

The MiraCosta Community College District is committed to providing a safe and healthy learning and working environment. The district shall establish administrative procedures necessary to assure cooperation with local public health officials in measures necessary for the prevention and control of communicable diseases.

The novel coronavirus and the disease it causes, COVID-19, is a global pandemic and has resulted in widespread severe illness and death worldwide, in the United States, and in California.

In furtherance of this commitment to a safe environment, the district shall also establish administrative procedures regarding COVID-19 vaccination to mitigate the risks surrounding exposure to COVID-19. These administrative procedures will require that all students who are on district premises have received the full COVID-19 vaccine.

See Administrative Procedure 5210.
