was taken.

The Board of Trustees authorizes and expects the staff to develop and implement articulation agreements with high schools served by MiraCosta College. Such agreements will provide for students to be granted college credit and/or accelerated placement in recognition of outcomes obtained in high school classes that are determined to be comparable to the competency objectives of MiraCosta College classes in the same subject area. The career and technical education transitions coordinator will facilitate the process of developing these types of articulation agreements. Courses to be included in the agreements will be determined by faculty members in academic or vocational departments. The vice president of instructional services is authorized to approve such agreements on behalf of the college, upon department recommendation. It is the responsibility of the career and technical education transitions coordinator to facilitate the review of high school curriculum so that career technical education faculty can make decisions regarding comparability of courses. High school students may earn college credit by passing their high school course and a college faculty approved final exam with a grade of "B" or better.

An approved agreement will remain in effect until either party makes curriculum changes that would substantially change the existing agreement.

ADMINISTRATIVE PROCEDURE

Credit for prior learning (CPL) is college credit awarded for validated college-level skills and knowledge gained outside of a college classroom. CPL may be earned for eligible courses approved by the district for students who satisfactorily pass an authorized assessment. An authorized assessment is a process that faculty undertake with a student to ensure the student demonstrates sufficient mastery of the course outcomes as set forth in the course outline of record. "Sufficient mastery" means having attained a level of knowledge, skill, and information equivalent to that demonstrated generally by students who receive the minimum passing grade in the course.

Students who are veterans or active duty members of the armed forces, who hold industry-recognized credentials, or who request credit for a course based on their prior learning will be referred to the college's appropriate authority for assessment upon completion of their educational plan.

- B. Students who are disqualified from receivinglose Veterans Affairs educational benefits may appeal the disqualification to the Veterans Education Benefits Disqualification Committee and seek restoration of eligibility for benefits for any of the following reasons:
 - 1. The immediately preceding semester<u>, the students'</u>-MiraCosta College grade-point average has improved significantly.
 - 2. Documented extenuating circumstances beyond the control of the student.
 - 3. The combined grade-point average from MiraCosta College and other regionally accredited institutions of higher education, for coursework completed after <u>disqualification, the loss of benefits</u> meets or exceeds district academic standards.

Adding Courses

<u>Students may add classes through the registration period (10 percent deadline of class)</u>Full-semester length and 15-week classes may be added through the second week of the semester (or session); however, students may <u>register enroll</u> in open, unrestricted classes through SURF only until midnight prior to the start date of the class.

Once the start date of any class occurs, students may <u>register for enroll in a class only</u> with instructor permission using a permission code or signed add card obtained from the instructor. Permission codes or signed add cards may be used through the <u>second</u> week of class for full-term and 15-week courses and within 5 working days from the start date of any short-term <u>10 percent deadline of a class</u>.

For classes that begin with fewer enrollments than the class capacity as published in SURF, instructors shall grant permission to enroll the number of students equal to the published class capacity by the end of the <u>first classfirst-class</u> meeting. Any additional enrollments above the class capacity are at the discretion of the instructor.

Late Adds

After the second week <u>or 10 percent deadline</u>of instruction for full-term and 15-week classes or after the first 5 days of a short-term class, only students with unavoidable extenuating circumstances may petition to add a class. Unavoidable eExtenuating circumstances include administrative errors, institutional circumstances, and verified cases of accidents, illnesses, or other circumstances beyond the student's control.

The student must first seek recommendation from the instructor of the class. If they are willing to recommend <u>a</u> late <u>add-enrollment</u>, the instructor must explain on the late-add petition how the student will make up instructor contact hours and outside-of-class work. The petition is then submitted to the appropriate instructional dean for review and approval. The approved petition must be submitted to the Admissions and Records Office within five business days of the instructor's signature date or the permission to <u>enroll-add</u> will be withdrawn.

If the instructor or instructional dean refuses to sign the petition, the student may neither <u>enroll in add</u> the course nor appeal the decision.

Upon verification of such orders by the Director of Admissions and <u>Records</u>, a withdrawal symbol ("MW") may be assigned at any time after the <u>10 percent</u> <u>deadline of a sessionperiod established by the board of trustees during which no</u> notation is made for withdrawals. Military withdrawals shall not be counted in progress probationnotice and/or, in dismissal progress seperation calculations.

Excused withdrawal shall not be counted toward, or in calculating the permitted number of withdrawals or counted as an enrollment attempt.

In no case will a military withdrawal result in a student being assigned a failing grade. Upon approval, the student will also receive a refund of the entire enrollment.

Excused Withdrawal (EW)

Excused withdrawal occurs when a student is permitted to withdraw from a course(s) due to specific events extenuating circumstances beyond the control of the student affecting their his or her ability to complete a course(s). "Extenuating circumstances" means cases of accidents, illnesses, or other circumstances beyond the control of the student. Colleges shall proactively engage with the student or their representative to identify available college support services that may mitigate the extenuating circumstances and prevent withdrawal. If mitigation efforts are unsuccessful, the student shall receive the excused withdrawal symbol ("EW") on their transcript. Students shall not be denied an excused withdrawal due to a college's inability to respond to the petition or to provide sufficient assistance to mitigate the student's circumstances.

and may include a job transfer outside the geographical region, an illness in the family where the student is the primary caregiver, when the student who is incarcerated in a California state prison or county jail is released from custody or involuntarily transferred before the end of the term, when the student is the subject of an immigration action, or other extenuating circumstances making course completion impracticable. In the case of an incarcerated student, an excused withdrawal cannot be applied if the failure to complete the course(s) was the result of a student's behavioral violation or if the student requested and was granted a mid-semester transfer. A student who is requesting a grade of EW shall submit a petition to the Committee on Exceptions with a written explanation of their extenuating circumstance. Once an evaluative grade has been assigned, along with supporting documentation is required. Upon verification of conditions consistent with the issuance of an EW grade the symbol may be assigned after the 10 percent deadline of a session at any time after the period established during which no notation is made for withdrawals.

An excused withdrawal shall be assigned if a determination is made that the student withdrew from a course due to unlawful discrimination or retaliation.

An excused withdrawal shall be assigned if a student withdraws from a course due an extraordinary condition under section 58509.

Excused withdrawal shall not be counted in progress <u>probation_notice_and progress</u> <u>separation_dismissal_calculations</u>.

Excused withdrawal shall not be counted toward the permitted number of withdrawals or counted as an enrollment attempt.

Permitted Number of Enrollments

"Course enrollment" occurs when a student receives an evaluative (A, B, C, D, F, P/CR, NP/NC) or nonevaluative (I, IP, RD, W, MW) symbol for a course. Enrollments include any combination of withdrawals and repetition. A gG rade of EW and MW will not be counted toward the permitted number of withdrawals or counted as an enrollment attempt.

A student may enroll in a non-repeatable course up to three times under certain circumstances (see Administrative Procedure 4225). For example, a student who enrolls and withdraws from the same course three times will not be permitted to enroll a fourth time. Likewise, a student who withdraws from a course once and receives a substandard grade (D, F, NP/NC) upon the second enrollment will be allowed to repeat the course for a third enrollment to alleviate the substandard grade; however, if the student withdraws from the course or receives a substandard grade upon the third enrollment, he/she will not be allowed to enroll in the course a fourth time.

Certain activity, performance, and skill courses are designated as repeatable and may be repeated up to three times for a total of four enrollments as provided for in Administrative Procedure 4225. This limitation applies even if a student receives a "W" during one or more enrollments in such a course.

Students may petition to the Committee on Exceptions for one additional enrollment beyond the authorized number of enrollments for non-repeatable or repeatable courses under the provisions specified in Administrative Procedure 4225.

Intervention in Cases of Multiple Withdrawals

- C. Upper-division courses may encompass research elements, workforce training, apprenticeships, internships, practicum, or capstone projects.

General Education

General education at MiraCosta College introduces the content and methodology of major areas of knowledge. Its purpose is to encourage students to select a broad spectrum of classes. The MiraCosta College general education program for the baccalaureate degree is comprised of thirty-seven (37) to forty-one (41) units of lower-division general education courses and nine (9) units of upper-division general education general education courses and nine (9) units of upper-division general education courses. Students completing this program are able to demonstrate the following:

A. A broad understanding of mathematics, science, social science, humanities, and the arts.

MiraCosta Community College District

- B. Effective communication in oral and written form.
- C. A multicultural global perspective.
- D. Critical-thinking skills that apply analytical and creative approaches to problem solving.
- E. The ability to adapt to new environments and technologies.
- F. Social awareness and responsibility as a participating member of society.

Lower-Division General Education

Students may satisfy the lower-division general education requirement for the baccalaureate degree at MiraCosta College by completing one of the following:

- A. The California State University (CSU) breadth (CSU-GE) pattern.
- B. The University of California (UC) intersegmental general education transfer curriculum (IGETC) pattern.
- C. A bachelor's or an associate degree from a U.S. regionally accredited institution.

MiraCosta College courses approved for the CSU-GE and IGETC patterns meet the standards set forth in Board Policy 4025-B and meet the following universal criteria: rigor, scope, autonomy, breadth, critical thinking, communication, and rationality.

Consistent with Board Policy 4025, the CSU-GE and IGETC lower-division general education requirements are designed to provide the knowledge, skills, experiences, and perspectives that will enable students to expand their capacities to take part in a wide range of human interests and activities; to confront personal, cultural, moral, and social problems that are an inevitable part of human life; and to cultivate both the requisite skills and enthusiasm for lifelong learning.

Lower-division general education courses for the baccalaureate degree will fulfill the following criteria related specifically to the designated CSU-GE or IGETC Area:

A. CSU-GE Area A and IGETC Area 1: Communication in the English Language and Critical Thinking

Courses emphasize development of students' communication and reasoning skills. These areas require coursework in communication in the English language, to include both oral and written communication. Critical-thinking courses will develop the students' abilities to analyze, criticize, and advocate ideas; to reason inductively and deductively; and to reach well-supported factual or judgmental conclusions.

B. CSU-GE Area B1-3, Scientific Inquiry and IGETC Area 5, Physical and Biological Sciences

Courses will develop the student's knowledge of scientific theories, concepts, and data about both living and nonliving systems. Students will achieve an understanding and appreciation of scientific principles and the scientific method, as well as the potential limits of scientific endeavors and the value systems associated with human inquiry.

C. CSU-GE Area B4 and IGETC Area 2: Mathematical Concepts and Quantitative Reasoning

Courses will be designed so that students' will not just practice computational skills, but will be able to explain and apply basic mathematical concepts and will be able to solve problems through quantitative reasoning.

D. CSU-GE Area C and IGETC Area 3: Arts and Humanities

Courses will cultivate and refine student's affective, cognitive, and physical faculties through studying great works of the human imagination. Courses will encourage students to analyze and appreciate works of philosophical, historical, literary, aesthetic, and cultural importance from Western and non-Western perspectives. Activities may include participation in aesthetic, creative experiences. Courses that primarily focus on skill development will be excluded.

E. CSU-GE Area D and IGETC Area 4: Social and Behavioral Sciences

Courses provide students with the understanding that human social, political, and economic institutions and behavior are inextricably interwoven. Courses will ensure that students have the opportunity to develop understanding of the perspectives and methods of the social and behavioral sciences. Courses will help students gain an understanding and appreciation of the contributions and perspectives of men, women, and of ethnic and other minorities and a comparative perspective on both Western and non-Western societies.

F. CSU-GE Area E: Lifelong Learning and Self-Development (CSU Only)

Courses in this area are designed to equip students for lifelong understanding and development of themselves as integrated physiological, social, and psychological beings. Courses will draw on findings from the biological, behavioral, and social sciences to study humans from psychological, sociological, and physiological perspectives.

G. CSU-GE Area F and IGETC Area F: Ethnic Studies (CSU Only)

Courses shall have the following course prefixes: African American, Asian American, Latina/o American, or Native American Studies. Similar course prefixes (e.g., Pan-African Studies, American Indian Studies, Chicana/o Studies, Ethnic Studies) shall also meet this requirement. Courses that are approved to meet this requirement shall meet at least three of the five Ethnic Studies competencies. These competencies can be found on the CSU General Education Breadth Requirements website.

Placement of courses on CSU-GE and IGETC is governed by the California State University (CSU) and University of California (UC) and will be in accordance with CSU and UC transfer submission and acceptance policies. Successful completion of the CSU-GE or IGETC general education patterns will be in accordance with CSU-GE or IGETC certification guidelines that include the following:

- 1. Each course completed in CSU-GE Area A and B4 must be completed with a "C–" or a "P" or better.
- 2. Each course completed on IGETC must be completed with a "C" or a "P" or better.
- 3. Courses listed in two different areas may be used to satisfy a requirement in one area but not both areas.
- 4. All areas of the CSU-GE or IGETC pattern must be fully completed.
- 5. Students may request CSU-GE or IGETC certification, but certification is not necessary to fulfill the lower-division general education component of the baccalaureate degree.

Coursework from other U.S. regionally accredited institutions will be approved to meet CSU-GE (Plan B) or IGETC (Plan C) requirements according to the following CSU-GE and IGETC certification guidelines:

- A. A CSU-GE or IGETC-approved course in the same area at another California community college.
- B. A course comparable to an approved MiraCosta College course on CSU-GE (Plan B) or IGETC (Plan C) or a course on another California community college CSU-GE or IGETC pattern.
- C. A lower-division course that meets the CSU-GE or IGETC area criteria.
- D. An upper-division course that is determined comparable by faculty to a lowerdivision CSU-GE or IGETC-approved course.

International Education

Courses developed or adapted specifically for international education must be approvedby the Courses and Programs Committee and must be as rigorous as any offered on campus. In particular, the curriculum should foster and enhance international perspectives, increase fluency in foreign languages (when relevant), and promote understanding of the host culture. These courses must be approved in accordance with Education Code and Title 5 regulations and be taught by faculty members meeting the minimum qualifications for providing instruction.

Department colleagues may work together to investigate international education opportunities they may wish to pursue. Faculty members should discuss their plans with their department chair and secure support from their dean prior to presenting their proposal to the vice president of instructional services for consideration. Faculty members are encouraged to talk to the IIP coordinator and/or the International Education Advisory Committee about any questions concerning study abroad opportunities and requirements.

ADMINISTRATIVE PROCEDURE

The faculty in the discipline or, if the college has no faculty member in the discipline, the faculty in the department are responsible for approving courses and establishing their associated prerequisites/corequisites as separate actions. The approval of a prerequisite or corequisite must be based on the determination that it is an appropriate and rational measure of a student's readiness to enter a course or program.

Determinations about prerequisites and corequisites shall be made only on a course-bycourse or program-by-program basis, including those establishing communication and computational skill requirements (per Title 5 section 55003(a) and (j), respectively).

By August 1 of each year, MiraCosta College will report to the California Community Colleges Chancellor's Office the prerequisites and corequisites that were established during the prior academic year. The report will specify the level of scrutiny used to determine whether the prerequisite or corequisite was necessary and appropriate for achieving the purpose for which it was established (per Title 5 section 55003(i)).

Courses for which prerequisites or corequisites are established will be taught by a qualified instructor and in accordance with the course outline, particularly those aspects of the course outline that are the basis for justifying the establishment of the prerequisite or corequisite (per Title 5 section 55003(b)(2) and (3)).

The college shall identify prerequisites, corequisites, and advisories on recommended preparation in the college catalog, each semester's schedule of courses, and the course outline of any course for which they are established (per Title 5 section 55003(h)).

Courses completed with a C- from U.S. regionally accredited colleges may be used to satisfy a grade of C prerequisite requirement.

Establishing Prerequisites and Corequisites

In order to establish a prerequisite or corequisite, the prerequisite or corequisite must be determined to be necessary and appropriate for achieving the purpose for which it is being established (per Title 5 section 55003(b)(1)). Necessary and appropriate shall be understood to mean reasonably needed to achieve the purpose that it purports to serve; absolute necessity is not required (per Title 5 section 55000(h)).

Prerequisites and corequisites may be established only for any of the following purposes (per Title 5 section 55003(d)):

- A. The prerequisite or corequisite is expressly required or expressly authorized by statute or regulation.
- B. The prerequisite will assure that a student has the skills, concepts, and/or information that is presupposed in terms of the course or program for which it is being established, such that a student who has not met the prerequisite is highly unlikely to receive a satisfactory grade in the course (or at least one course within the program) for which the prerequisite is being established.
- C. The corequisite course will assure that a student acquires the necessary skills, concepts, and/or information, such that a student who has not enrolled in the corequisite is highly unlikely to receive a satisfactory grade in the course or program for which the corequisite is being established.
- D. The prerequisite or corequisite is necessary to protect the health or safety of a student or the health and safety of others.

Levels of Scrutiny

The levels of scrutiny required for establishing prerequisites, corequisites, and advisories on recommended preparation are content review or content review with statistical validation (per Title 5 section 55003(a)).

- A. Content review is a rigorous, systematic process conducted by discipline faculty that identifies the necessary and appropriate body of knowledge or skills students need either to possess prior to enrolling in a course or to acquire through simultaneous enrollment in a corequisite course (per Title 5 section 55000(c)). At a minimum, content review shall include the following (per ASCCC):
 - 1. Careful review of the course outline of record (COR) for the target course
 - 2. Review of syllabi, sample exams, assignments, instructional materials, and grading criteria for the relevant courses, when available.
 - 3. Using the CORs of both the target and proposed prerequisite course, identification of required skills/knowledge students must have prior to enrolling in the target course and matching those skills/knowledge to the proposed prerequisite course
 - 4. Documentation that verifies the above steps were taken
- B. Statistical validation is a compilation of data according to sound research practices that shows a student is highly unlikely to succeed in the course unless the student has met the proposed prerequisite or corequisite (per Title 5 section 55003(f)). When this level of scrutiny is used, the college shall follow the guidelines specified in Title 5 section 55003(g).

Exemptions from Scrutiny

A prerequisite or corequisite shall be exempt from scrutiny if it satisfies any of the following criteria (per Title 5 section 55003(e)):

- A. It is required by statute or regulation.
- B. It is part of a closely related lecture-laboratory course pairing within a discipline.
- C. It is required by four-year institutions.
- D. Baccalaureate institutions will not grant credit for a course unless it has the particular communication or computation skill prerequisite.

Curriculum Review Process

The Courses and Programs Committee (CPC) is responsible for the curriculum review process, and its membership is determined in a manner that is mutually agreeable to the college administration and the academic senate [per Title 5 section 55002(a)(1)].

CPC reviews and approves the establishment of prerequisites, corequisites, and advisories on recommended preparation only upon the recommendation of the academic senate except that the academic senate may delegate this task to CPC without forfeiting its rights or responsibilities under Title 5 sections 5320–53204.

When content review is used to establish prerequisites or corequisites in reading, written expression, or mathematics for degree-applicable courses not in a sequence, CPC will do all of the following:

- A. Provide training to CPC members on the establishment of corequisites/prerequisites.
- B. Inform faculty about the regulations regarding the establishment of corequisites/ prerequisites using content review.
- C. Direct faculty to the Office of Research, Planning, and Institutional Effectiveness to do the following: (a) identify courses that may increase the likelihood of student success with the establishment of a prerequisite or corequisite; (b) prioritize which courses should be considered for the establishment of new corequisites or prerequisites; (c) monitor if any disproportionate impact may occur based on the establishment of a prerequisite or corequisite.
- D. Assure through communication with the Office of Instruction that prerequisite courses, corequisite courses, and courses that do not require prerequisites or corequisites, whether basic skills or degree-applicable courses, are reasonably available.

Standards for Approval of Prerequisites and Corequisites

CPC Faculty discipline experts will review the course outline to determine if a student would be highly unlikely to receive a satisfactory grade unless the student has knowledge or skills not taught in the course. The CPC will also then review the course outline to

determine if success in the course is dependent upon communication or computation skills, in which case the course shall require as prerequisites or corequisites eligibility for enrollment in associate degree credit courses in English and/or mathematics, respectively (per Title 5 section 55002(a)(2)(D) and (E)). If a course requires precollegiate skills in reading, written expression, or mathematics, MiraCosta College will do the following (per Title 5 section 55003(I)):

- A. Ensure these courses and sections are offered with reasonable frequency
- B. Monitor progress on student equity in accordance with Title 5 section 54220 as follows:
 - 1. The college will conduct an evaluation to determine if the prerequisite has a disproportionate impact on student success.
 - 2. Where there is disproportionate impact on any group of students, the college will, in consultation with the Chancellor, develop and implement a plan setting forth the steps the district will take to correct the disproportionate impact.

Periodic Review of Prerequisites and Corequisites.

Using an appropriate level of scrutiny, MiraCosta College will review all established career education course and program prerequisites, corequisites, and advisories every two years to ensure they remain necessary and appropriate; all other established course and program prerequisites, corequisites, and advisories will be reviewed every six years (per Title 5 section 55003(b)(4)).

Challenging Corequisites and Prerequisites

Whenever a corequisite course is established, sufficient sections shall be offered to reasonably accommodate all students who are required to take the corequisite. A corequisite shall be waived when space in the corequisite course is not available (per Title 5 section 55003(m)).

A student may challenge any prerequisite or corequisite by submitting a challenge form at the time of registration to the Admissions and Records Office. The student will be enrolled in the requested class if space is available. The department whose course prerequisite is being challenged will review the challenge, and the student will be notified of the department's decision within five working days per AP 5052. If the challenge is denied, the student will be dropped from the class and refunded all applicable fees (per Title 5 section 55003(o)).

Grounds for challenge are as follows (per Title 5 section 55003(p)):

- A. The prerequisite or corequisite has not been established in accordance with the district's process for establishing prerequisites and corequisites.
- B. The prerequisite or corequisite is in violation of Title 5 section 55003.
- C. The prerequisite or corequisite is either unlawfully discriminatory or is being applied in an unlawfully discriminatory manner.*

- D. The student has the knowledge or ability to succeed in the course or program despite not meeting the prerequisite or corequisite.
- E. The student will be subject to undue delay in attaining the goal of their educational plan because the prerequisite or corequisite course has not been made reasonably available.

*In the case of a challenge that the prerequisite or corequisite is either unlawfully discriminatory or is being applied in an unlawfully discriminatory manner (see C above), the district shall promptly advise the student that they may file a formal complaint of unlawful discrimination pursuant to Title 5, subchapter 5 (commencing with section 59300) of chapter 10 of the division. If the student elects to proceed with the challenge, completion of the challenge procedure shall be deemed to constitute an informal complaint pursuant to Title 5 section 59327.
