

MiraCosta College
Program Student Learning Outcomes (PSLOs)
2016-2017

Program	PSLO	Outcome
Program - 3D Modeling and Prototyping COP	PSLO 1	Upon completion of this program, students will be able to design and create graphical representations of the built environment based on industry standards.
Program - Accounting AA and COA	PSLO 1	At the end of this program, the student will be able to successfully construct and analyze accounting information for the purposes of making business decisions.
Program - Administration of Justice for Transfer AS	PSLO 1	Prepare students for further study and/or employment in entry-level positions in the criminal justice system.
Program - Administrative Professional AA and COA	PSLO 1	Upon completion of this program the student will be able to create and format written communications choosing the medium for a given scenario.
Program - Adult High School	PSLO 1	Students will obtain an awareness of, and preparation for, higher education.
Program - Adult High School	PSLO 2	Students will acquire improved workplace skills for employability.
Program - Adult High School	PSLO 3	Students will demonstrate improved self-efficacy.
Program - Adult High School	PSLO 4	Students will model a sensitivity, to and awareness of, diverse perspectives.
Program - Applied Design COP	PSLO 1	Upon completion of this program students will be able to apply the standard Design Process to generate solutions across multiple industries.
Program - Architectural Design AA and COA	PSLO 1	After completing this program of study, students will be able to design and create graphical representations of the built environment based on industry standards.
Program - Assistant Teacher COP	PSLO 1	Upon completion of the program, the student will be able to convey how theories of child development and socialization can be applied to support play and learning in an early childhood classroom.
Program - Associate Teacher AA and COA	PSLO 1	Upon completion of the program, the student will be able to design and implement curriculum based on observation and assessment of young children to support play and learning in an early childhood classroom.
Program - Audio Recording Production AA and COA	PSLO 1	Teach methods to use current technologies to create a high-quality musical presentation suitable for broadcast within a given timeline.
Program - Audio Recording Production AA and COA	PSLO 2	Work within a group to produce an audio recording using audio equipment such as mixers, audio recorders, signal processors, patch bays and microphones.
Program - Audio Recording Production AA and COA	PSLO 3	Choose, position and configure microphones and preamplifiers to accurately capture and store audio.
Program - Automotive Alignment, Brakes and Suspension COP	PSLO 1	Upon completion of this program, students will be proficient in theory, practiced in hands-on service, and sufficiently prepared to pass the ASE examination in each of the courses which constitute the certificate of proficiency.
Program - Automotive Electronics COP	PSLO 1	Students will be proficient in the theory and application of Basic and Advanced automotive electrical systems.
Program - Automotive Electronics, Computers, and Emissions and/or HVAC COA	PSLO 1	Synthesize knowledge of electrical systems and computer technology to diagnose, service, and repair electrical and computer communication circuits as they relate to automotive drive-train and accessory systems, with an emphasis in emissions and/or heating, ventilation, and air conditioning.
Program - Automotive Quick Service Assistant COP	PSLO 1	Upon completion of this program, students will be proficient in basic automotive knowledge and relative business practices.
Program - Automotive Repair: Drive-Train Specialist COP	PSLO 1	Students will be proficient in the theory and practice of heavy line/drive-train service and repair.
Program - Automotive Technology AA and COA	PSLO 1	Possess the knowledge and skills necessary to perform brake, suspension, engine, and electrical repair, service, and diagnostic procedures, as an entry-level automotive technician.
Program - Basic Engine Performance COP	PSLO 1	Students will be proficient in the theory and practice of engine repair and engine performance.
Program - Billing, Cost, and Accounting Specialist COP	PSLO 1	Upon completion of this program, the student will be able to analyze and record business transactions using double-entry accounting as well as construct and interpret required financial statements.

MiraCosta College
Program Student Learning Outcomes (PSLOs)
2016-2017

Program	PSLO	Outcome
Program - Bioprocess Technology COA	PSLO 1	Upon completion of the program, students will be able to successfully perform a technical laboratory task by employing the appropriate equipment and tools, safely and effectively.
Program - Bookkeeping AA and COA	PSLO 1	At the end of this program, the student will be able to analyze and record business transactions using double-entry accounting as well as construct and interpret required financial statements.
Program - Business Administration for Transfer AS	PSLO 1	At the end of this program, the student will be able to interpret and analyze the Income Statement, Balance Sheet, and Statement of Cash Flows for the purpose of making business decisions.
Program - Business Entrepreneurship AA	PSLO 1	At the end of this program, the student will be able to select a target market and develop the marketing mix for a specific product or service.
Program - Business Entrepreneurship COA	PSLO 1	At the end of this program, the student will be able to select a target market and develop the marketing mix for a specific product or service.
Program - Business Fundamentals COP	PSLO 1	At the end of this program, the student will be able to explain and differentiate the various business disciplines/ functions using appropriate terminology and context.
Program - Business of Music COA	PSLO 1	Demonstrate an understanding of intellectual property laws as they specifically apply to the music industry.
Program - Business of Music COA	PSLO 2	Understand the process of affiliation with the appropriate organizations for the registration and collection of copyright royalties.
Program - Business of Music COA	PSLO 3	Demonstrate the ability to understand and interpret contracts and terminology specifically found in the entertainment industry.
Program - CA Smog Check Technician COA	PSLO 1	Possess the knowledge necessary to sit for the State of California Smog Technicians Examination and the skills necessary for entry-level employment as a smog technician in a state approved smog test only or smog test and repair facility.
Program - Career Spanish for Medical Personnel COP	PSLO 1	Upon completion of this program, the student will be able to engage in meaningful conversations about basic health status, health information and health care instructions for both the medical staff and the patient, demonstrating command of Spanish medical terminology for body parts, organs, systems, symptoms and illness as well as of command of the first two years' vocabularies, structures, and pronunciation in the target language and comprehending native speaker speech.
Program - Catering Operations COP	PSLO 1	Upon completion of this program, a student will be able to develop an operational strategy for a restaurant.
Program - Certified Computer Desktop Support Specialist COA	PSLO 1	At the end of this program, the student will be able to successfully support application software, operating systems, local area networks, and desktops within the context of a professional customer service environment.
Program - Certified Nursing Assistant COP	PSLO 1	Upon completion of this program the student will demonstrate safe and effective basic care and comfort to the health care consumer.
Program - Communication Studies for Transfer AA	PSLO 1	Students will develop the ability to present clear and effective messages.
Program - Communication Studies for Transfer AA	PSLO 2	Students will understand the relevance of the theories and methods of communication.
Program - Communication Studies for Transfer AA	PSLO 3	Students will be prepared for transfer to a Communication Studies program in a California State University.
Program - Computer Applications Professional for Business AA	PSLO 1	At the end of this program, the student will be able to successfully use a range of business productivity computer applications to solve business problems.
Program - Computer Applications User COP	PSLO 1	Upon completion of this program, students will be able to work with basic computer applications to perform essential job functions proficiently.
Program - Computer Competencies for the Workplace COP	PSLO 1	Upon completion of this program, students will be able use the computer effectively at the entry job level.

MiraCosta College
Program Student Learning Outcomes (PSLOs)
2016-2017

Program	PSLO	Outcome
Program - Computer Programming Fundamentals AA	PSLO 1	The student will be able to analyze, design, and generate mature software solutions to complex and abstract programming problems utilizing efficient and appropriate algorithms while working alone or cooperatively in a team. They will also be able to competently explain and present the code and the results both verbally and in writing.
Program - Computer Programming Fundamentals COA	PSLO 1	The student will be able to analyze, design, and generate mature software solutions to complex and abstract programming problems utilizing efficient and appropriate algorithms while working alone or cooperatively in a team. They will also be able to competently explain and present the code and the results both verbally and in writing.
Program - Computer Science AA	PSLO 1	The student will be able to analyze, design, and generate mature software solutions to complex and abstract programming problems utilizing efficient and appropriate algorithms while working alone or cooperatively in a team. They will also be able to competently explain and present the code and the results both verbally and in writing.
Program - Computer Studies AA and COA	PSLO 1	At the end of this program, the student will be able to successfully articulate and demonstrate a wide range of fundamental theory and skills in the areas of computers and information technology.
Program - Computer-Aided Drafting AA and COA	PSLO 1	After completing this program of study, students will be able to design and create graphical representations of the built environment based on industry standards.
Program - Computer-Aided Drafting and Design AA and COA	PSLO 1	After completing this program of study, students will be able to design and create graphical representations of the built environment based on industry standards.
Program - Construction Management COP	PSLO 1	Upon completion of this program, the student will be able to create an effective plan and schedule for a personal or construction project from defined criteria, and monitor, control, and measure performance of the project.
Program - Dance AA	PSLO 1	Explain how dance, as a non-verbal art form, is a valuable, integral and enriching part of the human society.
Program - Dance AA	PSLO 2	Demonstrate technical proficiency and artistic expression in at least one dance genre or style.
Program - Dance Instructor COA	PSLO 1	Create and teach a sample class, demonstrating correct instruction in body alignment, musicality, breathing, and muscular control in a selected dance technique.
Program - Dance Instructor COA	PSLO 2	Examine and interpret dance movement in terms of time, space, and energy.
Program - Dance Instructor COA	PSLO 3	Create dance sequences using compositional principles of time, space, and energy.
Program - Design and Technology AA and COA	PSLO 1	Students will participate in and be able to effectively observe, analyze, and critique the strengths and weaknesses of dramatic performances, taking into account various aspect of their design and technical production, including but not limited to scenic design, lighting design, overall stagecraft, lighting, makeup, and sound.
Program - Digital and Print Publishing COP	PSLO 1	Upon completion of this program, students will be able to demonstrate proficiency with digital imaging and print publishing tools and techniques.
Program - Digital Audio COP	PSLO 1	Upon completion of this program, the student will be able to demonstrate proficiency with specific digital audio software applications such as Pro Tools, Digital Performer, and Garage Band.
Program - Digital Photography AA	PSLO 1	Identify major movements, artwork, and artists in historical and contemporary photography. Demonstrate understanding of different photo techniques.
Program - Digital Photography COA	PSLO 1	Student will possess photographic and digital imaging knowledge, identify fine art and commercial career pathways, and be able to apply current, photographic technology using professional and industry standards.
Program - Dining Room Operations COP	PSLO 1	Upon completion of this program, a student will be able to develop an operational strategy for a restaurant.
Program - Drafting Fundamentals COP	PSLO 1	Upon successful completion of the program, students will be able to create, present, and evaluate a CAD design project that solves design problems typical in industry and/or the community.
Program - Dramatic Arts AA	PSLO 1	Students will demonstrate theatrical techniques-theories and adapt production practices.

MiraCosta College
Program Student Learning Outcomes (PSLOs)
2016-2017

Program	PSLO	Outcome
Program - Early Intervention and Inclusion COA	PSLO 1	Adapt early learning activities and classroom strategies that meet the individual needs of young children.
Program - E-Commerce COA	PSLO 1	At the end of this program, the student will be able to successfully perform the basic tasks associated with analysis, creation, evaluation and maintenance of an e-Business and/or web presence.
Program - Emerging Technologies in Computer Studies COP	PSLO 1	Upon completion of this program, students will be able to demonstrate how emerging computer technologies impact current and future business and industry.
Program - Engineering Design Graphics COP	PSLO 1	Upon completion of this program students will be able to critically analyze the needs of the audience or end user of the model and select the optimal model media and presentation style (multi-view, shading, dimensioning, etc.) based on the often conflicting demands of user needs, time and budget constraints, and available technology (plotters, projectors, RP machines, etc.).
Program - Entrepreneurship Fundamentals COP	PSLO 1	At the end of this program, the student will be able to select a target market and develop the marketing mix for a specific product or service.
Program - Fitness Nutrition Specialist COP	PSLO 1	Students will be able to counsel healthy clients on basic nutritional guidelines and on weight loss.
Program - Food Service Operations COP	PSLO 1	Upon completion of this program, a student will be able to develop an operational plan for a restaurant.
Program - Front Office Operations COP	PSLO 1	Upon completion of this program, the student will be able to research, compare, and prepare written documents reviewing a specific legal procedure used in hotels/motels or restaurants.
Program - Gerontology AA	PSLO 1	The student will evaluate the differing needs of the elderly based on age, health, sex, race, ethnicity, and class.
Program - Graphic Communication COP	PSLO 1	Upon completion of this program, students will be able to demonstrate proficiency with graphic design principles and techniques.
Program - Graphic Design AA and COA	PSLO 1	Plan, design, and produce professional-level graphic designs that apply design, layout, and typographic principles and demonstrates effective communication solutions.
Program - History for Transfer AA	PSLO 1	Construct a historical thesis that could be supported by selected primary sources from the era covered by the course.
Program - History for Transfer AA	PSLO 2	Articulate the causal and/or consequential elements of an event from the era covered by the course.
Program - Holistic Health Practitioner (1000 Hours) COA	PSLO 1	Students will demonstrate advanced bodywork techniques when performing massage strokes, including a massage for pain reduction and an Asian style massage. Instructors will evaluate the student using proper techniques and body mechanics.
Program - Home Health Aide COP	PSLO 1	Upon completion of this program the student will demonstrate safe and effective basic care, comfort and environmental maintenance to the health care consumer in the home setting.
Program - Hospitality Management AA and COA	PSLO 1	Identify specific job titles within the hospitality, food service, and tourism industries and describe the responsibilities of the positions as well as the outlook for future job growth.
Program - Hospitality Management AA and COA	PSLO 2	Research, compare and prepare written documents reviewing a specific legal procedure used in hotels/motels or restaurants.
Program - Hospitality Management AA and COA	PSLO 3	Develop an operational strategy for a restaurant.
Program - Human Development AA	PSLO 1	Apply knowledge of developmental theories, norms, and cultural influences to demonstrate a critical understanding of a person's development.
Program - Income Tax Preparer COP	PSLO 1	Upon completion of this program, the student will be able to successfully analyze financial information and complete a moderately challenging tax return suitable for filing with the IRS.
Program - Irrigation Technology COP	PSLO 1	Upon completion of the program, students given planting areas of various sizes, shapes and plant materials, will be able to select appropriate irrigation equipment in accordance with best management practices.

MiraCosta College
Program Student Learning Outcomes (PSLOs)
2016-2017

Program	PSLO	Outcome
Program - Italian AA	PSLO 1	Engage in meaningful conversations about social issues, cultural productions and cultural aspects covered in first two years of Italian courses, demonstrating command of first two years vocabularies, structures and pronunciation in the target language and comprehending native speaker speech.
Program - Italian AA	PSLO 2	Upon completion of this program, a student will be able to ?read and comprehend a passage about social issues, cultural productions or cultural aspects covered in the first two years of Italian courses from a real Italian contemporary source.?
Program - Italian AA	PSLO 3	Upon completion of the program, the student will be able to write a cohesive, analytical/critical essay about social issues, cultural productions or cultural aspects covered in class, comparing and contrasting them to other cultures and demonstrating command of the first two years vocabulary and structures in the target language.
Program - Laboratory Skills COP	PSLO 1	Upon completion of the program, students will be able to successfully perform a technical laboratory task by employing the appropriate equipment and tools, safely and effectively.?
Program - Landscape Architecture AA and COA	PSLO 1	Students will use hand drawn and computer generated graphics to produce accurate landscape plans that reflect sustainable, functional, and aesthetic principles.
Program - Law Enforcement AA and COA	PSLO 1	Prepare students for further study and/or employment in entry-level positions in the criminal justice system.
Program - Liberal Arts (All Areas) AA	PSLO 1	This multi-disciplinary approach will enable students to develop communication, critical thinking and intellectual skills that effectively prepare them for lifelong learning and for advanced study in a wide range of majors at the university level.
Program - Licensed Vocational Nursing AA and COA	PSLO 1	Upon completion of this program, the student will be able to promote and maintain a safe environment by integrating nursing process and skill competency to intervene therapeutically for the health of the patient.
Program - Live Performance Audio COA	PSLO 1	Assemble the components used to create a professional caliber sound reinforcement system.
Program - Live Performance Audio COA	PSLO 2	Organize, plan, manage and complete a live concert recording according to professional standards.
Program - Live Performance Audio COA	PSLO 3	Configure and operate a professional integrated audio/video production system.
Program - Management AA and COA	PSLO 1	At the end of this program, the student will be able to identify, compare and contrast communication styles to improve personal effectiveness.
Program - Marketing AA and COA	PSLO 1	At the end of this program, the student will be able to select a target market and develop the marketing mix for a specific product or service.
Program - Massage Therapist (500 Hours) COA	PSLO 1	Students will demonstrate advanced massage techniques when performing massage strokes, including a variety of soft tissue and myofascial release techniques.
Program - Master Teacher AA and COA	PSLO 1	Design, implement and evaluate effective program practices to successfully manage an early childhood classroom.
Program - Master Technician COA	PSLO 1	Upon completion of this program, students will be proficient in theory, practiced in hands-on service, and sufficiently prepared to pass the national ASE examination for each of the courses which make up the certificate of proficiency.
Program - Math for Transfer AS	PSLO 1	Given a function of one or more variables, apply appropriate technique to differentiate and integrate the function.
Program - Mechanical Design AA and COA	PSLO 1	After completing this program of study, students will be able to design and create graphical representations of the built environment based on industry standards.
Program - Medical Insurance and Coding Specialist COP	PSLO 1	Upon completion of this program, students will be able to create and submit CMS 1500 forms after identifying the correct ICD and CPT codes within the parameters of the designated insurance carrier.
Program - Medical Office Professional AA and COA	PSLO 1	Students will complete all the steps in the Documentation Cycle and the Patient Billing Cycle by creating a patient medical record with all documents labeled and identified by step number.
Program - Medical Office Specialist COP	PSLO 1	Upon completion of this program, students will be able to identify and perform job tasks (such as receptionist, scheduler, biller, coder, patient educator) of a medical administrative assistant.

MiraCosta College
Program Student Learning Outcomes (PSLOs)
2016-2017

Program	PSLO	Outcome
Program - Meeting and Event Management COP	PSLO 1	Upon completion of the program, the student will be able to develop a written portfolio to create a "mock event" as specified.
Program - Microsoft Certified Application Specialist for Business COA	PSLO 1	At the end of this program, the student will be able to use Microsoft Word, Excel, Access, and PowerPoint at a comprehensive level to solve problems in a business environment.
Program - Museum Studies COA	PSLO 1	Upon completion of this program, the student will be able to analyze and communicate critically formulated ideas and concepts about the care, display, maintenance, and/or sale of object collections as commonly found in museums or galleries.
Program - Museum Studies COA	PSLO 2	Upon completion of this program, the student will have documentable experience in the care, display, maintenance, and/or sale of object collections.
Program - Music Performance AA	PSLO 1	Upon successful completion of the music performance degree music majors will be able to demonstrate the ability to hear, identify, and work conceptually with the elements of music through the successful study of music theory and analysis, ear training, and piano keyboard proficiency.
Program - Music Performance AA	PSLO 2	Upon successful completion of the music performance degree music majors will be able to perform standard repertoire and demonstrate performance skills requisite for artistic self-expression at a level appropriate for the particular music concentration.
Program - Music Technology COP	PSLO 1	Upon completion of this program, a student will be able to achieve proficiency in various aspects of music technology such as equipment setup, procurement, and application.
Program - Network and Desktop Systems Administration AA and COA	PSLO 1	At the end of this program, the student will be able to successfully perform the basic tasks associated with the administration of servers, networks and desktop computers.
Program - Nursery/Horticulture Crop Production AA and COA	PSLO 1	Students will integrate concepts and skills learned in core courses to manage environmental and other growth factors to produce healthy and marketable crops.
Program - Office Assistant COP	PSLO 1	Upon completion of this program, students will be able to create and complete basic office operations such as email, telephone operations, mailing and shipping, and financial operations such as petty cash and payroll.
Program - Office Manager AA and COA	PSLO 1	Students will create an office procedures manual for training of administrative office staff.
Program - Optimal Aging and Older Adulthood COP	PSLO 1	Upon completion of this program, the student will be able to address several factors (e.g., physical health, mental health, exercise, nutrition, the normal aging process, etc.) affecting optimal aging and older adulthood functioning.
Program - Performance Technician COP	PSLO 1	Upon completion of this program, a student will be able to demonstrate skill mastery and proficiency in the repair, maintenance and operation of music technology equipment.
Program - Personal Fitness Trainer COA	PSLO 1	Student will describe how to implement fitness assessments and proper protocols for cardio-respiratory, muscular strength, muscular endurance, flexibility, and body composition.
Program - Pilates Instructor COA	PSLO 1	Demonstrate and teach the complete Pilates mat work choosing correct modifications, after assessing movement contraindications.
Program - Pilates Instructor COA	PSLO 2	Demonstrate and teach the complete Pilates reformer work choosing correct modifications, after assessing movement contraindications.
Program - Pilates Instructor COA	PSLO 3	Create and design a safe, complete Pilates exercise incorporating both Pilates mat and reformer exercises.
Program - Project Management COP	PSLO 1	Upon completion of this program, the student will be able to create an effective plan and schedule for a personal or business project from defined criteria, and monitor, control, and measure performance of the project.
Program - Property Management COP	PSLO 1	At the end of this program, the student will be able to interpret and explain standard property management contracts.

MiraCosta College
Program Student Learning Outcomes (PSLOs)
2016-2017

Program	PSLO	Outcome
Program - Psychology AA	PSLO 1	Develop a study on a psychological topic, which includes a literature review, forming a hypothesis, creating a research design appropriate to the hypothesis, consideration of ethical issues, choosing appropriate statistics for data analysis, and summarizing research findings, using APA Style.
Program - Psychology for Transfer AA	PSLO 1	Develop a study on a psychological topic, which includes a literature review, forming a hypothesis, creating a research design appropriate to the hypothesis, consideration of ethical issues, choosing appropriate statistics for data analysis, and summarizing research findings, using APA style.
Program - Real Estate AA and COA	PSLO 1	At the end of this program, the student will be able to interpret and analyze real estate listing and purchase contracts.
Program - Real Estate Assistant COP	PSLO 1	At the end of this program the student will be able to interpret laws related to acquiring and keeping a Real Estate license in California.
Program - Real Estate Entrepreneurship AA and COA	PSLO 1	At the end of this program, the student will be able to interpret and analyze real estate listing and purchase contracts.
Program - Real Estate Finance COP	PSLO 1	At the end of this program, the student will be able to list, compare, and contrast conventional and government loan programs.
Program - Real Estate Sales COP	PSLO 1	At the end of this program, the student will be able to apply real estate laws and regulations to documents necessary to sell a home.
Program - Registered Nursing (ADN) and (LVN-to-RN) AS	PSLO 1	Upon completion of this program the student will be able to manage and promote effective care while maintaining a safe environment by integrating nursing process, clinical reasoning and skill competency to intervene therapeutically for the health of the patient.
Program - Research and Development AA and COA	PSLO 1	Upon completion of the program, students will report that they were sufficiently developed to meet employer expectations for entry-level performance in a technical laboratory.
Program - Restaurant Management AA and COA	PSLO 1	Research a specific human resource responsibility for the hospitality industry and interview a hospitality management professional about the research findings.
Program - Restaurant Management AA and COA	PSLO 2	Create a marketing plan for a product/service in Hospitality Marketing.
Program - Restaurant Management AA and COA	PSLO 3	Develop an operational strategy for a restaurant.
Program - Retail Assistant COP	PSLO 1	At the end of this program, the student will be able to develop a customer service program to meet the goals of a specific organization.
Program - Retail Management AA and COA	PSLO 1	At the end of this program, the student will be able to evaluate a potential layout analysis for a proposed retail business.
Program - Rooms Division Management COP	PSLO 1	Upon completion of this program, a student will be able to research, compare, and prepare written documents reviewing a specific legal procedure used for hotels/motels or restaurants.
Program - Site Supervisor AA and COA	PSLO 1	Upon completion of the program, the student will be able to design, implement and evaluate effective program practices to successfully manage an early childhood center or program.
Program - Social Media for Business COA	PSLO 1	The student will be able to develop a social media marketing plan using multiple platforms to reach their audience.
Program - Sociology for Transfer AA	PSLO 1	Student will be able to explain how an individual's life chances are impacted by various social forces.
Program - Sociology for Transfer AA	PSLO 2	Student will be able to describe the role of institutions in the life chances of individuals.
Program - Sociology for Transfer AA	PSLO 3	Student will be able to deconstruct the intersections of race, class, gender, and sexuality in society.
Program - Sociology for Transfer AA	PSLO 4	Student will be able to analyze research data and communicate research findings.
Program - Studio Arts for Transfer AA	PSLO 1	Upon completion of this program, the student will be able to define and demonstrate a variety of art-making techniques and skills in both traditional and contemporary art processes and idioms.

MiraCosta College
Program Student Learning Outcomes (PSLOs)
2016-2017

Program	PSLO	Outcome
Program - Surgical Technology AA and COA	PSLO 1	Upon completion of the program the student will be able to promote and maintain a safe environment by integrating surgical asepsis and skill competency to intervene therapeutically for the health of the surgical patient.
Program - Sustainable Landscape and Turf Management AA and COA	PSLO 1	Students will be able to inventory, analyze and recommend an efficient management plan for the turf, trees, shrubs and landscape elements of a landscape.
Program - Teacher AA and COA	PSLO 1	Upon completion of the program, the student will be able to design and implement curriculum based on observation and assessment of young children to successfully manage an early childhood classroom.
Program - Theatre Arts for Transfer	PSLO 1	Upon completion of this program the student will be able to demonstrate theatrical techniques, theories and adapt production practices.
Program - Video and Animation COP	PSLO 1	Upon completion of this program, students will be able to demonstrate proficiency with video and animation production tools and techniques.
Program - Video and Media Design COA	PSLO 1	Plan, design, and produce professional-level videos, interfaces, applications or experiences that integrate media, utilize appropriate tools and techniques, and demonstrate effective communication solutions.
Program - Web Design COP	PSLO 1	Upon completion of this program, students will be able to demonstrate proficiency with web design and development tools and techniques.
Program - Web Development and Design AA and COA	PSLO 1	Plan and develop professional-level graphical user interfaces, web pages, and websites that utilize appropriate tools and techniques and demonstrate effective communication solutions.
Program - Wine and Viticulture COP	PSLO 1	Upon completion of this program, students will be able to integrate concepts and skills learned in core courses to schedule the production steps of quality wines from grape to glass.
Program - Yoga Instructor (200 Hours) COP	PSLO 1	Upon completion of this program, a student will be able to demonstrate proper technique in movement and body placement.
Program - Yoga Instructor (300 Hours) COA	PSLO 1	Upon completion of this program, a student will be able to demonstrate intelligent and safe sequences and themes for a wide population.
