Professional Development is more than just a Flex obligation!

"Reconsider what professional development can mean for you and your colleagues as we work together to create what college looks like for students post-pandemic."

Associate Faculty ~ Deadline to Report Professional Development/Flex Hours for the the Fall 2022 semester is Thursday, November 10, 2022 (by midnight) - this is one day early due to the Veterans Day holiday

You may include hours for activities you participated in starting July 1, 2022 and can also include anticipated activities through the end of the semester, December 16, 2022.

Carryover hours from the Fall to the Spring Semester (only)

If you teach in the Fall semester and have more hours than you needed to meet your Flex obligation, you may carryover those hours to the next Spring semester in that same academic year.

Please read and follow the [step-by-step instructions for carrying over hours](#), very carefully.

- PDP is the acronym for the **Professional Development Program** at MiraCosta College: an effort to provide faculty with a comprehensive and systematic program of activities and resources designed to foster staff, student, and/or instructional improvement.

- The PDP Committee develops the local policies and procedures pursuant to our participation in the state's Flexible Calendar Program, a privilege afforded to community colleges whereby instructional time can be replaced by "flex" time on the academic calendar. Thus, PDP-sponsored activities are sometimes referred to as "flex" activities or activities done for "flex" credit.
- The program also sponsors workshops during flex week and throughout each semester, develops the flex calendar, maintains a library of resources and equipment for faculty use, offers funds to support travel to and participation in professional development activities, assists faculty with maintaining their flex transcripts, and provides access to other relevant resources!
