Definitions

A. **Enrollment**: Course enrollment occurs when a student receives an evaluative (A, B, C, D, F, P, NP) or non-evaluative (I, IP, RD, W, EW, MW) symbol for a course. Enrollments include any combination of withdrawals and repetition. A student may withdraw and receive a “W” symbol on their record for enrollment in the same course no more than three times (see Administrative Procedure 5075–Withdrawals). A grade of EW will not be counted toward the permitted number of withdrawals or counted as an enrollment attempt.

B. **Repetition**: Course repetition occurs when a student who has previously received an evaluative symbol in a particular course re-enrolls in that course and receives another evaluative symbol.

C. **Courses Related in Content (CRC)**: Active participatory courses that share a similar primary educational objective in kinesiology, visual arts, and performing arts are grouped together. Students are allowed four enrollments within each group of courses related in content (CRC), but each course in the group may be taken only once unless its catalog description indicates it is repeatable. This limitation applies even if a student receives a substandard grade during one or more of the enrollments in such a course or petitions for repetition due to extenuating circumstances.

In specific cases in which the CSU/UC major preparation unit requirement can be attained only by enrolling more than four times in courses related in content, students are permitted the number of enrollments necessary to reach the unit requirement. When this exemption is invoked, the excess enrollments are not recorded for apportionment.

Allowable Repetition

MiraCosta College, in accordance with Title 5, allows repetition to occur only under the following circumstances.

A. **Course Has Been Designated as Repeatable (per Title 5 sections 55000, 55040, 55041)**. Credit courses are not allowed multiple enrollments unless they meet one of the following exceptions:
1. If a UC or CSU campus requires a specific unit amount for a major preparation course, the course can be repeated by any student to meet that unit requirement.

2. Intercollegiate athletics courses may be repeated up to three times. An intercollegiate athletics course is a course in which a student athlete is enrolled to participate in an organized competitive sport sponsored by the district or a conditioning course that supports the organized competitive sport.

3. Intercollegiate academic or vocational competition courses may be repeated up to three times. Such courses must be necessary for participation in nonathletic competitive events between students from different colleges that are sanctioned by a formal collegiate or industry governing body. Participation in the event must be directly related to course content and objectives.

When a course is repeated under the repeatable course provision, the grade received each time shall be included for purposes of calculating the student’s grade-point average.

B. Repetition to Meet a Legally Mandated Training Requirement (per Title 5 sections 55000, 55040(b)(8)). A legally mandated training course is a course that is required by statute or regulation as a condition of paid or volunteer employment. A student may repeat a course to meet a legally mandated training requirement for credit any number of times; however, the student must provide the Admissions and Records Office with certification or documentation of the mandated training each time.

When a course is repeated to meet a legally mandated training requirement, the grade received each time shall be included for purposes of calculating the student’s grade-point average.

C. Repetition Due to a Significant Change in Industry or Licensure Standards (per Title 5 section 55040(b)(9)). A student may petition the Committee on Exceptions to repeat a course as a result of a significant change in industry or licensure standards such that repetition of the course is necessary for employment or licensure. Such courses may be repeated for credit any number of times.

When a course is repeated due to a significant change in industry or licensure standards, the grade received each time shall be included for purposes of calculating the student’s grade-point average.

D. Repetition to Alleviate Substandard Coursework (per Title 5 section 55042). A student may repeat a nonrepeatable course in which they earned a substandard grade (less than C and including NP) at MiraCosta College or at any other accredited college or university.

1. If the student receives a satisfactory grade after repeating the course once, they may not repeat the course a second time under the repetition to alleviate substandard coursework provision.
2. If the student repeats the course and receives another substandard grade, they may repeat the course one additional time.

3. If upon the second repetition the student receives another substandard grade, they may not repeat the course a third time under the repetition to alleviate substandard coursework provision except by petition to the Committee on Exceptions.

Upon each repetition of a course to alleviate substandard coursework, the most recent evaluative grade earned will be computed in the student’s cumulative grade-point average and annotated on the student’s permanent academic record.

A student may alleviate up to two substandard grades for repetition of a repeatable course provided that no additional enrollments are permitted beyond the four enrollment maximum established for repeatable courses.

In determining transfer of a student’s credits, MiraCosta College will honor similar, prior course repetition actions by other accredited colleges and universities.

E. Repetition Due to Significant Lapse of Time (per Title 5 section 55043). A student may petition to the Committee on Exceptions to repeat a course in which they earned a satisfactory grade if it has been at least 36 months since the student took the course and one of the following:

1. The district has established a recency prerequisite for a course or program.

2. An institution of higher education to which the student seeks to transfer has established a recency requirement that the student will not be able to satisfy without repeating the course. Pursuant to petition, the student may be allowed to repeat a course where less than 36 months have elapsed if the student documents the repetition is necessary for his or her transfer to the institution of higher education.

When a student has exhausted the number of permitted repetitions in a repeatable course or enrollments within a family of courses, they may repeat each course only once due to significant lapse of time.

The student must submit a petition to the Committee on Exceptions with supporting documentation as appropriate when petitioning for repetition due to significant lapse of time. Grades awarded for courses repeated under the repetition due to significant lapse of time provision will not be counted in calculating a student’s grade-point average.

F. Repetition Due to Extenuating, Emergency, or Extraordinary Circumstances (per Title 5 section 55045). A student may petition to the Committee on Exceptions to repeat a course based on a finding that the student’s previous grade (whether substandard or passing) is, at least in part, the result of extenuating, emergency, or extraordinary circumstances. An emergency or extraordinary condition is an event that prevents the district from maintaining instruction for at least 175 days during a fiscal year (per Title 5 section 58146, subdivision (b)). Extenuating circumstances are verified cases of accidents,
illness, or other circumstances beyond the student’s control. The student must provide the Committee on Exceptions with supporting documentation as appropriate when petitioning for repetition due to extenuating, emergency, or extraordinary circumstances.

When course repetition is approved under this provision, the student's previous grade will be disregarded in computing the student’s grade-point average.

G. **Enrollment in Cooperative Work Experience Education (per Title 5 sections 55253 and section 55040(c)(6))**. Students may enroll in work experience education any number of times so long as the student does not exceed 16 units in any combination of cooperative work experience (general or occupational) and/or internship studies subject to the following limitations:

1. General Work Experience/Internships: A maximum of six units may be earned during one enrollment period (semester or summer session).

2. Internship studies: A maximum of three units may be earned during one enrollment period (semester or summer session).

3. Occupational Work Experience: A maximum of eight units may be earned during one enrollment period (semester or summer session). A student may repeat an experiential education course any number of times so long as the student does not exceed 16 units. When a student repeats a cooperative work experience education or internship studies course, the grade received each time shall be included for purposes of calculating the student's grade-point average.

H. **Repetition of Special Classes for Students with Disabilities (per Title 5, sections 55040(c)(7), 56029, 58161(c)(2))**. A student may repeat a special class for students with disabilities any number of times based on an individualized determination that such repetition is required as a disability-related accommodation for that particular student for one of the following reasons:

1. The student’s continuing success in other general and/or special classes is dependent on additional repetitions of a specific special class.

2. The student needs additional repetitions of a specific special class as preparation for enrollment into other regular or special classes.

3. The student has an educational contract that involves a goal other than completion of the special class in question and repetition of the course will further achievement of that goal.

The district policy may allow the previous grade and credit to be disregarded in computing the student’s grade-point average each time the course is repeated. In such a case, the student will be referred to Admissions and Records to file a petition with the Committee on Exceptions.
