RE: Resource Request Funding Recommendations for the Fiscal Year 2022-23 Budget

The Budget and Planning Committee (BPC) has completed its process of reviewing and prioritizing resource requests submitted for Fiscal Year 2022-23. As part of this process, the BPC Budget subcommittee reviews revenue and expense projections so they have an understanding of the college's projected financial position when evaluating resource allocation recommendations. The Budget subcommittee had an initial review of revenues and expenditures, with a projected allocation amount of \$750,000. The budget remains dynamic and subsequent projections involving FTES and tuition revenue have continued to decline.

The BPC Budget subcommittee analyzed the 2022-23 estimated property tax revenue projection growth of 4.5% or \$5.5 million. The district has seen a significant decrease in FTES this past year, which will have a detrimental impact on revenue as CARES funds are expended and there is no additional funding to backfill these losses. Therefore, total revenue increases are expected to be approximately 1.5% or \$2.16 million.

The college will experience projected changes of unrestricted general fund expenditures totaling an estimated \$3.38 million overall increase:

- Faculty Step and Column + \$600K
- Faculty COLA + \$1M
- 3 Faculty Growth Positions (w/health benefits) + \$369K
- Associate Faculty Savings \$180K
- Classified Step and Column + \$372K
- Classified COLA + \$620K
- Health Benefit Cost Increase + \$778M
- STRS/PERS + \$2.35M
- Other Benefits + \$45K
- Supplies Inflation/POCO + \$120K
- Services Inflation/POCO + \$760K
- PO Carry Over (POCO) + \$1M
- Guided Pathways + \$2.55M
- General Fund transfer to Fund 41 \$7M

The BPC Budget subcommittee recommends that \$797,500 in ongoing and one-time funds be allocated to fund resource allocation requests to meet some of the college's critical needs. Based on all these

factors and to provide the district with general fund flexibility, the BPC Budget subcommittee recommends funding the resource allocation requests listed in the table below.

Category	Funding	Req. #	Program/ Unit	Position/Request Title	Divis ion	COST	One- Time/ Ongoing

Eleven (11) additional requests totaling \$1.23M were removed from BPC ranking consideration and are recommended to be funded or have been funded outside of the Resource Allocation process using the restricted or departmental funding sources noted below.

An analysis on the impact of the BPC recommendations includes considerations for complying with the "50% Law." Given faculty hires and other 50% law qualifying and non-qualifying recommended expenditures for 2022-23, the following table summarizes the 50% law expenditures for the recommended resource allocation requests and requests funded outside of the resource allocation process:

				50%	50% Non-	Excluded		Restricted	
RESOURCE CATEGORY	GF On-Going	GF One-Time	Total GF	Qualifying	Qualifying	from 50%	Total GF	(Bond/Other)	TOTAL ALL

BPC approved the final recommendation from the Budget subcommittee on May 6, 2022. These recommendations are based on current budget estimates and the committee is aware that changes to final budget numbers, including increased deficit spending and consideration for 50% Law implications, could impact the ability to fund all items. BPC has determined that the recommended resource requests driven by program review plans are consistent with the mission and goals of the college in support of student learning, student success, and college resources are sufficient to fund the resource allocation requests. A copy of the full resource document can be found in the BPC portal site Committees > College Committees > Budget and Planning Committee (BPC) in the Resource Allocation folder.

We want to thank all BPC members for their time and effort reviewing and prioritizing all of the resource requests. This was a difficult process as there were so many innovative and critically needed proposals submitted with limited resources to be able to allocate.

Thank you,

Joe Salamon and Tim Flood BPC Co-Chairs
