

Eligible retirees and their spouses may enroll within thirty days of losing active employee coverage. If an eligible retiree and/or spouse do not enroll in the health or dental care plans during this initial enrollment period or drop coverage after their initial enrollment, the district is not obligated to offer another opportunity to enroll; however, if an eligible retiree and/or their spouse lose other coverage and can provide documentation of that loss, they may be allowed to enroll in the health or dental plan if they do so within thirty-one days of losing their other coverage.
