Section One: Introduction

Professional Growth and Evaluation Committee Mission and Functions

The mission of the Professional Growth and Evaluation (PG&E) Committee is to promote the professional growth of faculty members and administrators and to provide for their evaluation as required in Education Code. The functions of the PG&E Committee are as follows:

- 1) Develop proposed procedures for the PG&E process;
- 2) Review and revise procedures outlined in the handbooks, based on input solicited from participants in the process;
- 3) Interpret established PG&E procedures by acting in an advisory position to those undergoing evaluations as well as to those persons administering the process.

Philosophy of Faculty Growth and Evaluation

The professional growth and professional evaluation of faculty are interrelated.¹ Thus, the Professional Growth and Evaluation Process at MiraCosta College has a dual purpose: to promote the professional growth of faculty members and to provide for their evaluation as required in Education Code. The process provides an opportunity for individuals to explore educational priorities and perspectives through self-study, feedback from constituents with whom there is regular interaction, and dialog on significant issues.

MiraCosta strives to establish a supportive environment that encourages and facilitates lasting change. This growth and evaluation process is, to the extent possible, initiated and directed by the faculty member being evaluated. The process fosters self-initiated learning, encourages creativity, and promotes teamwork.

MiraCosta's commitment to collegial governance is the basis for this process, one in which faculty and administrators share the responsibility for evaluation. The process has been designed to measure established written criteria and insures that only information related to those criteria can be considered in the process.

¹ MiraCosta College Policy No. V.A. states: "'Faculty' means those employees who are employed in positions not designated as supervisory or management...and for which minimum qualifications for hire have been specified in the regulations of the Board of Governors."

Criteria for Evaluating Tenured Faculty

MiraCosta's objective is to maintain a faculty of extraordinary people: men and women of uncommon ability, energy, enthusiasm, and commitment. We wish to retain faculty members who bring to their students, departments, divisions, and college breadth and depth of knowledge, pedagogical effectiveness, and life experiences which will enrich their disciplines and stimulate learning. Faculty, therefore, must reflect this standard of excellence in their performance of faculty duties and interaction with students and colleagues.

The following criteria delineate common areas of performance to be evaluated during the evaluation process.

1. Demonstrated skill in classroom teaching, non-instructional roles, and other responsibilities specifically listed in the employment job announcement. These may include:
 - a. Currency and depth of knowledge in the primary areas of responsibility;
 - b. Use of effective communication, written and oral;
 - c. Careful attention to effective organizational skill in the classroom or other worksite(s);
 - d. Commitment to program/discipline development and enrichment;
 - e. Creativity and innovation;
 - f. Leadership skills.
2. Respect for students' rights and needs by:
 - a. Demonstrating patience, fairness, and promptness in the evaluation and discussion of student work;
 - b. Sensitivity and responsiveness to the needs of individual students and their special circumstances, when appropriate;
 - c. Maintaining contractual obligation to teaching and worksite hours and, if appropriate, to regular and timely office hours;
 - d. Demonstrating sensitivity to human diversity;
 - e. Acknowledging and defending the free inquiry of students in the exchange of criticism and ideas;
 - f. Recognizing the opinions of others.
3. Respect for colleagues and the educational professions by:
 - a. Acknowledging and defending the free inquiry of colleagues in the exchange of criticism and ideas;
 - b. Recognizing the opinions of others;
 - c. Acknowledging sources, when appropriate;
 - d. Striving to be objective in their professional judgment of colleagues;

- e. Acting in accordance with the ethics of the profession and with a sense of personal integrity;
 - f. Working in a spirit of timely cooperation to develop and maintain a collegial atmosphere.
4. Continued professional growth, which may be demonstrated by:
- a. Increasing participation in self-initiated professional activities such as coursework, attendance at workshops, seminars, or professional meetings;
 - b. Developing new curriculum, programs, or services;
 - c. Conducting discipline, programmatic, or pedagogical research;
 - d. Contributing to written publications, artistic exhibits, or conference presentations;
 - e. Involvement in professional organizations, community partnerships, or other activities;
 - f. Service in student organizations and activities.
5. Participation in collegial governance, which may be demonstrated by...
- a. Active involvement in a fair share of committee work (e.g., governance councils, advisory committees, ad hoc committees, task forces, and standards groups);
 - b. Active involvement in department or program functioning (e.g., sub-committee work, program review, and participation in Student Learning Outcomes assessment cycles*).

*Results of Student Learning Outcomes assessments shall not be a factor in faculty evaluation.

Section Two: Process for Evaluation: 6 Year

Description of the Evaluation: 6 Year Process

The evaluation cycle for tenured faculty typically consists of an evaluation every three years, alternating between Evaluation: 6 Year and Evaluation: 3 Year . Evaluation: 3 Year is possible three years following the receipt of a “Satisfactory” recommendation in Evaluation: 6 Year or the receipt of a “Grant Tenure” recommendation in the tenure review process. The process for Evaluation: 6 Year applies to contract load only, and only information which is related to the Criteria for Evaluating Tenured Faculty may be considered in the process. The process for Evaluation: 6 Year starts in fall when the Dean of Faculty Evaluation notifies each TFM who is to participate in the process in the following spring semester. The full process is briefly outlined below. Please see the complete description of the process in this section.

- 1) In early spring, the Peer Review Committee is formed. The PRC consists of one to three tenured faculty members, the department chair, and the appropriate dean – who is a non-voting member. The TFM selects the tenured faculty peers – with at least one from the TFM’s discipline or closely-related discipline – after requesting input from the department chair.
- 2) The TFM then prepares an evaluation packet and carries it to Instructional Services, where it is made available for review.
- 3) After the PRC reviews the packet, the TFM leads the TFM/PRC meeting. After this meeting, the PRC meets without the TFM. If substantial concerns are identified by the PRC, the PRC holds a follow-up meeting with the TFM to discuss these concerns, and when appropriate, gets input from the TFM for an assistance plan or corrective action plan. The Peer Review Committee then makes one of the following recommendations before forwarding the packet to the appropriate dean:
 - ❖ Satisfactory
 - ❖ Improvement needed – assistance plan prescribed
 - ❖ Minimum standards not met – corrective action plan prescribed
 - ❖ Unsatisfactory
- 4) The appropriate dean reviews the TFM packet, and then either accepts or does not accept the PRC recommendation.
 - a) If the PRC recommendation is either “Satisfactory” or “Improvement needed – assistance plan prescribed” and if the dean accepts it, that recommendation is final. Therefore, neither PG&E nor Academic Senate Council reviews the packet. If for two consecutive full evaluations the PRC recommendation is “Improvement needed – assistance plan prescribed” and if the dean accepts it, the dean forwards the packet to PG&E for action if requested by the TFM. If for three consecutive full evaluations the PRC recommendation is “Improvement needed – assistance plan prescribed” and if the dean accepts it, the dean forwards the packet to PG&E for action.
 - b) If the PRC recommendation is either “Minimum standards not met – corrective action plan prescribed” or “Unsatisfactory” and if the dean accepts it, the dean forwards the packet to PG&E for action.

- c) If the dean does not accept the PRC recommendation, the dean forwards the packet to PG&E for action.
- 5) The Professional Growth and Evaluation Committee reviews the TFM packet in the cases identified in 4.b and 4.c above. PG&E makes one of the following recommendations:
- ❖ Satisfactory
 - ❖ Improvement needed – assistance plan prescribed
 - ❖ Minimum standards not met – corrective action plan prescribed
 - ❖ Unsatisfactory
- a) If PG&E recommendation is “Satisfactory,” “Improvement needed – assistance plan prescribed,” or “Minimum standards not met – corrective action plan prescribed,” that recommendation is final. Therefore, the ASC does not review the packet. If appropriate, PG&E directs the PRC to write and implement an assistance plan or corrective action plan.
 - b) If the PG&E recommendation is “Unsatisfactory,” the PG&E forwards the packet to the ASC for action.
- 6) The Academic Senate Council reviews the TFM packet only if the PG&E recommendation is “Unsatisfactory,” and then either accepts or does not accept the PG&E recommendation.
- a) If the ASC accepts the PG&E recommendation of “Unsatisfactory,” the ASC forwards the packet to the appropriate vice-president for administrative action.
 - b) If the ASC does not accept the PG&E recommendation of “Unsatisfactory,” the final recommendation is “Minimum standards not met – corrective action plan prescribed.” If appropriate, the ASC directs the PRC to write and implement a corrective action plan. (Before making this recommendation, the ASC must send a written rationale to PG&E and then consider the PG&E’s written response to that rationale. These documents must be attached to the ASC Report.)

Notes:

1. The recommendations of the PRC, Dean, PG&E, and ASC are recorded with summary comments on committee reports that are filed in the TFM’s packet. The TFM may attach a signed/dated statement to the PRC Report, the Dean’s recommendation, the PG&E Report, and the ASC Report before the packet is forwarded to the next level. Any PRC member may attach a signed/dated statement of reservation to the PRC Report before the packet is forwarded to the dean.
2. Recommendations other than “Satisfactory” may be made only in sequence. For example, if a TFM has received a recommendation of “Satisfactory” in the most recent evaluation cycle, the only recommendations that may be made in the current cycle are “Satisfactory” or “Improvement needed – assistance plan prescribed.” A recommendation of “Unsatisfactory” may be made only after an assistance plan and a corrective action plan have been provided to the TFM and after these forms of assistance have proven to be unsuccessful. It is up to the PRC to determine the number of assistance plans and/or corrective action plans provided to the TFM. Instructional Services retains the entire packet of any TFM who receives a recommendation other than “Satisfactory” until that TFM once again receives a “Satisfactory” evaluation.

3. If a TFM receives a final recommendation of “Minimum standards not met – corrective action plan prescribed” or “Unsatisfactory,” the PRC, the Dean, or - PG&E may direct the TFM to undergo Evaluation: 6 Year during the next academic year.

Tenured Faculty Evaluation: 6 Year Growth and Evaluation Process Timeline

Deadline*	Activity
End of the fall semester preceding spring evaluation	Dean of Faculty Evaluation notifies TFM that the TFM is scheduled to participate in this process during the following spring.
Before the beginning of Flex week of spring semester	If applicable, TFM completes Assistance Plan or Corrective Action Plan from previous evaluation cycle.
1 Week Prior to FLEX until Week 9 of the spring semester	Administration of point-of-service Student Survey of Non-Classroom Faculty. Non-classroom TFM must send copies of the Evaluation Options Report to Instructional Services one week before the first survey is distributed.
End of 1st week of spring semester	TFM selects PRC peers after requesting input from the department chair. If applicable, TFM conducts meeting with previous PRC to discuss completion of Assistance Plan or Corrective Action Plan from previous evaluation cycle.
End of 2nd week of spring semester	Department chair conducts PRC chair election and notifies TFM of results. If applicable, Assistance Plan Report of Completion or Corrective Action Plan Report of Completion from previous evaluation cycle is available in Instructional Services to TFM.
End of 3rd week of spring semester	TFM sends copy of the Evaluation Options Report to Instructional Services. TFM sends to Instructional Services any lists of the names of constituents to receive surveys. If the TFM's previous evaluation was other than Satisfactory, the PRC may initiate additional Visitations and Discussions. TRC members, PRC members, PG&E members, and Tenured Academic Senate Council members return Civil Liability, Confidentiality, and Conflict of Interest memo (with their signature) to Instructional Services. If applicable, TFM signs Assistance Plan Report of Completion or Corrective Action Plan Report of Completion from previous evaluation cycle and may attach a statement.
End of 5th week of spring semester	TFM schedules TFM/PRC meeting to be held after PRC members review packet but before end of 14 th week of the spring semester.
End of Week 9 of spring semester	Distribution and administration of student surveys and other surveys for TFMs. Any visitation and discussion, SGID, or video presentation has been completed.

End of 10 th week of spring semester	TFM receives all survey results. TFM receives all Visitation and Discussion, SGID, and Video Presentation reports. TFM receives all Individual PRC Member reports.
End of 12 th week of spring semester	TFM hand carries packet to Instructional Services.
End of 14 th week of spring semester	TFM conducts TFM/PRC meeting.
Wednesday of 15 th week of spring semester	PRC Chair conducts PRC meeting and, if applicable, follow-up meeting with TFM.
Friday of 15 th week of spring semester	Signed PRC Report (except for TFM's signature) and any PRC member's statement of reservation are available in packet to TFM. Any Assistance Plan or Corrective Action Plan is attached.
Monday of 16 th week of spring semester	TFM signs PRC Report and may attach a statement. If applicable, TFM signs Assistance Plan or Corrective Action Plan.
Tuesday of 16 th week of spring semester	Packet available in Instructional Services for dean's review.
Thursday of 16 th week of spring semester	Dean's recommendation on PRC Report available in packet to TFM.
Monday of 17 th week of spring semester	TFM signs PRC Report acknowledging dean's recommendation and may attach a statement.
Tuesday of 2 nd week of fall semester	If applicable, packet available in Instructional Services to PG&E.
Tuesday of 3 rd week of fall semester	If applicable, PG&E Report available in packet to TFM.
Thursday of 3 rd week of fall semester	If applicable, TFM signs PG&E Report and may attach a statement.
Tuesday of 4 th week of fall semester	If applicable, packet available in Instructional Services to ASC.
Wednesday of 5 th week of fall semester	If applicable, ASC Report available in packet to TFM.
Friday of 5 th week of fall semester	If applicable, TFM signs ASC Report and may attach a statement.
Monday of 6 th week of fall semester	If applicable, AS President forwards packet to appropriate vice-president.

*Steps may be completed prior to the deadlines as long as they are completed in sequential order.

Tenured Faculty Member Responsibilities

Forming a Peer Review Committee

The TFM selects tenured faculty peers after requesting input from the department chair. Details about the composition of the PRC can be found in the PRC Responsibilities section of this handbook. Any TFM who has more than one department chair selects one of the chairs and asks that chair to organize and carry out the election of the PRC Chair. The department chair then notifies the TFM of the results of the PRC Chair election.

Evaluation Options Reports

On the Evaluation Options Report, the TFM documents his or her constituent survey selections, additional evaluation options, and the names of the Peer Review Committee Chair and other member of the committee. The TFM places the original report in his or her packet and then sends a copy to Instructional Services.

Constituent Surveys

Classroom Faculty:

The TFM selects forty percent of the classroom portion of the contract load to be surveyed, including at least two separate preparations (courses), if possible. If online classes are part of the contract load, they may also be surveyed. The TFM sends to Instructional Services the email addresses of students in online classes. The TFM also selects any additional section he or she has chosen as an evaluation option.

1) Student Survey of Instruction

At the discretion of the TFM, surveys for instructional faculty may be conducted by using one or more of the following methods:

a) Student Proctor Method

The TFM designates a responsible student to conduct the survey before leaving the classroom for the entire process. The student reads the directions aloud, distributes, collects, and delivers the surveys to IS.

b) PRC Member Method

Surveys may be conducted at the conclusion of a classroom observation. The TFM departs the classroom for the entire process. The PRC member then reads the directions aloud, distributes, collects, and delivers the surveys to IS.

c) Electronic Method

If online or self-paced open-entry classes are part of the TFM's contract load, they can be surveyed. Directions for deploying these surveys will be provided by IS. Instructions will be provided on how to electronically format the list of students to be surveyed.

2) Faculty/Staff/Administrator Survey of Participation in Professional Activities

The TFM composes, after requesting input from the department chair and appropriate dean, a list of at least twenty names of faculty/staff/administrators who can assess the TFM's participation in professional activities. These faculty/staff/administrators must have regular contact with the TFM on MiraCosta committees and/or in the department/program. The TFM, following directions provided by Instructional Services, sends this list to Instructional Services. Instructional Services deploys the surveys electronically. The TFM places into his or her packet a copy of the list of constituents requested to be surveyed and the results of the survey.

Non-Classroom Faculty:

1) The TFM should seek 40 responses from the most appropriate among these surveys: Student Survey of Non-Classroom Faculty, the Faculty/Staff Survey of Non-Classroom Faculty, Student Survey of Instruction, **OR**, Individually Tailored Constituent Survey. Any TFM who has chosen additional surveys as an evaluation option should seek an additional twenty survey responses. In consultation with the appropriate Dean(s), or VP in cases where there is no Dean, the TFM completes the Evaluation Options Report: Tenured Non-Classroom Faculty. On this form, the TFM indicates which survey option(s) and, if appropriate, method(s) of survey distribution he or she will use. The TFM places the original form and any constituent list in his or her packet, sends a copy of the form and any constituent lists to Instructional Services.

a) Faculty/Staff Survey of Non-Classroom Faculty

The TFM obtains his or her Dean's pre-approval signature for the list of faculty/staff to be surveyed before forwarding it to Instructional Services. If the TFM wishes, he or she prepares, in consultation with his/her Dean(s), a cover letter to accompany the survey; otherwise, Instructional Services sends a generic cover letter. Instructional Services deploys the faculty/staff surveys electronically. The TFM places into his/her portfolio a copy of the list and, if appropriate, the cover letter(s).

b) Student Survey of Non-Classroom Faculty

i. Point-of-Service Method

TFM student surveys are administered during weeks 1-10. Before the first survey is administered, the TFM must send copies of the Evaluation Options Report to Instructional Services. Student surveys are administered and collected by a person or persons ("distributor(s)") approved by the Dean.

▪ Student Survey of Individual Contacts

All substantive student contacts during the time period agreed upon by the TFM and his/her Dean are surveyed. The TFM requests the appropriate number of surveys and preaddressed envelopes from IS. The distributor provides the student with the survey form and envelope, either immediately before or after the relevant contact, depending on local setting and circumstance. (To ensure randomness of the survey sample, TFMs must not directly refer students to the distributor.) Following the contact, the student completes the survey form, seals it in the envelope, and gives it to the distributor, who returns the completed surveys to Instructional Services.

- Student Survey of Group Contacts (e.g., workshops, orientations, presentations)

TFMs must request the appropriate number of surveys and preaddressed envelopes from IS. The distributor hands out and collects the surveys, places them in the envelope provided by Instructional Services, seals the envelope, and sends it to Instructional Services. TFMs must not administer or collect their own student surveys.

ii. U.S. Mail Method

By the end of the third week of the spring semester, the TFM sends the following to Instructional Services: 1) cover letter(s), if appropriate, and 2) either mailing labels with mailing addresses or preaddressed envelopes. The TFM obtains the pre-approval signature of his or her Dean before forwarding the list of students to Instructional Services. The Dean is responsible for ensuring the randomness of the student survey list. If the TFM wishes, he or she prepares, in consultation with his/her Dean(s), a cover letter to accompany the surveys; otherwise, Instructional Services (IS) sends a generic cover letter. The TFM places into his/her packet the original of the list and, if appropriate, the cover letter(s).

iii. Electronic Method

The TFM obtains his or her Dean's pre-approval signature for the list before forwarding it to Instructional Services. The Dean is responsible for ensuring the randomness of the student survey list. If the TFM wishes, he or she prepares, in consultation with his/her Dean(s), a cover letter to accompany the surveys; otherwise, Instructional Services (IS) sends a generic cover letter. Instructional Services deploys the student surveys electronically. The TFM places into his/her packet the original of the list and, if appropriate, the cover letter(s).

c) Student Survey of Instruction

Split-assignment TFMs use this survey for their classroom assignments and must follow the procedure outlined for classroom faculty. Other non-classroom faculty may use this survey, when appropriate, after consultation with the Dean.

d) Individually Tailored Constituent Survey

- 2) The TFM should seek at least twenty responses from the Faculty/Staff/Administrator Survey of Participation in Professional Activities. The TFM composes, after requesting input from the department chair and/or appropriate dean, a list of at least twenty names of faculty/staff/administrators who can assess the TFM's participation in professional activities. These faculty/staff/administrators must have regular contact with the TFM on MiraCosta committees and/or in the department/program. The TFM, following directions provided by Instructional Services, sends this list to Instructional Services. Instructional Services deploys the surveys electronically. The TFM places into his or her packet a copy of the list of constituents requested to be surveyed and the results of the survey.

Split-Assignment Faculty (has both classroom and non-classroom responsibilities): the TFM follows the survey procedures outlined above.

Additional Evaluation Options

Each TFM must select one of the four evaluation options listed below. If the TFM's previous evaluation was other than Satisfactory, the TFM must participate in any additional Visitations and Discussions initiated by the PRC. The TFM documents these options on the Evaluation Options Report and places a copy of this report in his or her packet.

1) Visitations and Discussions

The TFM invites one PRC member to visit one class or, in the case of a non-classroom faculty member, one selected activity. After receiving input from the PRC member, the TFM specifies a day and time for the pre-visitation, the visitation, and the post-visitation discussion. The post-visitation discussion should occur as soon as possible after the visitation.

Visitations to online classes may take place if these classes are a part of assigned contract load. The TFM shall designate the following elements of evaluation for each online class:

- ❖ one example of content instruction or information delivery (such as one lecture, an instructional animation, assignments which teach content, etc.)
- ❖ a sample of student interaction (equivalent to a week's worth of electronic discussion, or attendance at one half hour of synchronous chat session)
- ❖ the syllabus

The TFM will authorize student-level access to the visitor for the purpose of observing these elements of the class. While it is acknowledged that it would not be possible to block the visitor from access to other areas of the class, only these elements are to be assessed in order to provide equivalency with a one-hour on-site classroom visit.

During the pre-visitation discussion, the TFM informs the visitor of long-range goals as well as the specific objectives of the class/activity to be visited. If the TFM wants the visitor to participate in any way other than as an observer, he or she requests that level of participation at this time.

During the post-visitation discussion, the visitor provides oral feedback in an informal dialogue with the TFM concerning his or her observations as they relate to the Criteria for Evaluating Tenured Faculty.

The visitor returns a completed Visitation and Discussion Report to the TFM. The TFM signs the report, and responds, if he or she wishes, on the Response to Visitation and Discussion Report. The TFM includes these in the packet.

2) Small Group Diagnosis (SGD)

SGD is a five-step process involving the TFM, constituents (classroom students of a classroom TFM), and a team consisting of a facilitator and a recorder.² The TFM may contact Human Resources to locate facilitators for this option.

The first step is a conference between the TFM and the facilitator in which the facilitator explains the SGD process and schedules the procedure for one specific class or group activity.

² SGD team members do not serve as PRC members (since the SGD documents anonymous constituent feedback). The TFM must select SGD team members from the trained SGD pool.

The second step is the classroom procedure: The two-member SGD team (a facilitator and a recorder) convenes class and introduces the process to students. The TFM is asked to arrive 30-45 minutes late. Students divide themselves into groups of about five each and then select one member to act as a recorder/spokesperson. Each group discusses the three questions below. The student recorder/spokesperson writes down on worksheets all comments made in response to the three questions below. The SGD team circulates to keep the groups on task, focusing on positive suggestions rather than negative complaints.

- ❖ What class activities and teaching techniques have been most helpful to you in meeting your learning objectives in this course?
- ❖ What specific changes could the instructor make to help you more completely meet your learning objectives for this course?
- ❖ If you had a friend who was going to take this course, what advice would you give him or her about this class and instructor?

After a maximum of 15-minutes of discussion, each student recorder/spokesperson reports consensus comments from the group. The SGD recorder writes these responses on a flip chart, and the facilitator asks clarifying questions to ensure that each group is satisfied with the wording. The SGD team members later transfer the flip chart information to the SGD Team Student Comments Report.

In the third step, before the next class meeting the SGD team meets with the instructor, using the SGD Team Students Comments Report, flip charts, and student comment sheets as references to discuss student comments, instructor reaction, strategies for change, and a suggested approach for the instructor follow up review with the class. The SGD team leaves the above-mentioned materials with the instructor.

In the fourth step, during the first few minutes of the next class meeting, the instructor offers reactions to student feedback and outlines intended changes.

In the fifth step, the TFM completes the Response to the SGD Process Report and includes it in his/her packet. The TFM may dispose of or keep the flip charts and the student comment sheets.

3) Small Group Program Diagnosis (SGD)

For Faculty Directors, an SGD may be used as a means for evaluating their professional development, using a process similar to the SGD outlined above.

4) Additional Surveys

Classroom TFMs select one additional section of the contract load (twenty percent) to be surveyed. Non-classroom TFMs seek approximately twenty additional responses from constituent surveys.

5) Video Presentation

The TFM provides the PRC with a videotape of himself or herself making a classroom or other job-related presentation. (The videotape should contain views of the audience.) After the TFM and one or more committee members chosen by the TFM have viewed and discussed the tape, the committee member(s) completes the Video Presentation Report, addressing his or her observations relevant to the Criteria for Evaluating Tenured Faculty. The TFM may choose to complete the Response to Video Presentation Report.

Evaluation Packet

The TFM prepares a packet and carries it to Instructional Services. This packet includes, among other possible items, the following:

- a) A table of contents
- b) Previous evaluation reports (obtained from Instructional Services) and any attached Assistance Plans, Corrective Action Plans, and accompanying reports of completion
 - ❖ A TFM whose last final recommendation was “Satisfactory” includes the previous PRC Report.
 - ❖ A TFM whose last final recommendation was other than “Satisfactory” includes any PRC, PG&E, and ASC reports received since the last recommendation of “Satisfactory.”
 - ❖ A recently-tenured TFM includes the TRC Report and PG&E Report from the last evaluation cycle.
- c) A list of courses taught since the last Evaluation: 6 Year , and syllabi from two different current semester courses.
- d) Evaluation Options Report
- e) Results and reports of evaluations (student surveys, visitation and discussion reports, SGD and/or video presentation results)
- f) Individual PRC Member Reports and Responses.

The TFM receives any Individual PRC Member Reports from PRC members who have chosen to complete this report, describing personal observations regarding the TFM which relate to the Criteria for Evaluating Tenured Faculty. The TFM may choose to complete the Response to Individual PRC Member Report.
- g) Constituent survey results, and, if appropriate, distribution lists and any cover letters.
- h) Professional Growth Report (Use the Professional Growth Report form provided in this handbook.)
- i) Self-Study

The TFM completes a 3-5 page self-study describing how he or she has met the criteria in each of the common areas of performance to be evaluated (refer to Criteria for Evaluating Tenured Faculty). The TFM also addresses any recommendations from his or her most recent evaluation reports. In addition, the TFM assesses whether or not he or she has met the goals identified in the previous evaluation and identifies future goals, linking future goals to PDP activities whenever possible.

TFM/PRC Meeting

The TFM schedules the TFM/PRC meeting to be held after PRC members review the packet. The TFM plans and conducts this meeting. TFM is responsible for setting the agenda for this meeting and leading a discussion about the contents of the packet, including strengths and concerns, previous goals and future goals. The PRC will meet without the TFM at some time(s) following this meeting.

PRC Follow-up Meeting with TFM (only if requested by PRC)

If the PRC identifies concerns at its meeting without the TFM, the PRC holds a follow-up meeting with the TFM to discuss these concerns. The TFM may give input at this meeting regarding the development of any Assistance Plan or Corrective Action Plan.

Signing Reports

The TFM reviews and signs the PRC Report, the Dean's Recommendation, the PG&E Report, and the ASC Report, as appropriate, all of which are available in Instructional Services. The TFM may attach a signed/dated statement to these reports. The TFM also reviews and signs any Assistance Plan or Corrective Action Plan attached to the PRC Report.

Addressing Assistance Plans and Corrective Action Plans (if applicable)

The TFM carries out the terms of any Assistance Plan or Corrective Action Plan. The TFM schedules and leads a meeting with the PRC to discuss whether or not the plan was successfully completed. The reports of completion will be available to the TFM in Instructional Services. The TFM signs any reports of completion and may attach a signed/dated statement.

Peer Review Committee Responsibilities

Service

A PRC is formed whenever a TFM participates in Evaluation: 6 Year process.

Composition

- 1) Initial Composition³ (TFMs should not serve concurrently on each other's PRCs.)
 - a) Tenured faculty members (one to three, with at least one from the TFM's discipline or a closely-related discipline). The TFM selects the tenured faculty peers after requesting input from the department chair. (If an online class will be included in visitations, the TFM should consider choosing a peer or peers with some expertise or training in online teaching.) If the TFM has no tenured discipline peers at MCC, the TFM should consult with the department chair and the dean regarding the possibility of utilizing a discipline consultant. The consultant is a non-voting member of the committee.
 - b) TFM's department chair. In cases where the TFM is the department chair, the TFM has the option of either having the immediate past department chair or the dean serve as department chair in this process. TFMs who are not members of an established department have the option of having either their dean or a selected work group chair serve as department chair for this process. TFMs who choose the option of having a work group chair selected should notify the Professional Growth and Evaluation chair who will select a work group chair from the tenured faculty members selected by the TFM. TFMs who have chosen the dean to serve as the department chair in this process must select a minimum of two tenured faculty members.
 - c) Appropriate dean or designee (who is a non-voting member).
- 2) Changes in Composition
 - a) Should there be a change in the department chair, the new chairperson would be added to the committee; the former could remain on the committee as well, provided that the TFM agrees.
 - b) The TFM may replace any tenured faculty members who leave the PRC due to retirements, leaves, resignations, or removals. Tenured faculty membership on the PRC must not drop below one.

Responsibilities

- 1) Department Chair Responsibilities
 - a) Provide input to TFM on selection of PRC peers.
 - b) Organizes and carries out the election of the PRC Chair (preferably not the department chair or the dean) by PRC members and notifies the TFM of the results. The PRC Chair must be from the TFM's discipline, a closely-related discipline, or the department. (These options are listed in order of preference.)

³ In cases where the TFM has more than one dean and/or department chair, the PRC includes all deans and chairs, and the tenured faculty membership may be increased proportionately.

- c) Consults with the TFM regarding constituents to be surveyed.
- d) Serves as a member of the PRC.

2) Committee Responsibilities

- a) Elects a chair (preferably not the department chair or the dean). The PRC Chair must be from the TFM's discipline, a closely-related discipline, or the department. (These options are listed in order of preference.)
- b) Attends training regarding this process (optional).
- c) If requested by the TFM, participates in one of the following evaluation options:
 - ❖ Visitation and Discussion – Completes the visitation process (pre-visitation, visitation, and post-visitation) as arranged by the TFM. Completes the Visitation and Discussion Report and gives it to the TFM.
 - ❖ Video Presentation – Views the videotape provided by the TFM. Completes the Video Presentation Report and gives it to the TFM.
- d) If the TFM's previous evaluation was other than Satisfactory, PRC decides to initiate additional Visitations and Discussions, if appropriate.
- e) Completes any Individual PRC Member Report(s) describing personal observations regarding the TFM which are relevant to the Criteria for Evaluating Tenured Faculty. Gives this report to the TFM.
- f) Reviews the packet (should not be copied – available in Instructional Services, if need be on both campuses).
- g) Prepares for and participates in the TFM/PRC meeting, scheduled and conducted by the TFM. In order for this meeting to be held, all PRC members must be present.
- h) Meets without the TFM to discuss contents of the packet and identify particular strengths, concerns, and goals. If no substantial concerns are identified, votes on the recommendation and gives input to the PRC Chair for the PRC Report. If substantial concerns are identified, the PRC holds a follow-up meeting with the TFM to discuss these concerns and get input from the TFM for any Assistance Plan or Corrective Action Plan. The PRC then meets without the TFM to vote on the recommendation and give input to the PRC Chair for the PRC Report. Generally, all PRC members shall be present at these meetings. Under extenuating circumstances, and with the PG&E Chair and Dean of Evaluation consultation and approval, it is permissible for a member of the PRC to participate in the meeting by phone, teleconference, videoconference or other appropriate electronic means. PRC members examine and sign the PRC Report. Any member with reservations about this report may attach a signed/dated statement addressing concerns before the report is sent to Instructional Services.
- i) When appropriate, attends a PRC meeting with the TFM to develop an Assistance Plan or Corrective Action Plan as requested by PG&E or ASC.
- j) Attends a meeting scheduled by the TFM at the completion of the Assistance Plan or Corrective Action Plan. Then meets without the TFM, votes, and gives input to the PRC Chair for the Assistance Plan Report of Completion or the Corrective Action Plan Report of Completion. Examines and signs this report.

3) PRC Chair Responsibilities

- a) Keeps a chronological record of all meetings.
- b) After discussion with the TFM at the beginning of the “evaluation semester,” establishes a timeline for the evaluation of short-term classes, if appropriate. Distributes this timeline to PRC members.
- c) Schedules and leads a PRC meeting to be held after the TFM/PRC meeting has occurred. If substantial concerns are identified, convenes a PRC follow-up meeting with the TFM to discuss concerns and gather input for an assistance plan or corrective action plan, if appropriate. Then convenes a meeting without the TFM at which the PRC votes on the recommendation and gives input for the PRC Report.
- d) Completes the PRC Report. If appropriate, also attaches the Assistance Plan Report or the Corrective Action Plan Report, obtaining all signatures (except that of the TFM). Attaches any signed/dated statements of reservations about the report from PRC members. Sends the report to Instructional Services for inclusion in the packet. Forwards the packet to the appropriate dean.
- e) When appropriate, schedules and leads a PRC meeting with the TFM to develop an assistance plan or corrective action plan as requested by PG&E or ASC. Completes appropriate report. Informs Instructional Services that an Assistance Plan or Corrective Action Plan has been developed.
- f) Completes any Assistance Plan Report of Completion or Corrective Action Plan Report of Completion, obtaining all signatures (except that of the TFM). Sends this report to Instructional Services for inclusion in the packet.
- g) Receives complaints about PRC members who fail to meet their responsibilities in the process. Takes necessary action, which may include removal of members when appropriate.
- h) At the conclusion of any assistance plan, completes the Completed Assistance Plan Report and includes it in the packet.
- i) Suggests to the PG&E Chair future PDP activities of value to faculty undergoing evaluation.

Assistance Plan and Corrective Action Plan Information

Assistance Plans and Corrective Action Plans are primarily intended to give guidance to TFM's for correcting notable problems in any area of evaluation. Most plans are implemented at the discretion of the PRC. However, PG&E and ASC can direct the PRC to write and implement a plan. These plans, which are developed with input from the TFM, should identify specific problem areas, offer concrete suggestions to remedy the problem(s), and specify ways in which success will be measured. These plans should also include a timeline. If appropriate, help from resources outside the college may be sought.

A TFM must first be given the opportunity to remedy areas of concern through an assistance plan. If substantial areas of concern still exist at the completion of the assistance plan, the PRC may extend the assistance plan, write a new plan, or determine in the next Evaluation: 6 Year that a corrective action plan is appropriate. It is up to the PRC to determine the number of assistance plans and/or corrective action plans provided to the TFM. A final recommendation of "Unsatisfactory" may be made only after an assistance plan and a corrective action plan have been provided to the TFM and after these forms of assistance have proven to be unsuccessful.

Typically, Assistance Plans and Corrective Action Plans are developed and implemented in early spring. If constituent surveys are included in any plan, the TFM notifies Instructional Services within one week of signing the plan, to make arrangements for distributing the surveys. Assistance Plans and Corrective Action Plans are typically completed by the beginning of flex week of the following spring semester. The TFM schedules and leads a meeting with the PRC to discuss whether or not the terms of the plan were met. After this meeting, the PRC meets without the TFM to make its recommendation regarding the completion of the plan. The report of completion is available to the TFM in Instructional Services. The TFM signs this report and may attach a signed/dated statement. The report of completion and any attached statement are considered in the next evaluation cycle. Assistance Plans and Corrective Action Plans and any extensions of these plans must be completed before the TFM's next evaluation.

A TFM who is placed on an assistance plan is not eligible for Evaluation: 3 Year. A TFM who is placed on a corrective action plan will be directed by the PRC, the dean, or PG&E to undergo Evaluation: 6 Year during the next academic year.

Dean Responsibilities

- 1) Serves as a non-voting member of the PRC, fulfilling PRC member responsibilities.
- 2) Consults with the TFM and department chair regarding the option of hiring a discipline consultant if the TFM has no tenured discipline peers. (The consultant is not a member of the PRC and does not vote.)
- 3) Consults with the TFM regarding constituents to be surveyed.
- 4) Reviews the TFM packet and any attached statement from the TFM, and then accepts or does not accept the PRC recommendation.
 - a) If the PRC recommendation is either “Satisfactory” or “Improvement needed – assistance plan prescribed” and if the dean accepts it, that recommendation is final. If for two consecutive Evaluation: 6 Years, the PRC recommendation is “Improvement needed – assistance plan prescribed” and if the dean accepts it, the dean forwards the packet to PG&E for action if requested by the TFM. If for three consecutive Evaluation: 6 Years the PRC recommendation is “Improvement needed – assistance plan prescribed” and if the dean accepts it, the dean forwards the packet to PG&E for action.
 - b) If the PRC recommendation is either “Minimum standards not met – corrective action plan prescribed” or “Unsatisfactory” and if the dean accepts it, the dean forwards the packet to PG&E for action.
 - c) If the dean does not accept the PRC recommendation, the dean forwards the packet to PG&E for action.
- 5) Completes the dean’s recommendation section on the PRC Report.
- 6) Suggests to the PG&E Chair future PDP activities of value to faculty undergoing evaluation.

Professional Growth and Evaluation Committee (PG&E) Responsibilities

Mission and Functions

The mission of the Professional Growth and Evaluation Committee is to provide a global perspective in the tenure review process for probationary faculty and in the growth and evaluation process for tenured faculty. PG&E facilitates fairness by promoting procedural adherence.

The functions of this committee are as follows:

- 1) assure the adherence to procedural due process;
- 2) review any recommendations and accompanying portfolios and packets that come before the committee;
- 3) reach consensus when possible through discussion, giving due consideration to the recommendations of the Peer Review Committee, Tenure Review Committee, Department or Work Group, and the Dean, where appropriate;
- 4) vote and send recommendations to the Academic Senate Council;
- 5) require the development or augmentation of assistance plans and/or corrective action plans as appropriate;
- 6) act on appeals in matters related to evaluation.

Responsibilities

Committee Responsibilities

- 1) Reads the entire *Professional Growth and Evaluation Handbook*. Contacts the chairperson of Committee for clarification.
- 2) Attends a training session organized by the PG&E Chair, and the Dean of Faculty Evaluation. (Only new members are required to attend.)
- 3) Assures the adherence to procedural due process as outlined in this handbook.
- 4) Reviews TFM packets. Also reviews recommendations forwarded to PG&E, evaluating the consistency between the evaluation criteria, the data, and the conclusions. Packets are available in the Instructional Services Office.
- 5) Attends PG&E meeting(s), held in closed session in accordance with the Brown Act.
- 6) Relying primarily on the advice and judgment of the PRC members and the dean, tries to reach consensus through discussion and then votes on one of the following recommendations. PG&E members who currently sit on a PRC may otherwise participate but may not vote (Comments of PRC members must be related to the evaluation packet.). The individual votes of PG&E members are made public in accordance with the Brown Act.
 - ◆ Satisfactory
 - ◆ Improvement needed – assistance plan prescribed
 - ◆ Minimum standards not met – corrective action plan prescribed
 - ◆ Unsatisfactory

- a) If PG&E's recommendation is "Satisfactory," "Improvement needed – assistance plan prescribed," or "Minimum standards not met – corrective action plan prescribed," that recommendation is final. If appropriate, PG&E directs the PRC to write or augment an assistance plan or corrective action plan, providing substantial rationale for that plan in a Summary Comments section of PG&E's Report.
 - b) If PG&E's recommendation is "Unsatisfactory," PG&E forwards the packet to the ASC for action
- 7) Gives input to PG&E Chair for the PG&E Report.
 - 8) Considers any written rationale from the ASC regarding PG&E's recommendation of "Unsatisfactory." Provides input to the PG&E Chair for the PG&E's written response to the ASC.
 - 9) Addresses appeals from any TFM regarding Evaluation: 6 Year being required rather than Evaluation: 3 Year. Gives input to the PG&E Chair for written statement.

PG&E Chair Responsibilities

- 1) The PG&E Chair is nominated by the Academic Senate President and confirmed by the Academic Senate Council.
- 2) In conjunction with the Dean of Faculty Evaluation, provides one training session to PG&E members prior to commencement of packet reading.
- 3) Calls and keeps a chronological record of all meetings.
- 4) Coordinates with the Dean of Faculty Evaluation to arrange for a secretary to record minutes of the meeting(s). Monitors discussion to ensure that it is related to the evaluation packet. At any PG&E meeting, the PG&E Chair votes only to break a tie.
- 5) Completes each PG&E Report (with the exception of obtaining the TFM's signature and optional comments), and sends it to Instructional Services for inclusion in the packet.
- 6) Informs each PRC Chair of the recommendation regarding his or her colleague. If appropriate, the PG&E Chair, on behalf of PG&E, directs the PRC to write an Assistance Plan or a Corrective Action Plan.
- 7) Sends to Instructional Services for inclusion in the PG&E file the minutes of all PG&E meetings.
- 8) On behalf of PG&E, sends to the AS President a written response to any ASC rationales regarding PG&E recommendations of "Unsatisfactory."
- 9) Indicates PG&E's decision in response to a TFM's appeal regarding Evaluation: 6 Year being required rather than Evaluation: 3 Year. Attaches written rationale.
- 10) Receives complaints about any PRC chairs or PG&E members who fail to meet their responsibilities in the tenure review process, and takes necessary action, including removal of the PRC Chair or PG&E member(s) when appropriate.
- 11) Suggests to the PDP Chair future PDP activities of value to faculty members undergoing evaluation.

Academic Senate Council (ASC) Responsibilities

ASC Responsibilities

- 1) The ASC, as the legal representative of the faculty in academic and professional matters, has the primary responsibility of making final recommendations regarding re-employment.
- 2) When making its final recommendations, the ASC gives due consideration to the recommendations of the PRC, the dean, and PG&E.
- 3) The ASC reviews the TFM packet only if PG&E recommendation is “Unsatisfactory,” and then either accepts or does not accept PG&E recommendation. Evaluation packets are available in Instructional Services. In accordance with the Brown Act, the ASC meetings are held in a closed session, and the individual votes of ASC members are made public.
 - a) If the ASC accepts PG&E recommendation of “Unsatisfactory,” then the ASC, through the AS President, forwards the packet to the appropriate vice-president for administrative action.
 - b) If the ASC does not accept PG&E recommendation of “Unsatisfactory,” the final recommendation is “Minimum standards not met – corrective action plan prescribed.” If appropriate, the ASC, through the AS President, directs the PRC to write and implement a corrective action plan. (Before making this recommendation, the ASC, through the AS President, must send a written rationale to PG&E and then consider PG&E’s written response to that rationale. These documents must be attached to the ASC Report.)

AS President Responsibilities

- 1) Sends the ASC’s written rationale to PG&E when the ASC is considering not accepting PG&E’s recommendation of “Unsatisfactory.” Convenes the ASC to consider PG&E’s response.
- 2) Completes Academic Senate Council Report, with the exception of obtaining the TFM’s signature and optional statement. Attaches any ASC rationale and PG&E response. Sends the ASC Report to Instructional Services for inclusion in the packet.
- 3) When appropriate, as outlined in “ASC Responsibilities” above, directs the PRC to write and implement an Assistance Plan or Corrective Action Plan.
- 4) Forwards any packets with an ASC recommendation of “Unsatisfactory” to the appropriate vice-president for administrative action. In cases where the TFM has more than one vice-president, the packet is forwarded to each vice-president.
- 5) Appoints tenured faculty members to PG&E to replace those whose term of service has expired.
- 6) Designates a chairperson of PG&E, preferably a PG&E member who has already served for at least one year.
- 7) Receives complaints about the PG&E Chair and takes necessary action, including removal if necessary.
- 8) Suggests to the PG&E Chair future PDP activities of value to faculty undergoing evaluation.

Section Three: Process for Evaluation: 3 Year

Description of the Process for Evaluation: 3 Year

Evaluation: 3 Year may occur three years following the receipt of a “Satisfactory” recommendation in an Evaluation: 6 Year or the receipt of a “Grant Tenure” recommendation in the tenure review process. The process for Evaluation: 3 Year is used when there is unanimous consent of satisfactory status of the TFM by the department chair, dean, and vice president. Only information which is related to the Criteria for Evaluating Tenured Faculty can be considered in the recertification process. A TFM may choose to undergo Evaluation: 6 Year instead of Evaluation: 3 Year.

The Evaluation: 3 Year occurs in the fall semester. The Dean of Faculty Evaluation sends the Evaluation: 3 Year form to the TFM. On this form, the TFM either requests Evaluation: 3 Year or indicates his or her choice to participate in the Evaluation: 6 Year process in the following spring semester. The TFM sends this form to the department chair. In cases where the TFM is the department chair, the TFM has the option of either having the immediate past department chair or the dean serve as department chair in this process. TFMs who are not members of an established department have the option of having either their dean or a selected work group chair serve as department chair for this process. TFMs who choose the option of having a work group chair selected should notify the Professional Growth and Evaluation chair who will select a work group chair from the tenured faculty members selected by the TFM.

If the TFM has chosen to participate in the Evaluation: 6 Year professional growth and evaluation process in the following spring semester, the department chair sends the original form to Instructional Services and a copy to the TFM.

If the TFM requests Evaluation: 3 Year, then the department chair confers with the dean and vice president to determine if there is unanimous consent for Evaluation: 3 Year. If there is unanimous consent, the department chair signs the form and then sends it to the dean. The dean signs the form and then sends it to the appropriate vice president. The appropriate vice president signs the form and sends the original to Instructional Services and a copy to the TFM.

If any member of this group has substantial concerns about the appropriateness of Evaluation: 3 Year, then the department chair convenes a meeting of this group with the TFM to discuss these concerns. Following the meeting, the department chair again confers with the dean and vice president to determine if there is unanimous consent. If there is unanimous consent, the department chair signs the form and then sends it to the dean. The dean signs the form and then sends it to the appropriate vice president. The appropriate vice president signs the form and sends the original to Instructional Services and a copy to the TFM.

If there is not unanimous consent, the department chair indicates the reasons for designating Evaluation: 6 Year instead, on the form, signs the form, and then sends it to the dean. The dean signs the form and sends it to the appropriate vice president. The appropriate vice president signs the form and sends the original to Instructional Services and a copy to the TFM. Participation in the process for Evaluation: 6 Year the following spring semester is required.

If the TFM chooses to appeal the decision to use Evaluation: 6 Year to PG&E, the TFM indicates this on the Evaluation: 3 Year form, attaches a signed/dated statement, and contacts the PG&E chair. PG&E reviews the appeal, and the PG&E Chair indicates PG&E decision on the original form, attaches a signed/dated rationale, and sends a copy to the TFM. Participation in the Evaluation: 6 Year professional growth and evaluation process in the following spring semester is required if the appeal has been denied.

Evaluation: 3 Year Process Timeline

Spring Break does not count as a week on this timeline.

Deadline	Activity
End of 8 th week of Fall semester	Instructional Services sends Evaluation: 3 Year form to any eligible TFM.
End of the 9 th week of Fall semester	TFM signs form and sends to department chair.
End of 10 th week of Fall semester	If TFM has selected Evaluation: 6 Year for following spring, department chair sends original to Instructional Services and a copy to TFM.
During weeks 10 & 11 of Fall semester	If TFM has requested the process for Evaluation: 3 Year, department chair confers with dean and vice president.

If there is unanimous consent for the Evaluation: 3 Year process:

End of 11 th week of Fall semester	Department chair signs form and sends to dean; dean signs form and sends to vice president; vice president signs form and sends original to Instructional Services and a copy to TFM.
---	---

If there is not unanimous consent for the Evaluation: 3 Year process:

End of 12 th week of Fall semester	Department chair, dean, and vice president meet with TFM to discuss concerns.
End of 13 th week of Fall semester	Department chair confers with dean and vice president to determine if there is now unanimous consent for the Evaluation: 3 Year process to proceed. If there is not, department chair completes and signs form, gives reasons for choice of Evaluation: 6 Year, and sends form to dean; dean signs form and sends it to vice president; vice president signs form and sends original to Instructional Services and a copy to TFM. If Evaluation: 6 Year has been designated, TFM prepares for Evaluation: 6 Year in the upcoming spring.
End of 14 th week of the Fall semester	TFM may appeal designation of Evaluation: 6 Year to the PG&E Chair. TFM attaches a signed/dated statement to the original form in Instructional Services.
End of 16 th week of Fall semester	PG&E meets to consider appeal. PG&E Chair indicates PG&E's decision on the original form in Instructional Services, attaches a signed/dated rationale, and sends a copy to the TFM. If Evaluation: 6 Year is designated, TFM prepares for full evaluation the upcoming spring.

Section Four: Reports and Forms

Overview of Forms and Who Completes What

This page lists the reports and forms necessary to complete the Professional Growth and Evaluation Process for tenured faculty.

Report/Form	Completed by
Civil Liability, Confidentiality, and Conflict of Interest Memorandum	PRC, PG&E, and ASC members
Evaluation Options Report: Tenured Classroom Faculty	TFM (Classroom Faculty)
Evaluation Options Report: Tenured Non-Classroom Faculty	TFM (Non-classroom Faculty)
Visitation and Discussion Report	Members of the PRC, if applicable
Response to Visitation and Discussion Report	TFM, if applicable
SGD Team Student Comments Report	SGD Facilitator, if applicable
Response to SGD Report	TFM, if applicable
Video Presentation Report	Members of the PRC, if applicable
Response to Video Presentation Report	TFM, if applicable
Individual Peer Review Committee Member Report	Members of the PRC, if applicable
Response to Individual PRC Member Report	TFM, if applicable
Professional Growth Report	TFM
Peer Review Committee Report	PRC Chair and Dean
Assistance Plan Report	PRC Chair, if applicable
Assistance Plan Report of Completion	PRC Chair, if applicable
Corrective Action Plan Report	PRC Chair, if applicable
Corrective Action Plan Report of Completion	PRC Chair, if applicable
Academic Senate Council Report	AS President, if applicable
Evaluation: 3 Year-Form	TFM, Department Chair, Dean, Vice President

Section Five: Surveys

Overview of Surveys

The following surveys are used in the Professional Growth and Evaluation Process for tenured faculty:

- ◆ Student Survey of Instruction (on-ground)
- ◆ Student Survey of Instruction (online)
- ◆ Student Survey of Non-Classroom Faculty (on-ground)
- ◆ Faculty/Staff Survey of Non-Classroom Faculty (online)
- ◆ Faculty/Staff/Administrator Survey of Participation in Professional Activities (online)

Section Six: Legal and Procedural Considerations

Civil Liability

In the event that a suit is brought against any District employee as a result of participation in the Professional Growth and Evaluation process, the District will assume full responsibility for costs of legal defense and payment of damages to the extent permitted by law provided the employee acted within the course and scope of his or her District employment and in good faith without actual malice and in the apparent best interests of the District.

Confidentiality

Probationary and tenured faculty members who are being evaluated have a right to privacy. All Senate members who participate in the evaluation of others must protect this right. Breaches of confidentiality are a violation of the Senate members' own job duties and may lead to personal liability. At this time, MiraCosta does not recommend the use of electronic mail for confidential matters.

Conflict of Interest

All Senate members must "avoid conflict between professional responsibilities and personal interests," as indicated in "Collegiality, the Academic Senate, and Its Code of Ethics" (November 2002).

Due Process

In the process for Evaluation: 6 Year, complaints about PRC members who fail to meet their responsibilities in the process should be made to the PRC Chair, who will take necessary action, including removal of members when appropriate. Complaints about a PRC Chair or PG&E members who fail to meet their responsibilities in the process should be made to the PG&E Chair, who will take necessary action, including removal of the PRC Chair or PG&E members when appropriate. Complaints about the PG&E Chair who fails to meet his or her responsibilities should be sent to the Academic Senate President, who will take necessary action, including removal of the PG&E Chair when appropriate. It is PG&E's responsibility is to assure adherence to procedural due process.

In the process for Evaluation: 3 Year , complaints about participants who fail to meet their responsibilities in the process should be made to the Academic Senate President. It is the PG&E's responsibility to assure adherence to procedural due process.

Evaluation Packet Creation and Access

The TFM creates an evaluation packet according to the instructions in the Tenured Faculty Member Responsibilities section of this handbook. The TFM may not add materials to or remove materials from the packet after it has been submitted to Instructional Services. Various reports, responses to these reports, and sign-out sheets are also placed into the packet by Instructional Services staff.

TFMs' packets, which are legal documents, are kept secure. The only official evaluation packet is the one held in Instructional Services during the Professional Growth and Evaluation process. Access to evaluation packets is restricted, except for TFM's who may access and photocopy their packets during regular office hours. Members of PRCs, PG&E, and the ASC have access to packets only during those times when they are performing tasks related to their responsibilities as listed in this handbook. The Dean of Faculty Evaluation makes any decisions regarding the access of the members of these reviewing groups. The administration and the Board may access evaluation packets as appropriate.

Exceptions

Adhering to the timelines that are presented in this handbook is essential to a fair, professional, and objectively administered process. To provide needed flexibility in the event of unusual or unforeseen circumstances or the development of an assistance plan, the PRC Chair, after conferring with the TFM, shall submit a written request to change the timeline schedule along with the TFM's comments to the appropriate vice president outlining the reasons and conditions for the request. The appropriate vice president or designee shall respond to the chair's request, whenever possible, within two working days, stating reasons for either granting or denying the request. A copy of this written response shall be delivered to the TFM.

Under extraordinary circumstances, the Dean of Faculty Evaluation may revise the approved timelines in this handbook after notification of and agreement from the PG&E Chair and the AS President. Upon this agreement, members of the Academic Senate will be notified.

Maintaining the overall evaluation-cycle schedule for evaluating tenured faculty members is the responsibility of the Dean of Faculty Evaluation. This dean may make exceptions to this schedule to accommodate special circumstances, such as medical emergencies, and family leaves.

Minor exceptions to the implementation of the Professional Growth and Evaluation Process may be granted with the agreement of the Academic Senate President (or the PG&E Chair if designated by the Academic Senate President), the Dean of Faculty Evaluation, and the PG&E Chair, and the approval of the Vice President of Instruction. Previously granted exceptions do not set precedence for future decisions. Under extraordinary circumstances, video conferencing can be authorized for meetings. Any approved exception must be documented in the evaluation packet by the Dean of Faculty Evaluation.

Failure to Complete the Evaluation: 6 Year Process

In the absence of extenuating circumstances, any TFM who fails to complete the Evaluation: 6 Year process within the prescribed spring timeline must in the fall of the next academic year begin the process again. Failure to complete the entire process within that contract year will result in the TFM's salary being frozen at the existing salary step until such time as the evaluation process has been successfully completed. (No retroactive increase will be granted.)

Resource Person

Any persons with questions about this process should address them to the chairperson of the Professional Growth and Evaluation Committee.

Responsibilities for Meeting Timelines

Responsibilities for meeting timelines and keeping appropriate records are assigned to specific individuals who are ultimately responsible for meeting these responsibilities. The appropriate vice president or designee in consultation with the PRC Chair will encourage the meeting of all timelines and keeping of appropriate records.

Revisions of This Handbook

The *Tenured Faculty Professional Growth and Evaluation Handbook* is reviewed annually and, when appropriate, revised by the Professional Growth and Evaluation Committee.

Section Seven: Relevant Education Code Sections

Relevant Education Code Sections

§ 87663(Not all of the subpoints below apply to tenured faculty.)

Contract employees shall be evaluated at least once in each academic year. Regular employees shall be evaluated at least once in every three academic years. Temporary employees shall be evaluated within the first year of employment. Thereafter, evaluation shall be at least once every six regular semesters, or once every nine regular quarters, as applicable.

- (a) Whenever an evaluation is required of a certificated employee by a community college district, the evaluation shall be conducted in accordance with the standards and procedures established by the rules and regulations of the governing board of the employing district.
- (b) Evaluations shall include, but not be limited to, a peer review process.
- (c) The peer review process shall be on a departmental or divisional basis, and shall address the forthcoming demographics of California, and the principles of affirmative action. The process shall require that the peers reviewing are both representative of the diversity of California and sensitive to affirmative action concerns, all without compromising quality and excellence in teaching.
- (d) The Legislature recognizes that faculty evaluation procedures may be negotiated as part of the collective bargaining process.
- (e) In those districts where faculty evaluation procedures are collectively bargained, the faculty's exclusive representative shall consult with the academic senate prior to engaging in collective bargaining regarding those procedures.
- (f) It is the intent of the Legislature that faculty evaluation include, to the extent practicable, student evaluation.
- (g) A probationary faculty member shall be accorded the right to be evaluated under clear, fair, and equitable evaluation procedures locally defined through the collective bargaining process where the faculty has chosen to elect an exclusive representative. Those procedures shall ensure good-faith treatment of the probationary faculty member without according him or her de facto tenure rights.

§ 87732

No regular employee or academic employee shall be dismissed except for one or more of the following causes:

- (a) Immoral or unprofessional conduct.
- (b) Dishonesty.
- (c) Unsatisfactory performance.
- (d) Evident unfitness for service.
- (e) Physical or mental condition that makes him or her unfit to instruct or associate with students.
- (f) Persistent violation of, or refusal to obey, the school laws of the state or reasonable regulations prescribed for the government of the community colleges by the board of governors or by the governing board of the community college district employing him or her.
- (g) Conviction of a felony or of any crime involving moral turpitude.
- (h) Conduct specified in Section 1028 of the Government Code.

§87740

- (a) No later than March 15 and before an employee is given notice by the governing board that his or her services will not be required for the ensuing year, the governing board and the employee shall be given written notice by the superintendent of the district or his or her designee, or in the case of a district which has no superintendent by the clerk or secretary of the governing board, that it has been recommended that the notice be given to the employee, and stating the reasons therefore.

Section Eight: Relevant MiraCosta College Board Policy

Relevant MiraCosta College Board Policy

BOARD OF TRUSTEES Policy No. V.F

CHAPTER: Personnel – Faculty and Administrators

Professional Growth/Evaluation/Tenure

2. Evaluation

The primary objective of the Professional Growth and Evaluation Procedures is to improve the quality of faculty and administrative performance at MiraCosta College. The need to re examine educational priorities and perspectives through self-study, feedback, and dialogue among colleagues on significant issues is continual. This interchange of ideas fosters further growth and understanding among professionals who, of course, have divergent perceptions of the proper function of education.

Standards of performance for faculty and administrative personnel are inherent in the procedures for evaluation. They are expected to perform satisfactorily in all categories of the evaluation process, as well as to maintain and advance the best interests of the community college. By so doing, they will ensure the highest level of performance in conformance to current state statutes.

a. Responsibility for Evaluation

The Office of Instructional Services shall coordinate the administration of student evaluations for teaching faculty as well as monitor the other activities outlined in the manual, Professional Growth and Evaluation Procedures (available in the District administrative Offices, Instructional Services, in the faculty handbook or from each faculty secretary).

Evaluation of instruction is the responsibility of the Vice President. He/she or an administrative designee will collaborate on the process with the department chairperson, appropriate dean or director, and members of the department.

Evaluation of non-classroom certificated personnel (librarians, counselors, etc.) is the responsibility of the appropriate vice president or administrative designee in coordination with colleagues and students as designated by the booklet titled Professional Growth and Evaluation Procedures.

Evaluation of the vice presidents is the responsibility of the Superintendent/President. Evaluation of the Superintendent/President is the responsibility of the Board of Trustees.

b. Evaluation Guidelines

The following guidelines shall be used in the evaluation of faculty:

- They will be notified of performance that is unsatisfactory or needs improvement. The evaluation shall enumerate the problem area or areas with specific suggestions for improved performance, and the certificated employee shall be allowed sufficient time to achieve satisfactory performance.
- The Superintendent/President shall work continually with the staff to improve evaluation procedures that provide an environment which fosters academic excellence, creativity, due process, improvement, and time to correct deficiencies.

c. Uses of Evaluation of Certificated Employees

Evaluations may be used to encourage the following:

- improving expertise in subject matter or area of responsibility
- enhancing instructional techniques
- fostering participation in college governance
- developing professional linkages

The report will assess the employee's contribution to his/her area of responsibility as well as to the areas of campus and community service. Results of the evaluation process may include the use of any of the following:

- basis for commendation
- basis for re-employment or promotion
- basis for an improvement contract
- basis for recommendation to terminate employment
- basis for recommendation to approve sabbatical leave

d. Evaluation Report

The Superintendent/President shall require the appropriate vice president to file an evaluation report to be placed in the employee's personnel file with the following schedule:

- Contract employees: at least once every academic year.
- Regular employees: At least once every three academic years.
- Hourly employees: Per MiraCosta College Academic Associate Faculty CCA/CTA/NEA contract.

The evaluatee may initiate a written response or reaction to be filed with evaluation.
